**PLAINTIFF'S ANSWERS TO
INTERROGATORIES PROPOUNDED
BY DEFENDANT ALLIED AVIATION
SERVICES, INC.**

1. On January 21, 2008, I was employed as a baggage handler for Jet Blue Airways and working John F. Kennedy International Airport in Queens, New York. I was loading baggage into a Jet Blue airliner at the loading area of Zone 1, covering Gates 1 through 7 Zone. The time was approximately 6:50 a.m. and the weather was dry.

I was positioned on the right side of the belt loader when a United Air Lines airliner powered into the gate loading area causing a baggage cart and Allied fueling stairs to rapidly move across the area. I was struck by the fueler stairs that were owned and operated by Allied Aviation Services, Inc. I noticed that the Allied stairs were not in the locked position. I sustained injuries to both shoulders, both knees, my right wrist and my neck and back.

DIRECT EXAMINATION BY MR. GORMLEY:

Q Good morning, Mr. Gatto.

A Good morning.

Q My name is Kenneth Gormley. I'm an attorney with the firm of Locke Lord Bissell. I represent Allied Aviation in a lawsuit that you've brought in the District Court in New Jersey. We're here for your deposition today.

If at any time you don't hear my question, understand my question or would like me to rephrase my question, please let me know. I do not want you to answer any question you don't understand or that you don't hear.

Page 6

1 I'd ask that you keep all of your
2 responses verbal. In other words, the court
3 reporter who's sitting to my left, to your right
4 cannot take down the nod of a head or an uh-huh.
5 If you could answer yes or no if the question
6 requires a yes or no answer as opposed to shaking
7 your head, I'd appreciate it.

8 If at any time you need to consult with
9 your counsel, that would be fine, but you need to
10 first answer any pending questions. So if I ask a
11 question, you got to answer it before you speak
12 with your counsel.

13 If at any time you need a break, just
14 let me know, as well.

15 Do you understand these instructions?

16 A Yes.

17 Q Okay. Have you ever been deposed
18 before?

19 A No.

20 Q Where do you currently reside?

21 A In Brooklyn, New York.

22 Q And what address?

23 A 291 Sixth Street.

24 Q Is that an apartment, a private home or
25 something else?

Page 7

1 A It's a private home.

2 Q And with whom do you currently reside?

3 A My father and his wife.

4 Q And how long have you lived at 291
5 Sixth Street?

6 A Approximately eight months now.

7 Q And where did you reside prior to that?

8 A New Jersey. 1008 Green Hollow Drive.

9 Q And where is that located?

10 A Iselin, New Jersey.

11 Q And the zip?

12 A 08830.

13 Q And for what period of time did you
14 live at that location at 1008 Green Hollow Drive?

15 A Approximately four-plus years.

16 Q Is that a private home --

17 A I'm sorry, it would be longer than
18 that. It's five-plus years.

19 Q Okay.

20 And was that a private home?

21 A No.

22 Q Was it an apartment?

23 A Condo.

24 Q Did you own or rent that condo?

25 A Owned.

Page 8

1 Q And the location 291 Sixth Street where
2 you're currently living, is that your home? I mean
3 in terms of do you own that property?

4 A No.

5 Q Who owns that property?

6 A My father, Anthony.

7 Q And were you the sole owner of 1008
8 Green Hollow Drive?

9 A No, sir.

10 Q Who else owned that property with you?

11 A Jeanette Breton, B-r-e-t-o-n.

12 Q Are you currently married?

13 A Yes.

14 Q And does your wife reside at 291 Sixth
15 Street with you?

16 A No.

17 Q Does she reside at 1008 Green Hollow
18 Drive?

19 A No.

20 Q Where does she reside at present?

21 A I believe it's 70B Taylor Road.

22 Q And where is that located?

23 A I think it's in East Brunswick. I'm
24 not a hundred percent sure.

25 Q Are you separated?

Page 9

1 A Yes, sir.

2 Q Do you have any children?

3 A Yes.

4 Q How many children do you have?

5 A One.

6 Q How old?

7 A Five.

8 Q Boy or girl?

9 A Boy.

10 Q Name?

11 A Frank, Junior, Gatto.

12 Q Is it Frank Gatto, Jr., or is Junior
13 his middle name?

14 A No, it's Frank Gatto, Jr.

15 Q Just wanted to make sure. Thank you.
16 Are you currently employed?

17 A No, sir.

18 Q When was the last time you were
19 employed?

20 A I believe it was July 14th, three years
21 ago.

22 Q 2008?

23 A Yes.

24 Q By whom were you employed at that time?

25 A Jet Blue Airways.

Page 10

1 Q The last time you were employed by Jet
2 Blue Airways what position did you hold?

3 A Supervisor of Ground Operations.

4 Q And for what period of time did you
5 hold that position?

6 A I was a supervisor for approximately
7 three years.

8 Q When did you first commence employment
9 with Jet Blue Airways?

10 A I believe the date is -- I'm not a
11 hundred percent sure. It could be March of '01.

12 Q Okay.

13 At times during the course of the
14 deposition I'm going to ask you to -- for times,
15 dates, distances, locations, and, obviously, if
16 you're approximating, that's perfectly fine. I'm
17 not here to test you.

18 A Okay.

19 Q I'm not here to try and deceive you in
20 any way. I just want, if you give an approximation
21 just let us know that you're giving your best
22 approximation. I don't expect that you'll remember
23 exact times of certain things.

24 A Okay.

25 Q So just so you know, I'm not here to

Page 12

1 Operations.

2 Pretty much it's like a step up. You
3 kind of coordinate bags and start coordinating
4 flights, schedule flights to come in and depart
5 out. And also you still have the same duties as a
6 regular baggage handler, as well. It's just an
7 additional duty.

8 Q Would you supervise other baggage
9 handlers in that position as a lead agent?

10 A Yes.

11 Q Now, when you started at Jet Blue in or
12 about March of 2001 where was that located?

13 A J.F.K. International Airport, and we
14 were located at Terminal 6.

15 Q And during, just so we're clear, during
16 the course of your entire employment with Jet Blue
17 from March of '01 through on or about July 14, 2008
18 did you always work at Terminal 6 at J.F.K.?

19 A No, I didn't. I had multiple
20 promotions at the job. Some entitled me to fly out
21 to other cities and stations to assist and train
22 other members of the company.

23 Q Okay.

24 Were you based -- let me ask it a
25 different way, and I understand your answer. I

Page 11

1 grill you on the exact date.

2 A Okay. That's fine.

3 Q When you began working for Jet Blue in
4 March of 2001 what position did you start with?

5 A Baggage handler.

6 Q And what were your duties and
7 responsibilities as a baggage handler?

8 A Loading and off-loading aircrafts.
9 Also, loading baggage carts in the bag room, pretty
10 much pulling bags off the carousels and loading
11 them to go outside to the aircraft.

12 Q And for what period of time did you
13 hold the position as baggage handler?

14 A I believe two years, maybe less.

15 Q And during the time that you were
16 baggage handler did your duties and
17 responsibilities generally remain the same?

18 A Yes.

19 Q And after working as a baggage handler
20 what position did you hold next with Jet Blue?

21 A I was promoted to lead.

22 Q Is that a lead baggage handler or a
23 lead something else?

24 A They just called it a lead agent. It
25 was still in the same department. It was Ground

Page 13

1 appreciate it.

2 A Um-hum.

3 Q Were you based at Terminal 6, though?

4 A Yes.

5 Q And that was during the entire course
6 of your employment.

7 A Yes. That was my home.

8 Q One other instruction I failed to give
9 earlier is occasionally I'm going to ask you a
10 question that you're going to already know the
11 answer to after I get out two or three words.

12 If you could let me finish my question
13 before you answer and I'll do my best not to start
14 asking you a question while you're answering one.
15 It makes it easier for the court reporter. It
16 keeps a cleaner record and you'll also know exactly
17 what I'm asking for because sometimes as I ask a
18 question you may think it's one thing and it turns
19 out to be another and we don't want you to give an
20 incorrect answer. Okay?

21 A Okay.

22 Q What period of time did you hold the
23 position of lead agent?

24 A Approximately, I think it was just
25 maybe about two years or less.

Page 14

1 Q So approximately up until about 2005.
2 Is that fair?

3 A In that range, I would say.

4 Q And did you receive another promotion
5 in or about 2005?

6 A Yes.

7 Q And what position did you take on in
8 2005?

9 A It was called Blue Corp. Yeah, Blue
10 Corp.

11 Q Okay.

12 And what were the duties? Was that the
13 title, Blue Corp.?

14 A There was no actual title for that
15 position. It was a test run for approximately, I
16 think it lasted about a year-and-a-half to two
17 years. I wasn't working in that position for that
18 long. I was there just under a year.

19 Q And what did you do as part of Blue
20 Corp.?

21 A You would actually attend classes,
22 train other members in other cities, load and
23 off-load aircraft, supervise other agents, cover
24 other members in the other city, in the other
25 cities, from their duties. Also, customer service,

Page 15

1 like ticket agent. And also that included training
2 other members in safety.

3 MR. MORYAN: May I hear the answer
4 again, please?

5 (The answer is read by the reporter as
6 follows:

7 "Answer: You would actually attend
8 classes, train other members in other cities,
9 load and off-load aircraft, supervise other
10 agents, cover other members in the other city,
11 in the other cities, from their duties. Also,
12 customer service, like ticket agent. And also
13 that included training other members in
14 safety.")

15 Q What -- the classes that you would
16 attend when you were part of Blue Corp., what did
17 those classes involve?

18 A That would be customer service, ticket
19 agenting and working the computers in the system,
20 checking in passengers and shifting passengers,
21 accommodating them, basically.

22 Q Let me back up for a second.

23 Blue Corp., what was -- well, could you
24 describe what Blue Corp. is or was?

25 A Basically it was a jack-of-all-trades.

Page 16

1 You had to know all the aspects of the airline.

2 Whatever they needed you to do, you had to know it.

3 Q And were you selected as one of several
4 people to participate in Blue Corp. or were you the
5 one person that participated?

6 A I was one out of a strong dozen.

7 Q And did anyone from Jet Blue advise you
8 as to what you would be doing after you completed
9 Blue Corp. or the training, the classes, the
10 supervision, et cetera?

11 A No. No, sir.

12 Q So you took classes, you indicated, in
13 customer service, checking in passengers. Did you
14 take any classes with respect to baggage handling
15 as part of Blue Corp.?

16 A Not as part of Blue Corp., no.

17 Q Did you have training as a baggage
18 handler before becoming part of Blue Corp.?

19 A Yes.

20 Q And what did that training consist of?

21 A Properly loading and off-loading
22 baggage, weights of baggage.

23 Q Anything else?

24 A Pretty much that was it. They would
25 teach you the codes on the tickets, like LAX and

Page 17

1 PBI would be West Palm Beach, things like that.

2 Q Did you receive any training with
3 respect to the operation of baggage tugs or other
4 types of equipment to move baggage?

5 A Yes. Yes.

6 Q Other than the training that you
7 received from Jet Blue with respect to your duties
8 and responsibilities as a baggage handler did you
9 receive any training from anyone else such as Port
10 Authority of New York and New Jersey or any other
11 governmental agency?

12 A Besides the driving classes from --
13 that Jet Blue provided, I don't a hundred percent
14 recall Port Authority. I know they did advise --
15 like they were around the area when we were
16 learning.

17 The company had started eight years --
18 well, when I started it was eight years ago. It
19 was still a new airline, so Port Authority was
20 always in the area maintaining and watching what we
21 were doing. But other than that, I don't recall
22 off the top of my head them ever actually teaching
23 us anything like that.

24 Q Okay.

25 More observational? Would that be

Page 18

1 fair?

2 A Yes.

3 Q Sorry to jump around.

4 Going back to Blue Corp., you indicated
5 you would be supervising other individuals in other
6 airports and other locations. What types of people
7 would you be supervising in terms of position?

8 A They would be baggage handlers, as
9 well, other lead agents. And also the work would,
10 you know, pertain to going back to pretty much
11 where I started from as loading bags and bringing
12 aircrafts and pushing and pulling, towing out
13 aircrafts.

14 Q As a baggage handler did part of your
15 duties and responsibilities include acting as a
16 wing man, bringing the planes in, bringing the
17 planes out?

18 A Yes.

19 Q What about utilizing and operating tugs
20 to push aircraft off gates?

21 A Yes.

22 Q And push them out through the galley, I
23 mean through the alley, rather?

24 A Yes.

25 Q When you started with Jet Blue did you

Page 20

1 time they had a supervisor position open and when I
2 notified them of my family illness, they offered me
3 the position to come back to the base, the hub,
4 which was Terminal 6, and I accepted the position
5 and that's when I became a supervisor.

6 Q And was that the Ground Operations
7 supervisor?

8 A Yes.

9 Q And was this in or about 2006, 2007?

10 A Yeah, approximately maybe more towards
11 '6, I believe, because I was promoted after that
12 again.

13 Q Okay.

14 Well, let's start with Ground
15 Operations supervisor.

16 A Yeah.

17 Q What were the duties and
18 responsibilities of Ground Operations supervisor?

19 A Same as baggage handlers. You would
20 still have to, you know, complete those duties,
21 loading and off-load aircrafts and, you know,
22 assist with basic daily operations that I mentioned
23 before when we pretty much first started. Also,
24 you would have to schedule flights, in and
25 outbounds, schedule crews. You were allowed to

Page 19

1 receive any training with respect to safety?

2 A Yes.

3 Q And what did that training consist of?

4 A The training consisted of how to
5 properly load and off-load aircrafts, safety with
6 driving, operating vehicles on the ramp, wing
7 walking. I mean, I could go on and on.

8 Q What else?

9 A Properly connecting the tow bar to the
10 aircraft and to the pushback, how to use airstarts.

11 Q Anything else?

12 A Lav and water. Lav, l-a-v. I'm
13 sorry.

14 Q When you were part of Blue Corp., was
15 this more of a managerial position? Were you
16 managing people?

17 A No.

18 Q When you were going to complete Blue
19 Corp., when you completed the test run, so to
20 speak, were you going to be in more of a management
21 position or were you going to go back to Ground
22 Operations?

23 A I actually left Blue Corp. due to a
24 personal issue at home. I had a mother that was
25 ill, so I had to come back to the hub. And at that

Page 21

1 give and approve swaps, for crew members to trade
2 shifts, shift trades.

3 Q Anything else that you can recall?

4 A Yes. There would be a lot of daily
5 reports and incident reports if things would happen
6 on the job, incident reports, daily recap to the
7 managers.

8 Q What was the daily recap to the
9 managers?

10 A What did it consist of?

11 Q Yes.

12 Was it just telling them what happened
13 that day?

14 A Basically whatever you were assigned
15 to, what zone you were assigned to. If you
16 controlled, say, like gates 1 through 5, that would
17 be your zone. It would probably have to be like
18 zone 1, if I can recall correctly.

19 You'd have to let them know anything
20 that happened, any bag that missed a flight, where
21 did that bag go. If any crew members were injured
22 for the day, any delays you would have to account
23 for. Early pushes you would have to account for.
24 Pretty much anything that went on in that area you
25 were responsible for and had to report.

Page 22

1 Q I think you indicated earlier you
2 received another promotion beyond Ground Operations
3 supervisor?

4 A Yes. A short period after I returned,
5 I don't recall the year, but I was promoted to
6 safety, safety supervisor, at J.F.K., as well.
7 That's the hub that I was at.

8 Q Was that for the entire Terminal 6
9 facility?

10 A Yes.

11 Q Did you have any training in terms of
12 your promotion to safety supervisor for Terminal 6?

13 A I worked with corporate very closely,
14 corporate safety. I did -- I had some training.
15 It was mostly like paperwork and investigations
16 that I was handling and promoting safety within the
17 terminal.

18 Q Did your duties and responsibilities in
19 the safety supervisor position include supervising
20 all of the other Jet Blue employees as to the
21 safety requirements of Jet Blue?

22 A Yes.

23 Q And did this job also include
24 implementing the things you learned and making sure
25 that others followed the safety procedures?

Page 23

1 A Yes.

2 Q Did your duties and responsibilities in
3 the safety supervisor position include anything
4 beyond what I just mentioned?

5 A Yes.

6 Q What else did it include?

7 A Also, as needed, if you needed to go
8 outside and go back to your regular supervisory
9 duties which would be loading, off-loading,
10 assisting other supervisors, that's what you would
11 have to do, as well.

12 Q So you would also assist in ground-
13 handling operations. Is that correct?

14 A That's correct.

15 Q Okay, my question, maybe I was unclear,
16 was in terms of the safety supervisor, did you have
17 any other duties and responsibilities as safety
18 supervisor other than what I had mentioned in my
19 two or three questions?

20 I know you still did the ground-
21 handling operations but I meant with respect to
22 safety, did you have any other responsibilities
23 with respect to safety, things you did on a regular
24 basis?

25 A Yes.

Page 24

1 Q What else would you do?

2 A It would be pretty much maintaining and
3 ordering the safety wands, insuring that the eye
4 wash stations were in their proper place,
5 defibrillators were installed in Terminal 6.

6 Q Anything else?

7 A Yes. Monthly reports and graphs. I
8 issued them to corporate safety as well as our
9 immediate management, attended corporate safety
10 meetings, handled aircraft damages and
11 investigation reports.

12 Also, coordinated with corporate safety
13 classes for the -- for crew members that wished to
14 attend. These were extra classes that weren't
15 mandated but people that were into being safe and
16 promoting safety, as well, I had additional classes
17 and teachers come down to assist with that process.

18 Q Anything else? I mean, there might be
19 others but things that you recall as you sit here
20 today.

21 A Handle MSDS, material sheets, forms,
22 audits, and addressed all Ramp Irregularity Reports
23 that were submitted and follow up, report it back
24 to corporate security and immediate management.

25 Q Is this the position you held at the

Page 25

1 time of the accident?

2 A No.

3 Q Okay.

4 How long did you hold this position of
5 Ground Operations supervisor as well as safety
6 coordinator, so to speak?

7 A Right. Safety, I handled that position
8 for approximately a year.

9 Q And what happened at the end of that
10 year?

11 A At the end of that year there was a
12 change in management. I was put back outside to
13 Ground Operations supervisor.

14 Q So after that one-year period were you
15 no longer responsible for the safety of the --
16 implementing the safety practices and procedures of
17 Jet Blue at Terminal 6?

18 A You always, as a supervisor namely in
19 respect to that you always had to promote that.

20 Q Of course.

21 A And I actually took a lot of that
22 knowledge with me and still did that, but as far as
23 the tasks go, that was issued to another member.

24 Q And that's what I meant by my
25 question. I know safety is always of utmost

Page 26

1 importance. But your responsibility for the group
2 collectively and the terminal collectively, it was
3 no longer just your responsibility. Somebody else
4 was taking that position over.

5 A That's correct.

6 Q Do you know when that occurred,
7 approximately?

8 A It had to be maybe the end of '06,
9 beginning of '07.

10 Q When you said there was a change in
11 management, what did you mean by a change in
12 management, somebody was brought in to do that or
13 something else?

14 A Well, actually, no. The company was
15 actually changing all their management and there
16 was other members coming in from other airlines.
17 They weren't just hiring from within anymore. They
18 started bringing in representatives from other
19 airlines as far, like Continental, United, and
20 other areas and other airlines they were bringing
21 in.

22 Q So when you no longer were responsible
23 for that safety position that you've described,
24 what was your position that you went back to? What
25 was the name of it?

Page 27

1 A It was back to Ground Operations
2 supervisor.

3 Q And was that the position you held at
4 the time of the accident?

5 A Yes.

6 Q Okay.

7 And at the time of the accident what
8 did that position -- what were the duties and the
9 responsibilities that that position had?

10 A That would be going back to what I
11 stated before, coordinating and scheduling crews,
12 to assign crews to flights that were coming into
13 the gates, pushing planes out into the field,
14 loading and off-loading aircraft, assisting your
15 leads if they were falling behind or just in
16 general just to assist to give them an extra hand,
17 and back to daily recaps and reports.

18 Q In this position as ground supervisor,
19 Ground Operations supervisor, what percentage would
20 you say of your job responsibilities were physical
21 in nature as opposed to administrative and
22 managerial?

23 A Ninety-five.

24 Q Ninety-five percent physical.

25 A Yes.

Page 28

1 Q And when you held that prior position
2 as Ground Operations supervisor with that
3 additional safety responsibility for the terminal
4 and the people that worked there, what position --
5 what percentage of your position at that time was
6 manual labor, physical labor, as opposed to
7 managerial and sitting behind a desk?

8 A I would say fifty/fifty to be fair.

9 Q As Ground Operations supervisor in or
10 about 2007 and 2008, at or around the time of the
11 accident, how many people were you responsible for
12 supervising?

13 A For initially being Ground Operations
14 supervisor, my first position?

15 Q Well, the position you held at the time
16 of the accident, how many people at that time were
17 you responsible for supervising?

18 A A minimum of thirty.

19 Q And a maximum?

20 A I'd say about forty to forty-five.

21 Q And what about in your position with
22 the Ground Operations supervisor with the safety
23 position, as well, how many people did you
24 supervise at that time?

25 A Well, partial of that was a lot of

Page 29

1 office work. I wasn't actually in charge of
2 anybody.

3 I did have one assistant at the time.
4 That was pretty much towards the end, the last
5 couple of months, they assigned me another
6 assistant because the work load was very heavy.

7 Basically I was the go-to guy. Anybody
8 that had safety-related issues for fuel spills or
9 if any fuel spills actually even happened, I was
10 the go-to guy. I mean, I don't know if it would be
11 fair to say I was in charge of the whole ramp or
12 just in charge of my one person that I was assigned
13 to towards the end.

14 Q Were you in charge of everybody in
15 terms of safety within that terminal when you held
16 that position?

17 A Of Jet Blue Airways, all the crew
18 members of Jet Blue Airways for Ground Operations.

19 Q Let me go back before we go to the
20 accident.

21 What's your highest level of education?

22 A I took my GED. Passed my GED.

23 Q Okay.

24 What's your highest level that you
25 attended in either high school, grammar school or

Page 30

1 something else?

2 A I was pretty much into my eleventh --
3 almost senior year.

4 Q And when you left high school, where
5 did you work?

6 A I worked for, I believe it was like
7 Petland Discounts.

8 Q And what type of position did you hold
9 with them?

10 A Just -- I tell you the truth, I don't
11 know what they called it, it was so long ago. I
12 was like eighteen, nineteen, I think. I don't even
13 know the position. I guess customer service, I
14 would say.

15 Q Is it fair to say you worked in the
16 store?

17 A Yes.

18 Q And you assisted the customers?

19 A Right.

20 Q Fair enough.

21 How long did you work for Petland
22 Discounts?

23 A About a year, year-and-a-half tops.

24 Q And where did you work after that?

25 A I did undercover security for

Page 31

1 Bloomingdale's.

2 Q Was that in Manhattan or in one of the
3 other locations?

4 A Yes. 59th and Lexington, I believe.

5 Q Were you employed directly by
6 Bloomingdale's or another outside company?

7 A Bloomingdale's.

8 Q And for what period of time did you
9 hold that position?

10 A I don't recall.

11 Q Could you provide us an estimate as to
12 how many months, years?

13 A How long did I work for the company?

14 Q Yes.

15 A Approximately a year-and-a-half to two
16 years.

17 Q And was that always in undercover
18 security?

19 A No.

20 Q What else did you do at Bloomingdale's?

21 A Well, before actually undercover
22 security I was actually just security. Then they
23 promoted me to plainclothes.

24 Q And after you left Bloomingdale's where
25 did you work next?

Page 32

1 A Ricki Lake and Tempest Bledsoe show as
2 security.

3 Q And for what period of time did you
4 work for Ricki Lake?

5 A Approximately another year, a year-and-
6 a-half.

7 Q Was this on-stage security or?

8 A It was both. It was on stage. Also
9 working the metal detectors and also audience and
10 pretty much walking with Ricki Lake or Tempest
11 behind them a certain amount of feet so they can
12 walk their dog and nobody takes their dog. It
13 wasn't an official bodyguard but I was there for
14 backup.

15 Q And for what period of time did you
16 work -- actually, you told me one-and-a-half
17 years. I apologize.

18 A Yes. And that was for both Ricki Lake
19 and Tempest. It was one company. I don't recall
20 the name of the company but you would go back and
21 forth from show to show.

22 Q And after that where did you work next?

23 A I think I went to Jet Blue a while
24 after. I was out of work for a period of time and
25 then I went to Jet Blue.

Page 33

1 Q Okay.

2 When you left the undercover security
3 job at Bloomingdale's was there any reason,
4 reasons?

5 A I just thought it was getting out of
6 hand. I left on my own. I wasn't terminated or
7 nothing like that.

8 Q When you say it got out of hand, you're
9 talking about the job itself?

10 A Violence. Lot of violence in the 59th
11 and Lexington store which was.

12 Q Were you ever involved in any
13 altercations with any customers or thieves or
14 anything?

15 A Well, of course, yes.

16 Q Okay.

17 Any physical altercations?

18 A Rarely.

19 Q Were you ever injured in your capacity
20 as an undercover security for Bloomingdale's?

21 A No.

22 Q When you left Ricki Lake and Tempest,
23 what were the circumstances in which you left that
24 employment?

25 A That was a temporary to -- a temp to --

Page 34

1 what do you call it -- a temp to hire, I guess. It
2 was a temporary job. It lasted a little longer but
3 I was never officially hired there. It was a lot
4 of fill-ins, coverages that I was doing for other
5 members that actually got me into the company.

6 Q Were you ever injured in any situations
7 while you were working for Ricki Lake and Tempest?

8 A No.

9 Q And is it fair to say the next job you
10 had, then, was Jet Blue?

11 A Yeah. That's, like I said, I'm trying
12 to remember the exact order for you but I.

13 Q Okay.

14 A Okay.

15 Q We're not holding you to it. It's just
16 for informational purposes.

17 A All right.

18 Q I'm just going to use the rest room.
19 Why don't we take two minutes and if you need a
20 break anytime during today, use the rest room, get
21 a drink, just need a moment, feel free to take it.

22 A Thank you.

23 MR. GORMLEY: Thanks.

24 (There is a recess.)

25 Q When did you receive your GED?

Page 36

1 A Oh, beside the one that I had?

2 Q Yes. It's a lead-in question to set
3 the tone.

4 A Yes.

5 Q When did your accident occur?

6 A It was January 21st.

7 Q What year?

8 A Let's see. Was it '07? '06? No.

9 What was the date? I don't remember
10 the year.

11 Q You have to answer the question. He
12 can't.

13 A '08.

14 Q Of '08?

15 A Yes.

16 Q And where did the accident occur,
17 generally speaking? We'll get into the specifics
18 in a minute.

19 A On the ramp.

20 Q Was that the ramp at J.F.K.?

21 A Yes.

22 Q Did you have a normal shift in January
23 of 2008?

24 What I mean by shift is time you'd
25 start, time you'd end.

Page 35

1 A I don't recall the year.

2 Q Was it shortly after high school,
3 several years after high school, something else?

4 A It was within, I believe, approximately
5 a few months.

6 MR. MORYAN: I'm sorry, a few months of
7 leaving high school?

8 THE WITNESS: Yeah, a few months, tops
9 I'd say a year, if I can recall correctly.

10 MR. MORYAN: Okay.

11 Q Have you gone to any trade schools or
12 other types of education?

13 A No.

14 Q Other than the on-the-job education
15 that you've had?

16 A No.

17 Q So now we'll go back to Jet Blue.

18 When you were employed by Jet Blue were
19 you a member of a union?

20 A No.

21 Q Did there come a time when you had an
22 accident when you were employed by Jet Blue?

23 A No.

24 Q You were never involved in any
25 accidents when you were working for Jet Blue?

Page 37

1 A They scheduled you a normal shift. You
2 wouldn't work a normal shift.

3 Q Well, what time did you arrive at work
4 in January of 2008, specifically on the day of the
5 accident, January 21?

6 A I'm scheduled for five a.m.

7 I'm sorry, 4:30.

8 Q And what time did you arrive at work
9 that day?

10 A I don't recall.

11 Q Would it have been on or about 4:30
12 a.m.?

13 A Most likely before 4:30.

14 Q And where would you report -- where did
15 you report on January 21st, 2008?

16 A It would be most likely the
17 supervisors' office.

18 Q Would that be your office as the Ground
19 Operations supervisor?

20 A It's a shared -- I'm sorry.

21 Q Go ahead.

22 A It's a shared office by additional
23 supervisors.

24 Q And what were the other supervisors'
25 responsibilities? Were they similar to yours or

Page 38

1 did they have different? Who did they supervise?
 2 A The same.
 3 Q So there's more than one Ground
 4 Operations supervisor.
 5 A Yes.
 6 Q How many were there in January of 2008
 7 at J.F.K.?
 8 A Approximately three to four on shift.
 9 Q And were you broken down into working
 10 in a specific zone or zones?
 11 A Yes.
 12 Q And how were the zones set up at J.F.K.
 13 for Jet Blue terminals?
 14 A Everything was temporary. Like I said,
 15 due to the change of management they were pretty
 16 much juggling ideas and trying new things on a
 17 daily basis. But the zones would normally consist
 18 of, if you're a zone-1, I believe it was gates 1
 19 through -- 1 through 5.
 20 Q And how many zones did you say there
 21 were?
 22 A It broke down to three zones at
 23 Terminal 6 and then they had the old T-way building
 24 which was an additional two zones but I didn't work
 25 over there, so I wasn't sure how that was a hundred

Page 39

1 percent set up. I go from time to time to assist
 2 but I wasn't scheduled there. I had the old
 3 Terminal 6.
 4 Q Okay.
 5 Terminal 6 is formerly the Eastern
 6 Airlines terminal, if I recall?
 7 A Yeah. And the one next to it was
 8 T-way, TWA.
 9 Q That's the one that's landmarked.
 10 Correct?
 11 A Yes.
 12 Q And do they have gates off of the old
 13 TWA terminal?
 14 A Yes, they did.
 15 Q And that would be a separate zone.
 16 A That's correct.
 17 Q Okay.
 18 And zone 2, where would that be?
 19 A Zone 2 would most likely be 6 through
 20 -- 6 through 9, gates 6 through 9.
 21 Q And zone 3?
 22 A Zone 3 is 10 through, I think it's 12
 23 or 14.
 24 Q And would there be a fourth zone for
 25 the TWA building, old TWA building?

Page 40

1 A Yes.
 2 Q And where would your office be in
 3 relation to zone 1, 2, 3 or 4?
 4 A Offices were located closer to zone 2.
 5 Q Upon arriving at work on the day of the
 6 accident, what was the first thing you did, if you
 7 recall?
 8 A The first thing I did when I arrived?
 9 Q Yes. I mean, first duty and
 10 responsibility.
 11 I understand you probably took your
 12 jacket off, got a cup of coffee, did something
 13 else, but in relation to your job what was the
 14 first thing you did?
 15 A First thing was to see who I was
 16 assigned as far as crew members go and see who
 17 actually clocked in so I would know what I was
 18 working with, and then you would check for sick
 19 calls, as well.
 20 Q What time of the day did your accident
 21 occur?
 22 A I don't recall the time exactly. I
 23 would say maybe towards the afternoon, maybe a
 24 little bit before.
 25 Q After checking for sick calls, checking

Page 41

1 who's in and who's out and who's clocked in and
 2 who's clocked out, what did you do next that day?
 3 A Scheduled and assigned the crews to the
 4 gates.
 5 Q And what would you do next? What did
 6 you do next?
 7 A Briefing.
 8 Q And what did that entail?
 9 A Briefing consisted of any issues of
 10 safety issues, any flights that specifically had to
 11 go out on-time departures for VIPs that were on the
 12 flight. Focused flights is what you called them.
 13 A small portion was safety involved. It consisted
 14 of possible break schedules and first flight out.
 15 Q What time was the first flight out?
 16 A I don't recall.
 17 Q Was the first flight out at the same
 18 time each day or did it vary?
 19 A It depended on your zone, what zone
 20 you're assigned to, and what flight was coming into
 21 that gate, it would be a certain departure. You
 22 could come in at five and you could have a flight
 23 that's going out at 5:30.
 24 Q In your capacity as the Ground
 25 Operations supervisor were you assigned to any

Page 42

1 specific zone or were you -- did you work all four
2 zones on a given day back in January of 2008?
3 A I'd be assigned -- it would change
4 weekly, I believe, at the time when they were
5 juggling the ideas around of zoning supervisors.
6 They would juggle it around. Some supervisors
7 would take assignments with more gates, some would
8 be assigned with less gates, and that was all
9 assigned by the actual manager.

10 Q Who was the manager?

11 A At the time there was multiple
12 managers. There was Mike Esposito, Rob Howe, and I
13 believe Mike Hritz.

14 Q Were any of the three individuals you
15 just mentioned, Mr. Esposito, Howe or Hritz, were
16 any of those your direct supervisor to whom you
17 reported?

18 A Esposito was my direct supervisor for a
19 period of time.

20 Q Who was your direct supervisor on the
21 date of the accident?

22 A Mike Esposito, manager. He would be
23 the direct manager.

24 Q So would it be more proper to say
25 direct manager as opposed to direct supervisor?

Page 43

1 A Yes.

2 Q Okay.

3 He is the person to whom you reported
4 up the chain of command?

5 A He would be the first, yes.

6 Q And you indicated he was your direct
7 manager for a period of time. Were any of the
8 other individuals direct manager of yours for other
9 periods of time?

10 A They would alternate according to who
11 needed off, who was on vacation, swaps. Kind of
12 the same way that crew members would be but mainly
13 Mike Esposito was my manager.

14 Q Do you know if Mr. Esposito is still
15 employed by Jet Blue?

16 A Yes, he is.

17 Q Are you still in touch with
18 Mr. Esposito?

19 A Well, no, not really.

20 Q When was the last time you spoke with
21 Mr. Esposito?

22 A Oh, wow.

23 I don't recall. It's --

24 Q Go ahead. Sorry. I didn't mean to
25 interrupt you.

Page 44

1 A I think the last time I seen Esposito
2 was when I left the job.

3 Q How is it that you're aware that he's
4 still employed? Is that from some other source of
5 information?

6 A No.

7 Q After completing the briefing what
8 would you do next on the day of the accident?

9 A I pretty much get in touch with the
10 leads, make sure everybody's outside on the gates,
11 coordinate with the baggage room to insure that the
12 baggage was out on the proper gates for whatever
13 flights they were going out on to make it a little
14 easier for the crew just to start getting in,
15 loading up the aircraft.

16 Q When you've completed up to this point
17 in time this task, what time of day is it? How
18 long does all of this take, the briefing, the
19 checking, the getting in touch with the leads?

20 A It has to all be done before your first
21 flight out which could vary. Depending on the
22 schedule and what zone you were in, it would vary.
23 Sometimes different supervisors would prepare the
24 briefings.

25 You'd have to go over e-mails and

Page 45

1 whatever the bosses wanted you to touch base with
2 or whatever you felt was pertinent to the day, to
3 the shift, you had to address it at the meeting.
4 So it could be a matter of, you could have thirty
5 minutes or you could have five. It varied from day
6 to day.

7 Q Do you recall on the date of the
8 accident which of these tasks -- did you perform
9 all of these tasks on the date of the accident?

10 A The briefing, I'm not a hundred percent
11 sure but I'm pretty sure 'cause I was at almost all
12 the briefings. I made sure of that, so the crew
13 members would know what's going on. I was the go-
14 to guy, the point man, for most of when it came to
15 briefing and, you know, getting the point across to
16 the crew members what needed to be done for the
17 day.

18 Q Okay.

19 After you got in touch with the leads
20 and coordinated with the baggage room, what did you
21 do next on the date of the accident?

22 A I probably did my walkaround.
23 Walkaround consists of going over, monitoring the
24 gates, making sure there's no FOD out. FOD,
25 F-O-D. It's foreign object debris. I'm so used to

Page 46

1 the lingo.

2 Yeah, basically that's what you would
3 really do. You walk around, radio checks which,
4 you know, you just call each lead that you're
5 assigned to as a supervisor and make sure that
6 everybody's on up and running, everything's okay,
7 no guys have disappeared anywhere for coffee or
8 breakfast for an hour, you know, things like that.

9 Q Okay. And what would you do after
10 that?

11 A After that I would walk most likely
12 walk to the bag room to make sure that my flights
13 are being loaded properly, speak to the actual crew
14 members that were pulling the bags and most likely
15 assist with them as I'm speaking to them, like load
16 bags from the carousels to the baggage cart, let
17 them know, as well, what flights were important to
18 go out, if there was any VIPs on the flights where
19 bags needed to be pulled off the carousel
20 immediately.

21 Q What did you do next on the day of the
22 accident?

23 A I probably went back to the office to
24 go over any e-mails that I wasn't able to go over,
25 which would be like a little bit of office time

Page 47

1 which would be about fifteen minutes.

2 Q At this point in time, and I know it
3 varied from day to day but I want to know about on
4 the date of the accident.

5 To the best of your ability can you
6 approximate what time of day we're dealing with up
7 at this point where you've been through your
8 e-mails, you've done all the things we've discussed
9 so far, what time of the day are we at? I know it
10 won't be exact.

11 A No, I would say it would be
12 approximately six a.m.

13 Q Do you recall what you did next on the
14 day of the accident?

15 A No.

16 Q At some point in time during the -- on
17 the day of the accident did you assist in the
18 loading or unloading of any aircraft?

19 A Yes.

20 Q When for the first time did you do that
21 on the day of the accident?

22 A I don't recall which aircraft I
23 assisted with first.

24 Q Okay.

25 At the time of your accident were you

Page 48

1 assisting in the loading or unloading of an
2 aircraft?

3 A Yes.

4 Q And was that the first aircraft that
5 you loaded or unloaded that day?

6 A I don't recall.

7 Q Where specifically did your accident
8 occur?

9 A Terminal 6.

10 Q Okay.

11 Can you be anymore specific than that,
12 gate number, zone number?

13 A It was gate -- it was gate 2. Gate 1.
14 It was either 1 or 2. I don't.

15 Q That's zone 1?

16 A That was considered zone 1, yes.

17 Q I didn't mean to interrupt you if you
18 still had more thoughts.

19 A No, I'm trying to remember how it was
20 set up and I'm trying to get a visual. That's my
21 answer.

22 Q Okay.

23 Were you loading or, alternatively,
24 unloading an aircraft at the time of the accident?

25 A We were uploading the aircraft.

Page 49

1 Q When you say "We," who was with you?

2 A The lead on the flight was Benjamin
3 Thomas.

4 Q Was anyone else working on uploading
5 that flight other than Mr. Thomas and yourself?

6 A Yes.

7 Q Who else?

8 A I don't recall the other names of the
9 crew members that were in the aircraft.

10 Q Was there anyone else on the tarmac
11 with you and Mr. Thomas at the time of the
12 accident?

13 A Would you consider the crew members in
14 the aircraft on the tarmac?

15 Q Well, I meant physically standing on
16 the tarmac, so let me clarify my question.

17 Was there anyone other than you and
18 Mr. Thomas physically standing on the tarmac?

19 A In the area where the incident
20 happened, no.

21 Q That's what I'm talking about, the
22 general area of that aircraft.

23 A Okay. 'Cause I could give you probably
24 fifty names of people that were all over the tarmac
25 but in that area where we were at, no, it was

Page 50

1 myself and Benjamin Thomas.

2 Q What type of aircraft were you
3 uploading at the time of the accident?

4 A It was an A320.

5 Q And do you know flight number, tail
6 number, registration number of that aircraft?

7 A I don't have it. I don't know off the
8 top of my head, no.

9 Q Do you have any documentation in your
10 possession or to which you have access which would
11 indicate the tail number or the flight number of
12 that aircraft?

13 A Not in my possession at this moment.

14 Q When you say not at this moment, is it
15 at home or someplace else?

16 A It would be someplace else.

17 Q Where would it be?

18 A It possibly could be at my lawyer's
19 office.

20 Q Okay.

21 And what document are you referring to
22 specifically?

23 A That would have the tail number?

24 Q Or the flight number, yes.

25 A It would be the Ramp Irregularity

Page 51

1 Report. There's also an incident report,
2 statements.

3 Q Okay. We'll get to that in a moment.

4 A Um-hum.

5 Q How did it come that you were assisting
6 Mr. Thomas in uploading this aircraft? Did you
7 receive a call or something else?

8 A Yes. It was a radio call.

9 Q And from whom did you receive the radio
10 call?

11 A Benjamin Thomas.

12 Q And when he called you what did he say
13 to you? What did you say to him?

14 A He called my name over the radio. I
15 responded. He asked me to come to the gate for
16 assistance.

17 Q Where were you when you received this
18 call?

19 A The exact location I'm not a hundred
20 percent sure. I know I was on the ramp, though, at
21 the time. I was only possibly a few gates away.

22 Q How did you get from the location you
23 were at when you received the call to where
24 Mr. Thomas was located?

25 A I walked.

Page 52

1 Q Did Mr. Thomas indicate to you why he
2 needed assistance?

3 A No.

4 Q When you arrived at the aircraft where
5 Mr. Thomas was located did he advise you as to why
6 he needed assistance?

7 A He said he had some additional bags
8 from the bag room. That was the first issue. And
9 he said that he just wanted to make sure they got
10 out on the flight on time and he wanted a
11 supervisor present to assist and to have a visual
12 on the bags that came out the bag room.

13 Q And did he indicate why he needed a
14 visual from the supervisor on the bags?

15 A Well, at Jet Blue they would hold leads
16 accountable for anything that could or would go
17 possibly wrong. So when Benjamin called me to the
18 gate, he just wanted to make sure.

19 They weren't really pressed for time.
20 So that's why I asked him. But he said, "No, I
21 just wanted to let you know the bags should have
22 been out at this time."

23 We had plenty of time to load them but
24 they're coming out of the bag room to our
25 nonspecific time that it came out. Like we had a

Page 53

1 certain cutoff time but it was before the cutoff
2 time.

3 He just said, "I just want to let you
4 know that the bags are here. Can you help me
5 assist in loading them?"

6 I said, "No problem."

7 Q Were the bags on time for that specific
8 flight?

9 A Technically they were on time at the
10 aircraft, yes.

11 Q Upon arrival what did you do first?

12 A I spoke to Benjamin Thomas.

13 Q And what was the sum and substance of
14 that conversation?

15 A Within that couple-of-second period of
16 time speaking with him I began to upload the bags
17 with Benjamin.

18 Q Okay. The conversation you had with
19 Benjamin, is that the conversation you just
20 recounted two or three questions ago about why he
21 wanted you there?

22 A Yes.

23 Q Other than why he wanted you there, did
24 you discuss anything else with Mr. Thomas before
25 uploading baggage?

Page 54

1 A No.
 2 Q What side of the aircraft were you
 3 uploading the baggage from?
 4 A I was -- what side of the aircraft?
 5 Q Yes.
 6 A The aircraft was facing towards me. I
 7 was on the right side.
 8 Q Okay.
 9 So if you're looking at the forward
 10 portion of the aircraft, you would be on the right
 11 side of that aircraft?
 12 A Yes.
 13 Q In other words, if you're sitting on
 14 the aircraft and you're looking straight ahead,
 15 baggage would be loaded from the right side of the
 16 aircraft. Correct?
 17 A Correct.
 18 Q And what manner or system was utilized
 19 to upload the baggage from the tarmac onto the
 20 aircraft? Did you use a belt loader or something
 21 else?
 22 A Yes, a belt loader.
 23 Q And was the belt loader in place when
 24 you arrived at the aircraft?
 25 A Yes.

Page 55

1 Q And how long were you uploading baggage
 2 prior to your accident occurring?
 3 A I don't --
 4 Q On that specific flight how long were
 5 you there uploading baggage before the accident
 6 occurred?
 7 A Say no more than like five minutes.
 8 Q And where were you standing at the time
 9 that the accident occurred?
 10 A I was on the right side of the belt
 11 loader.
 12 Q And where was Mr. Benjamin?
 13 A He was on my left side.
 14 Q When you say you were at the right side
 15 of the belt loader, is that the right side of the
 16 belt loader as you're looking at the aircraft?
 17 A Yes.
 18 Q And was Mr. Benjamin on the opposite
 19 side of the belt loader?
 20 A Yes.
 21 Q From the time that you arrived at that
 22 aircraft until the time of your accident, were you
 23 located at any other locations other than to the
 24 right of the belt loader?
 25 A No.

Page 56

1 Q What was the weather on the date of the
 2 accident?
 3 A From what I can recall, I believe it
 4 was clear out.
 5 Q In other words, the ground was dry?
 6 A Yes.
 7 Q What was the temperature,
 8 approximately, warm, cold?
 9 A It was a nice day out. It was not
 10 cold, by any means.
 11 Q Was it windy?
 12 A No.
 13 MR. MORYAN: I'm sorry, may I hear
 14 those last two questions and answers again,
 15 please? I was reading and not writing. I
 16 apologize.
 17 (The questions and answers are read by
 18 the reporter as follows:
 19 "Question: What was the temperature,
 20 approximately, warm, cold?
 21 "Answer: It was a nice day out. It
 22 was not cold, by any means.
 23 "Question: Was it windy?
 24 "Answer: No.")
 25 MR. MORYAN: Okay. Thank you.

Page 57

1 Q At the time that your accident occurred
 2 where were you standing?
 3 A On the right side of the belt loader.
 4 Q Okay.
 5 And what were you doing just prior to
 6 the accident?
 7 A Loading bags from the baggage cart to
 8 the belt loader.
 9 Q At some point in time did a baggage
 10 cart or fueller stairs come in your direction?
 11 A Yes.
 12 Q Where were the fueller stairs located
 13 prior to the accident?
 14 A They were behind me.
 15 Q Where were the fueller stairs the first
 16 time that you observed them prior to the accident,
 17 like what distance from you?
 18 A I couldn't give you feet off the top of
 19 my head. They were up against the actual wall.
 20 Q Which wall is that?
 21 A It would be the wall that was adjacent
 22 to the gate.
 23 Q Is that up against the terminal
 24 building?
 25 A Yes.

Page 58

1 Q And where was the baggage cart just
2 prior to your accident? Where was that located?

3 A That was -- it was almost in the same
4 area.

5 Q Which one was closer to you?

6 A The baggage cart was closer to me.

7 Q Now, I know you can't give me exact
8 feet or dimensions but could you tell me
9 approximately what distance they are to you? I
10 mean, when I say that, like a football field, a
11 street, ten feet, something else?

12 A I'd say approximately ten feet.

13 Q Just prior to the accident did you
14 notice anything specific with respect to these two
15 items, the baggage cart and the fueller stairs?

16 A No.

17 Q Okay. Were they stationary just prior
18 to your accident? In other words, they weren't
19 moving?

20 A That's correct.

21 Q And at some point in time did they move
22 in some direction?

23 A Yes.

24 Q Which direction did they move?

25 A It would be in my direction.

Page 59

1 Q When they moved in your direction, did
2 they move in your direction from the location that
3 you just described up against the terminal wall?

4 A Yes.

5 Q You indicated they were approximately
6 ten feet from you. Was that the baggage cart or
7 the fueller stairs or both?

8 A They were approximately ten to twelve
9 feet away from me. I'm trying to think about a
10 visual from what they were but I know you said
11 approximate. But the baggage cart was there and
12 the stairs were like right next to it. They were
13 staged like kind of like together.

14 Q But the baggage cart was the closer of
15 the two items than the fueller stairs or was the
16 fueller stairs closer to you before they moved?

17 A No, the cart was closer.

18 Q Prior to your accident did you hear
19 anything or observe anything with respect to those
20 fueller stairs and --

21 A I heard the crash.

22 Q The crash of what?

23 A Of the stairs -- of the stairs and the
24 baggage cart.

25 Q Okay.

Page 60

1 When you say you heard the crash, where
2 were they located when you heard this crashing
3 noise?

4 A They were still located behind me.

5 Q What crashed into what?

6 A Well, when the plane came in, the
7 stairs -- the stairs crashed into the baggage cart
8 and they spun and the stairs hit me.

9 Q Did the baggage cart come in contact
10 with you?

11 A It was the stairs.

12 Q Only the stairs.

13 A Well, they collided into each other and
14 they hit me. That's the way it happened.

15 Q Okay. No, I understand.

16 My question is, which item hit you?
17 Did both of them hit you, did one of them hit you
18 or something else?

19 A The stairs hit the cart and spun around
20 and then the stairs, I guess, and the cart hit me.

21 Q Where were you standing when the stairs
22 and the cart hit you?

23 A I was still in my same location.

24 Q Right next to the baggage cart.

25 A Yes.

Page 61

1 Q I'm sorry, right next to the belt
2 loader.

3 A Yes.

4 Q Did they hit you simultaneously at the
5 same time or did one hit you and then the other hit
6 you?

7 A I remember the stairs in my face.
8 That's what I can recall.

9 Q Which direction were you facing at the
10 time that you first saw the stairs moving as
11 opposed to stationary?

12 A When I -- I actually seen the plane
13 come in and when he turned I felt the jet blast.
14 As I'm looking at the aircraft, I turned around and
15 I seen the stairs hit the cart and then they both,
16 like I said, they both hit me, but it happened so
17 fast. I tried to brace myself as best as I could.

18 Q Okay.

19 Well, let's break that down.

20 A Okay.

21 Q You see an aircraft coming in. Where's
22 the aircraft coming from?

23 A From the landing strip. He was
24 powering in.

25 Q Was he powering in under his own power

Page 62

1 or was he being towed?
 2 A Under his own power.
 3 Q Was this a Jet Blue aircraft, United,
 4 something else?
 5 A United.
 6 Q Where was the United aircraft going to?
 7 A I don't -- I don't recall the gate that
 8 it was coming to but it was exactly across from the
 9 gate that we were working at.
 10 Q What distance was this aircraft from
 11 you the first time that you observed it?
 12 A It had to be a few hundred feet.
 13 Q Did you watch the aircraft taxi into
 14 the gate?
 15 A I heard it come into the gate, so I
 16 turned around real quick and then I turned back
 17 around to start loading bags. I didn't pay too
 18 much mind to it.
 19 Q When the aircraft was coming into the
 20 gate area, we'll call it gate area, not off of what
 21 you described as the landing strip --
 22 A Right.
 23 Q -- did you see it at that time, before
 24 it turned into the galley -- alley? Sorry.
 25 A Did I see it?

Page 63

1 Q Before it turned into the alley.
 2 A Yes, I seen it come in.
 3 Q Okay.
 4 And then what did you do next?
 5 A I was continuing loading 'cause the
 6 plane when it comes in, it was on my left side, so
 7 I could see it from the corner of my eye. So I'm
 8 leading bags and I seen the plane coming in and
 9 then he paused. Then he powered up to turn into
 10 the gate. And usually at that gate is a tow-in.
 11 Q Just so I have some perspective here,
 12 when he's coming in off of what you described as
 13 the landing strip before he comes into the gate, is
 14 he over your left shoulder or is he directly to
 15 your left?
 16 A He's on my -- he's to my left. I don't
 17 know about directly but if I'm loading this way, I
 18 could see him from the corner of my eye coming in,
 19 so he'd just be to my left.
 20 Q From the time that you first observed
 21 him, the aircraft, to the time that the baggage
 22 cart and the fueller stairs made contact with you,
 23 what period of time transpired?
 24 A I tell you the truth, I don't know. I
 25 was working. I wasn't thinking about how much time

Page 64

1 the plane comes into the gate.
 2 Planes come in and out all the time for
 3 us. It's a daily thing. You just don't. Unless
 4 it's not coming into your gate you really don't
 5 have nothing to worry about unless it's right next
 6 to you. That plane wasn't right next to me.
 7 Q Just can you give an approximation?
 8 Was it one minute, ten minutes?
 9 How long were you -- do you know how
 10 many bags you kept loading from the time you saw
 11 the aircraft the first time to the time of the
 12 accident?
 13 A What's your exact question?
 14 Q The question is from the time you first
 15 saw the aircraft till the time of the accident how
 16 much time transpired?
 17 I know you can't give me an exact time
 18 but I want to know --
 19 A I'm trying to think what it would be.
 20 It had to be within three minutes.
 21 Q After seeing the aircraft from the
 22 corner of your eye, as you described, for the first
 23 time to the time of the accident did you make any
 24 other observations with respect to that aircraft at
 25 any time before the accident?

Page 65

1 A It stood in that alleyway. Not the
 2 alleyway. The alleyway would be outside.
 3 When he came into the gate, he was
 4 supposed to make a right to pull into that gate but
 5 there was no -- he just paused. He just paused
 6 there, which kind of raised a red flag but I didn't
 7 -- I don't know why. Like I said, I just kept
 8 loading.
 9 Q When you say it raised a red flag, what
 10 do you mean by that?
 11 A Usually they don't pause. Usually all
 12 planes just come into the gate. They never pause.
 13 Q So if I understood you correctly, what
 14 you're saying is from the time that they come off
 15 the -- I just want to use your word -- from the
 16 time they come off the landing strip to the time
 17 they go into the gate, they don't normally pause?
 18 A No.
 19 Q Do you know whose baggage cart it was
 20 that was involved in this accident?
 21 A Jet Blue.
 22 Q Okay.
 23 At the time you were loading this
 24 aircraft were you loading it in the forward portion
 25 of the aircraft, the aft or someplace else?

Page 66

1 A Forward.

2 Q How close -- well, can you describe the

3 dimensions of the A320 that you were loading?

4 A Dimensions as far as?

5 Q Length. Do you know the seating

6 capacity?

7 A Seating capacity for an A320 I believe

8 -- it's like two hundred.

9 Then they removed seats. It's been so

10 long. They removed seats and made it more leg

11 room. I don't know an exact number.

12 MR. GORMLEY: Can we go off the record

13 for a second?

14 (There is a discussion off the record.)

15 MR. GORMLEY: You can just mark this.

16 (Color copy of aerial view is marked DA

17 for Identification.)

18 Q Mr. Gatto, I'm going to show you what's

19 been marked today as defendant's exhibit A for

20 Identification. I'd ask you to take a look at

21 this.

22 Just so you know, I'll represent to you

23 that this is what's known as a screen shot.

24 Basically it's a shot of what was on my computer at

25 one point in time the other day and it was taken

Page 67

1 off a website called bing.com which is Microsoft's

2 mapping website and, obviously, it's an aerial view

3 but I'm going to ask you if you -- I'm going to

4 draw your attention specifically to the

5 photograph.

6 I'm not concerned about anything from

7 the website up, you know, their addresses and tabs

8 for the website. I'm primarily focused only on the

9 aerial view of what appears to be an airport.

10 I'd ask you to take a look at it and

11 once you're done looking at it, let me know.

12 (The witness refers to DA for

13 Identification.)

14 A Okay, I'm done looking at it.

15 Q Okay.

16 Can you tell me what's depicted -- I'm

17 going to refer to this simply as a photograph even

18 though it's not a photograph but for ease for the

19 rest of the deposition I'm going to refer to these

20 as photographs. They're not really photographs.

21 They're screen shots. But can you tell me what

22 this aerial view depicts?

23 A What is it?

24 Q Yes, what area, where?

25 A Tell you the truth, I don't know what

Page 68

1 this is. I couldn't tell you from above like that.

2 Q Okay.

3 A This possibly --

4 Q Well, if you can't tell, I'm going to

5 show you -- I could show you a couple photographs

6 and maybe you'll be able to figure it out and, if

7 not, we can go from there.

8 MR. GORMLEY: Why don't we mark that as

9 B.

10 (Color copy of aerial view is marked DB

11 for Identification.)

12 (There is a recess.)

13 Q I'll give you defendant's exhibit B.

14 Again, it's an aerial view photograph of an

15 airport. Do you recognize that location, anything

16 in that photograph?

17 A It looks partially familiar. I can't

18 really make it out with these pictures.

19 Q Okay.

20 Let me ask you this: Do you recognize

21 the United terminal at J.F.K. in defendant's

22 exhibit B on the left-hand side?

23 A Not from this picture, no.

24 Q Do you recognize the Jet Blue terminal

25 to the right in this photograph?

Page 69

1 A It looks familiar but I never seen

2 aerial views, looked at them and pinpointed exact

3 locations. I'm not familiar with this.

4 Q So you're not able as you sit here

5 today looking at either defendant's exhibit A or B

6 to indicate whether or not the area where you had

7 your accident is depicted in any portion or

8 location on either one of these photographs.

9 A No.

10 MR. MORYAN: No meaning you're not

11 able.

12 THE WITNESS: No, I'm not able.

13 MR. MORYAN: Okay, thanks.

14 Q I'll try one more and then if you're

15 unable, we'll go a different route.

16 MR. GORMLEY: Mark that as defendant's

17 exhibit C.

18 (Color copy of aerial view is marked DC

19 for Identification.)

20 Q I'm going to show you now what's been

21 marked as defendant's exhibit C. Again, I'd ask

22 you if you recognize the location of the area

23 that's depicted in that photograph?

24 A It's still unfamiliar.

25 Q It's still unfamiliar?

Page 70

1 A Yes. It's not -- I can't pinpoint any
2 of it on here.

3 Q Okay. Go next to defendant's exhibit
4 B. Actually, withdraw that.

5 Are you familiar with the compass
6 directions of the area where you were working? In
7 other words, were you facing north or south at the
8 time of the accident?

9 A No, I'm not familiar with compass
10 directions.

11 Q Okay.

12 You indicated earlier that the Jet Blue
13 aircraft -- I'm sorry, the United aircraft that was
14 coming into the gate area, that it would normally
15 pause -- that it would not normally pause. How
16 long was that aircraft paused for?

17 MR. MORYAN: Objection to form.

18 You may answer.

19 A I don't know.

20 MR. MORYAN: You said you don't know?

21 THE WITNESS: Yes, I did say that.

22 MR. MORYAN: Okay.

23 Q How long from the time that you heard
24 the aircraft for the first time until the accident
25 occurred?

Page 71

1 A I couldn't tell you that either.

2 Q When the aircraft pulled into the gate,
3 approximately how far was that aircraft from where
4 you were standing?

5 A Like I said, it was a few hundred feet.

6 Q Could you yourself physically feel any
7 jet blast?

8 A Yes.

9 Q Can you describe the baggage cart that
10 was involved in the accident in terms of size,
11 dimensions?

12 A I'd say approximately about six feet
13 high by five feet wide.

14 Q Color?

15 A Of the baggage cart?

16 Q Yes.

17 A White.

18 Q And could you describe the baggage
19 cart? In other words, does it have enclosures? Is
20 it open? Is it something else?

21 A It's square.

22 Q Is this a baggage cart that would be
23 operated by hand or would it be connected to a tug
24 or something else?

25 A It would be connected to a tug.

Page 72

1 Q Do you know who put the baggage cart in
2 the location it was prior to your accident?

3 A No, I don't.

4 Q Would it have been a Jet Blue employee?

5 A I don't know.

6 Q Do you know how much the baggage cart
7 weighs?

8 A Baggage carts, they weigh approximately
9 seventeen, 1800 pounds.

10 Q Did it have four wheels?

11 A Yes.

12 Q Did it have any braking mechanism?

13 A Yes.

14 Q Where is the braking mechanism located?

15 A It would be located in the front of the
16 baggage cart.

17 Q When you say in front, is that in front
18 next to any specific part or portion or component
19 of the baggage cart?

20 A It would be -- you would know the front
21 of a baggage cart if you see the tong. Tong is a
22 long piece of steel with a hoop on the end of it.

23 Q And where are the brakes located
24 relative to the tong? Are they near the wheels?
25 Are they near something else?

Page 73

1 A The tong is connected to the brake
2 mechanism. The brake mechanism is attached to the
3 front wheels of the baggage cart.

4 MR. GORMLEY: Could you read that back,
5 please?

6 (The answer is read by the reporter as
7 follows:

8 "Answer: The tong is connected to the
9 brake mechanism. The brake mechanism is
10 attached to the front wheels of the baggage
11 cart.")

12 Q Is there a switch or a control that
13 controls whether the brakes are engaged or not
14 engaged?

15 A The tong.

16 Q So the tong would control whether or
17 not the brakes were operational.

18 A That's correct.

19 Q Prior to your accident did you have any
20 opportunity to take a look at this baggage cart and
21 tell whether the brakes were -- whether the tong
22 was in a position where the brakes were engaged?

23 A All tongs are in position at all times
24 unless connected to a vehicle.

25 Q Is that like a default setting?

Page 74

1 A (No response.)
 2 Q In other words, if --
 3 A If the tong is up, that means it's in
 4 the locked position.
 5 Q And was the tong up on this baggage
 6 cart prior to your accident?
 7 A Yes.
 8 Q And did you actually physically observe
 9 that or --
 10 A I physically saw that, yes.
 11 Q The staircase that you were discussing
 12 earlier, could you describe that staircase in terms
 13 of its dimensions?
 14 A It's about eight, nine feet high. A
 15 basic set of stairs made out of steel with rails on
 16 the side, also mounted on wheels, four wheels.
 17 Q Anything else that you can describe
 18 about the fueller stairs?
 19 A No, they're basic stairs.
 20 Q How did you know these were fueller
 21 stairs as opposed to any other type of stairs?
 22 A They're marked Allied.
 23 Q Where is the demarcation for Allied on
 24 the stairs?
 25 A I don't recall if it was on the actual

Page 75

1 -- they used to have like a little plate on the
 2 side, Port Authority plates. I don't know if it
 3 was in the rear or if it was actually sprayed in
 4 the front 'cause that's how they used to mark some
 5 of their equipment. They used to spray the Allied
 6 name on it.
 7 Q When you say sprayed, you mean spray-
 8 painted?
 9 A Spray-painted, that's correct.
 10 Q When you say it's either on the plate,
 11 is that like a license plate or I just want to
 12 understand what you mean by plate.
 13 A All equipment on the ramp has to be
 14 Port Authority-plated. If not, it's not allowed to
 15 be on the ramp. It means it's just supposed to be
 16 plated, anything.
 17 Q Okay.
 18 But when you say plated, are you
 19 referring like it might be smaller but is it like a
 20 license plate? Is it a tag or is it something
 21 else?
 22 A It's a license plate.
 23 Q And on this Port Authority, what we'll
 24 call a license plate, does it have the name Allied
 25 on it?

Page 76

1 A No. I don't believe so.
 2 Q Okay.
 3 Well, when you said there was a plate
 4 on the side that would have the name Allied, I just
 5 want to understand what you mean by that.
 6 A I don't mean a license plate. I meant
 7 like an additional plate maybe on the piece of
 8 equipment that they sprayed their logo on.
 9 Q What are these stairs generally used
 10 for based on your observations?
 11 A My observations those stairs are used
 12 for Allied fuelers who cannot reach the -- cannot
 13 reach the aircraft to fuel it and they use the
 14 hose, they climb up on the ladder and fuel the
 15 aircraft.
 16 Q And based on your observations where
 17 are these fueller stairs generally kept when they're
 18 not in use?
 19 A Stairs are usually -- there's no one
 20 specific location for stairs or equipment. Staging
 21 equipment they would call it but there's no
 22 specific area where Allied would stage their
 23 equipment.
 24 Q Is there any specific location where
 25 they were not to stage their equipment?

Page 77

1 A Specific location to not stage any
 2 equipment in the general rules would be on the
 3 runways and, you know, anyplace where the aircraft
 4 would actually need to pull into, like direct line
 5 of contact, the lines that would bring the aircraft
 6 in. There was like yellow lines painted so they
 7 would have guidance to come into the gates. You
 8 couldn't park any equipment in those areas.
 9 Q Were either the fueller stairs or the
 10 baggage cart located in an area where they were not
 11 supposed to be based on your observations that day?
 12 A No.
 13 Q Had you seen fueller stairs in a same or
 14 similar location as they were on the date of the
 15 accident on other occasions prior to your accident?
 16 A Did I see?
 17 Q Fueller stairs located in a similar
 18 location as where they were on the date of your
 19 accident but prior to your accident.
 20 A (No response.)
 21 Q In other words, did you ever see fueller
 22 stairs in that location before?
 23 A In that area, yes.
 24 Q Do fueller stairs have locks and brakes?
 25 A They do have locks/brakes, I would

Page 78

1 say.

2 Q What word would you use for them so I
3 can use yours?

4 A I would say brakes.

5 Q Where were the brakes located?

6 A The brakes are located on the -- next
7 to the wheels.

8 Q How many brakes do they generally have?

9 A I'm not a hundred percent sure but I
10 would say four. They're like a step brake. It's a
11 metal plate and it goes from left to right and you
12 just step on it, kind of like what they use for
13 strollers, baby strollers. It would be the same
14 type of mechanism.

15 Q On the date of the accident did you
16 have any occasion to look at the brakes on the
17 fueler stairs?

18 A I don't inspect other equipment.

19 Q I meant on the ones -- I'm sorry, I
20 meant to be more specific.

21 Did you ever take a look at the brakes
22 on the fueler stairs of the stairs that were
23 involved in your accident?

24 A I did not.

25 Q Did anyone else?

Page 79

1 A Benjamin Thomas.

2 Q Did you have any conversations with
3 Mr. Thomas regarding the brakes?

4 A Yes.

5 Q And what conversation did you have?

6 A When he came in the office to check on
7 me before I was taken over to the Medport area, he
8 said that the brakes weren't on on the stairs and
9 he just pushed it right back to the wall.

10 Q Where did this conversation take place?

11 A When he -- after he pushed out the
12 flight, I was waiting for a ride to go to medical.

13 Q So you were in the office?

14 A Yes, I went to the office.

15 Q All right, we'll get back to that in a
16 second.

17 I'm going to go back to the accident
18 sequence.

19 You may have answered this question
20 already, so if I did ask it, I apologize. I just
21 want to lead into the next step. But what struck
22 you first, the baggage cart, the fueler stairs or a
23 combination thereof?

24 A It was the stairs.

25 Q What part of the stairs came in contact

Page 80

1 -- what part of your body came in contact with the
2 stairs?

3 A It was my full body. I remember
4 putting up my arms -- my hands to brace myself and
5 the stairs came into my arms and pushed me back and
6 hit me on the bottom 'cause I kind of tilted back.

7 Q When you put out your hands to brace
8 yourself, were you able to stop the forward motion
9 of the fueler stairs?

10 A After I was pushed back, yeah, I was
11 able to slow it down.

12 Q How far were you pushed back?

13 A I don't recall.

14 Q Do you know if it was one step, ten
15 steps?

16 A I don't recall.

17 Q When you were pushed back did any part
18 of your body, the back of your body, come in
19 contact with any object or item?

20 A No.

21 Q How far -- I just want to get the
22 configuration here.

23 If you're standing next to the baggage
24 -- if you're standing next to the belt loader,
25 were the fueler stairs and baggage cart directly in

Page 81

1 front of you or behind you or to the side?

2 A We went over that.

3 Q I just want to make sure.

4 A They're behind me.

5 Q They're behind you.

6 A If I'm loading the bags from the belt
7 loader, the objects were behind me.

8 Q Okay.

9 And as was the aircraft that came in.
10 Is that correct?

11 A Which aircraft?

12 Q The United aircraft.

13 A Yes.

14 MR. GORMLEY: Jay, do you have any
15 problem with him drawing a picture of where
16 this all occurred?

17 MR. MASCOLO: No. I was going to
18 suggest it.

19 MR. GORMLEY: I was hoping to use the
20 photographs.

21 Q But why don't we do this. We're going
22 to have you -- that's for you, unless somebody's
23 got a cleaner sheet.

24 I'm going to have you draw a photograph
25 of the area of where everything was in proximity to

Page 82

1 one another.
 2 MR. MORYAN: Draw a diagram.
 3 Q Draw a diagram. Sorry.
 4 Leave enough room for -- these are the
 5 items I'm going to have you draw so you know what I
 6 want exactly.
 7 A I could do a roundabout.
 8 Q I'm not expecting that you're going to
 9 have the exact distances --
 10 A I could just draw where the plane came
 11 in and where I was standing and where he's pulling
 12 in.
 13 Q Exactly.
 14 A That's what you want?
 15 Q Let's start with this. What's the
 16 easiest thing for you to start with?
 17 A Maybe I could start with where the
 18 United plane came in.
 19 Q Why don't you draw where the plane came
 20 in.
 21 A This is the runway. This is the runway
 22 over here where he came in.
 23 Q Now, where's the gate in which it
 24 pulled into?
 25 A Okay. Going this way.

Page 83

1 The gate where who pulled into?
 2 Q Where the United aircraft pulled into.
 3 A Okay. It came in this way.
 4 Q Drawing an arrow.
 5 A Yes. And his gate would be around here
 6 in this area.
 7 Q Okay.
 8 Was he pulling into a gate that has a
 9 jet bridge?
 10 A I don't recall if it had -- it has to
 11 have a jet bridge. People got to get off.
 12 Q Well, they could use stairs to get off,
 13 as well.
 14 A No, no, it had to have a jet bridge. I
 15 don't remember visually seeing one but I'm ninety
 16 percent positive that there's a jet bridge there.
 17 Q Okay.
 18 Do you know what kind of aircraft it
 19 was, by the way, the United aircraft?
 20 A They told me -- Benjamin told me and he
 21 said the other crew members stated that it was a
 22 triple 7. I don't -- I can't say what kind it
 23 was. I wasn't.
 24 Q Okay.
 25 A What else?

Page 84

1 Q All right.
 2 Now, where's your aircraft relative to
 3 the gate where this aircraft pulled into?
 4 MR. MASCOLO: You want to label that
 5 United gate?
 6 THE WITNESS: Yeah, United.
 7 A And where was our aircraft?
 8 Q Yes, where was your aircraft?
 9 A Our aircraft was over here, about over
 10 here.
 11 Q Okay.
 12 Now, where's your belt loader?
 13 A The belt loader is -- here's the front
 14 door. The belt loader is here.
 15 Q Could you write belt loader next to
 16 that?
 17 A Um-hum.
 18 Q And on the airplane could you write Jet
 19 Blue?
 20 (The witness complies.)
 21 Q And where were you standing just prior
 22 to the accident?
 23 A It would be on the right side, me.
 24 Q Could you write your initials?
 25 A FG.

Page 85

1 Q And could you put a BT next to where
 2 Mr. Thomas would have been at or around the time of
 3 the accident?
 4 A He was -- BT.
 5 Q Was he in front of the belt loader?
 6 A There was a baggage cart here.
 7 Q There was a baggage cart between --
 8 A Well, it was right here. This was a
 9 baggage cart and here's the belt loader where I was
 10 standing and Benjamin Thomas was kind of in the
 11 center but kind of like next to me at the same
 12 time. We were together standing next to each other
 13 loading bags up to the belt loader.
 14 Q Up to the belt loader.
 15 A Um-hum.
 16 Q So this belt loader, I'm not sure how
 17 I'm going to describe this but I'll try. The
 18 little box, why don't you put in that little box
 19 why don't you put --
 20 A Bag cart?
 21 Q Bag cart, yes.
 22 (The witness complies.)
 23 Q Basically you're taking items off this
 24 baggage cart and putting them on the loader that go
 25 up to this Jet Blue aircraft. Is that correct?

Page 86

1 A That's correct.
 2 Q Now, where is the baggage cart and the
 3 fueller stairs prior to the accident? Where are
 4 they located?
 5 A They're located over here.
 6 Q Okay. You indicated earlier, and
 7 correct me if I'm wrong, that these were next to
 8 the terminal building? Could you draw the terminal
 9 building?
 10 A Something like that. Terminal.
 11 Something like that.
 12 Q Was the terminal building circular?
 13 A I don't know. I just drew it like
 14 that. I don't remember.
 15 Q Okay.
 16 And that's gate 1 or 2. Is that
 17 correct?
 18 A That's correct.
 19 Q Okay.
 20 And when the United aircraft -- could
 21 you indicate to the best of your ability as to
 22 where the baggage cart and the fueller stairs moved
 23 from and to?
 24 A Yes. They were here where the X is and
 25 then they moved this way and hit me.

Page 87

1 Q Okay.
 2 A Here's where the plane would -- the
 3 runway goes -- the alley goes in this way and then
 4 there's, you know, there's additional gates here.
 5 But the plane came in. After he paused he came in
 6 this way and powered up to get into the gate to
 7 pull in.
 8 Q So in the location where you've
 9 testified he paused, can you put the word paused?
 10 A Yeah. He paused about here.
 11 Q And just to go back so we understand
 12 later, you put an X. Can you put -- the X in the
 13 photograph, that depicts the area of the location
 14 of the baggage cart and the fueller stairs prior to
 15 your accident. Correct?
 16 A Correct.
 17 Q And then you've drawn a straight line.
 18 Can you make it an arrow?
 19 A Yes.
 20 Q Okay.
 21 And that arrow goes from that X to
 22 another X which is above the FG. Correct?
 23 A That's correct.
 24 Q And FG is you.
 25 A That's correct.

Page 88

1 Q Okay.
 2 And if I understood you correctly,
 3 that's the direction from which the baggage cart
 4 and the fueller stairs moved from the first X to the
 5 second X.
 6 A That's correct.
 7 Q Okay.
 8 MR. GORMLEY: Off the record.
 9 (There is a discussion off the record.)
 10 Q And just so I'm clear, the distance --
 11 you indicated there was approximately a hundred
 12 feet, if I recall, between yourself and the United
 13 aircraft?
 14 A I believe I said it was a few hundred
 15 feet.
 16 Q A few hundred feet.
 17 A Yeah. I'm not good with footage and
 18 stuff like that but it was quite a distance.
 19 Q Okay.
 20 Were any of the other United aircraft
 21 on any other gates that morning?
 22 A I don't recall.
 23 MR. GORMLEY: Can we have the court
 24 reporter mark that as defendant's exhibit 4?
 25 MR. MORYAN: Defendant's exhibit 4. Do

Page 89

1 we have 1, 2 and 3, yet?
 2 MR. GORMLEY: Good point. Make it D.
 3 (Diagram is marked DD for
 4 Identification.)
 5 Q And just so we're clear, defendant's
 6 exhibit D for Identification, that's a depiction
 7 that you're making today of the area in or around
 8 where your accident occurred. Right? Is that
 9 correct?
 10 A That's correct.
 11 Q And, obviously, the distances and
 12 locations, exact locations of things are not drawn
 13 to scale but does this fairly and accurately depict
 14 in general terms the area where your accident
 15 occurred and locations of items in that area?
 16 A Yes, that's a basic, very basic,
 17 drawing.
 18 Q Okay.
 19 But it's a fair and accurate
 20 representation based on what you recall of the
 21 accident, of course not drawn to scale, but a fair
 22 and accurate representation nonetheless. Correct?
 23 A Yes.
 24 Q Did the baggage cart ever come in
 25 contact with you?

Page 90

1 A Not with me personally, no.
 2 Q Where did the -- how did the baggage
 3 cart -- the baggage cart stopped at some point.
 4 How did the baggage cart stop?
 5 A By hitting me.
 6 Q So the baggage cart did come in contact
 7 with you.
 8 A The baggage cart -- the stairs hit the
 9 baggage cart which hit me.
 10 Q Okay.
 11 A The stairs hit the baggage cart. The
 12 stairs and baggage cart hit me.
 13 Q At the same time or at different times?
 14 A I just seen them coming together. But
 15 I was hit by the stairs, if that's what you're
 16 asking me.
 17 Q Well, I'm asking you did the cart hit
 18 you, as well?
 19 A It didn't hit me.
 20 Q Did it hit anything else?
 21 A The stairs hit the cart.
 22 I don't know what you're asking me.
 23 It's not --
 24 Q I'm not trying to trick you.
 25 A I'm not saying that.

Page 91

1 Q Let me ask it again because I
 2 understood the first part but I don't understand
 3 the second part. It's probably me and not you.
 4 You indicated that the stairs hit you.
 5 Correct?
 6 A Correct.
 7 Q When you put your hands out, it hit you
 8 and you were pushed back. Correct?
 9 A That's correct.
 10 Q The baggage cart, did the baggage cart
 11 ever hit you?
 12 A No.
 13 Q Okay. I thought you answered
 14 differently before. I may have misheard you.
 15 That's why I'm asking.
 16 Did the baggage cart hit anything else
 17 before stopping? I know it was hit by the stairs
 18 but after it was hit by the stairs did it hit
 19 anything else?
 20 A No.
 21 Q Did it come to rest someplace?
 22 A Yes.
 23 Q Where did it come to rest?
 24 A On the stairs.
 25 Q After the stairs hit you did they

Page 92

1 remain upright or did they turn over?
 2 A They were upright.
 3 Q Okay.
 4 But after they hit you and you stopped
 5 them, were they still upright?
 6 A Yes.
 7 Q At any time did they fall over?
 8 A No.
 9 Q At any time did the baggage cart fall
 10 over?
 11 A No.
 12 Q When you indicated that the baggage
 13 cart ended up on top of the stairs, how is that --
 14 could you describe that?
 15 A I don't mean rolled over. I meant
 16 together.
 17 Q One pushed against the other.
 18 A Yes.
 19 Q Do you know what gate -- I may have
 20 asked you this and I apologize because I've gone
 21 back and forth a bit.
 22 Do you know what gate number the United
 23 aircraft was coming in on?
 24 A No.
 25 MR. GORMLEY: Okay.

Page 93

1 Could you mark that, please,
 2 defendant's exhibit E?
 3 (Ramp Irregularity Report is marked DE
 4 for Identification.)
 5 Q Before I get into this, let me ask you,
 6 after being struck by the stairs, what happened
 7 immediately next?
 8 A I stood there for a second, kind of
 9 leaned up against another piece of, you know, like
 10 to sit for a second. Like I just leaned against
 11 the belt loader because Benjamin was yelling if I'm
 12 okay, if I'm okay, and I was like, "Yes, I think
 13 I'm okay."
 14 I said, "I don't know." I said, "I'm
 15 shaken up." I said, "I'm kind of hurting right
 16 now, too."
 17 So he said, "Well, go to the office and
 18 go tell Mike."
 19 So I said, "Yeah, I'm gonna go over
 20 there. I'll talk to you in a little bit."
 21 And that's exactly what happened. I
 22 went over to the office. I notified my manager.
 23 Q Other than your hands did the stairs
 24 come in contact with any other part of your body?
 25 A I believe it was my right knee.

Page 94

1 Q When you were leaning against the belt
2 loader right after the accident, could you describe
3 any pain that you were having?
4 A For a minute I was kind of numb and
5 shaken up and by the time I started walking, which
6 was only a couple seconds after Benjamin told me to
7 go to Medport or, you know, go see Mike, I started
8 feeling some throbbing and stuff but I didn't -- I
9 just went to Medport.
10 Q Where were you feeling the throbbing?
11 A My neck, my shoulders, back. I felt
12 the knee was hurting a little bit.
13 Q How long after the contact between
14 yourself and the stairs did you leave the scene?
15 A It was almost immediately.
16 Q Other than the conversation you just
17 recounted with Benjamin regarding going to the
18 office and notifying your manager, did you have any
19 other conversation about the accident at that
20 moment?
21 A No.
22 Q Did you have any conversation with
23 anyone from -- anyone other than Benjamin before
24 leaving and going to the office?
25 A I believe we placed a phone call to

Page 95

1 Operations, our Operations, and told them what
2 happened, that a United plane just pulled in and
3 jet-blasted myself and the equipment into me and to
4 call them. They were supposed to call them, from
5 what I recall. They were supposed to call United
6 tower, I think it was.
7 Q Who placed the phone call?
8 A I don't recall if it was me or
9 Benjamin.
10 Q Okay.
11 And do you know who you or Benjamin
12 spoke with?
13 A I believe the call was taken by a
14 gentleman named Rob in our Operations Department.
15 I can't recall the last name.
16 Q Was there any other thing -- anything
17 else discussed with Rob other than what you've
18 described thus far?
19 A No, we just told him what happened to
20 me. That was it.
21 Q Were you bleeding from any part of your
22 body?
23 A No.
24 Q How did you get from the accident
25 location to your office?

Page 96

1 A I walked over.
2 Q And after you arrived, what did you do
3 next?
4 A I notified Mike Esposito, the manager
5 on duty.
6 Q What happened next?
7 Actually, what did you say to Mike?
8 A I told him what happened with the --
9 what happened to me on the gate.
10 Q Did you tell Mike that you had injured
11 any part of your body?
12 A I told him I was hurting.
13 Q And did you tell him which part of your
14 body was hurting?
15 A I don't recall telling him which part.
16 We didn't discuss body parts, I don't recall.
17 Q Did anyone call an ambulance or
18 anything like that to the scene?
19 A No, I was driven.
20 Q Driven where?
21 A To J.F.K. Medport.
22 Q Were the Port Authority police ever on
23 the scene of the area where the accident occurred?
24 A No.
25 Q Did you have any conversations with

Page 97

1 anyone from United yourself with respect to the
2 accident before leaving the area?
3 A No.
4 Q Did you talk to anyone other than
5 Benjamin Thomas before leaving the area?
6 A Yes.
7 Q Who else did you speak with?
8 A Michael Esposito.
9 Q I mean the accident area on the
10 tarmac.
11 A No.
12 Q Was Mr. Esposito on the tarmac?
13 A No.
14 Q Other than speaking with Benjamin
15 Thomas did you speak with anyone else, whether it
16 be from Jet Blue, United or anyone else, with
17 respect to the accident before leaving the scene of
18 the accident?
19 A No.
20 Q Do you know if anyone other than
21 Benjamin Thomas actually witnessed your accident
22 occur?
23 A I don't know of, no.
24 Q Okay.
25 How long after you arrived back in the

Page 98

1 office did you leave for J.F.K. Medport?
 2 A I was taken immediately.
 3 Q Did you complete a Ramp Irregularity
 4 Report in connection with this accident?
 5 A Yes.
 6 Q When was that completed?
 7 A I believe it was the same day.
 8 Q Okay.
 9 Was it before or after you went to
 10 J.F.K. Medport?
 11 A It was after, I believe. Yes.
 12 I'm not a hundred percent sure.
 13 No, I think I finished it, I came back
 14 and they told me to write a Ramp Irregularity
 15 Report and Benjamin was already writing his
 16 incident report, the statement.
 17 Q I'm going to show you what's been
 18 marked as defendant's exhibit E for Identification
 19 and I'd ask you to take a look at that and I'll ask
 20 you some questions about it.
 21 A Um-hum.
 22 (The witness refers to DE for
 23 Identification.)
 24 A All right.
 25 (There is a discussion off the record.)

Page 99

1 Q Okay.
 2 Did you have an opportunity to review
 3 defendant's exhibit E?
 4 A Yes.
 5 Q Okay. And what is this document?
 6 A This is a Ramp Irregularity Report.
 7 Q Can you tell me generally how a Ramp
 8 Irregularity Report is prepared? Is it something
 9 you type up, something someone else types up,
 10 something else?
 11 A Anybody can type it up.
 12 Q Okay.
 13 And who typed up this Ramp Irregularity
 14 Report?
 15 A I don't recall if it was me or one of
 16 the crew members assisted when I came back or when
 17 I was leaving.
 18 Q Who provided the information that's
 19 contained in defendant's exhibit E?
 20 A I did.
 21 Q This looks like an e-mail that's
 22 printed out of some form. Is that correct?
 23 A Yes.
 24 Q Is it that you enter information into a
 25 data base and it shoots an e-mail back to you? How

Page 100

1 does that work?
 2 A Yeah, this is the safety reports, the
 3 JEMS reporting. JEMS, J-E-M-S.
 4 Q What does JEMS stand for?
 5 A I don't recall.
 6 Q So would you basically type information
 7 into a data base and once you save that
 8 information, an e-mail is generated?
 9 A Right. And they return it back to
 10 whoever it was under, whoever sent it, which in
 11 this case it would be me.
 12 Q Okay.
 13 And it also sends it to other
 14 individuals other than just yourself. Is that
 15 correct?
 16 A That's correct.
 17 Q Okay.
 18 You see where it says Date of the
 19 Event, it says 1/21/2008 and underneath that it
 20 says Time of Event, 0653. Do you recall that being
 21 the time that the accident occurred?
 22 A I guess so.
 23 Q Okay.
 24 A I don't recall the exact time. This
 25 was three years ago. I mean, if I wrote it there,

Page 101

1 if it was written there; then approximately that's
 2 correct.
 3 Q Well, do you see also up on the top, up
 4 next to the word From and next to that it says Sent
 5 and it says 1/21/2008 at 7:42 a.m.?
 6 A That's correct.
 7 Q This e-mail would only be generated at
 8 a time after you inputted the information. Is that
 9 correct?
 10 A It goes into a system and they pretty
 11 much send it back out like you stated.
 12 Q So the Sent part indicates that this
 13 e-mail was sent at or about 7:42 a.m. Is that
 14 correct?
 15 A Yes, if it says Sent.
 16 Q Okay.
 17 A Then, yes, I guess that's the time it
 18 was sent at.
 19 Q Okay.
 20 Now, I'm going to go down to the
 21 description of the event.
 22 Actually, just to make it easy, can you
 23 read the description of the event, please?
 24 A You want me to read it?
 25 Q Yes, since you inputted it or provided

Page 102

1 the information.

2 A It says, "Description of Event: I was
3 assigned to zone 1 covering gates 1 through 7. I
4 was asked by the Lead Benjamin Thomas to assist
5 with his flight. Benjamin and I loaded the front
6 of the aircraft. I was located on the right side
7 of the belt loader (ground) and he was located on
8 the left (baggage cart was staged between us while
9 loading). A United aircraft powered in to their
10 gate 10 across the field. I and Benjamin continued
11 to load our aircraft. I heard a noise from behind
12 me, turned around and seen baggage cart 1056 and an
13 Allied Fueller stairs coming straight towards me. I
14 held out my arms to protect myself from being
15 pinned against the belt loader and the GSE from
16 coming into contact with the aircraft and the
17 baggage cart and stairs pushed me back but I was
18 able to stop both pieces of equipment. I then
19 notified Operations of the incident and then
20 notified our GSE department of faulty brakes on the
21 baggage cart. Benjamin and I both noticed the
22 safety tong was in the correct position (locked)
23 but the baggage cart continued to move. He then
24 inspected the cart after the incident (pushing it
25 by hand with the tong in the up position) and the

Page 103

1 baggage cart brakes were not working. The Allied
2 stairs were not in the locked position at the time
3 of the event."

4 Q Okay. Thank you.

5 About six or seven lines down there's a
6 reference to GSE, capital G, capital S, capital E.
7 Could you tell me what that is?

8 A Ground service equipment.

9 Q The third line down it says, "A United
10 A/C," which I believe you said means aircraft,
11 "powered in to their gate 10 across the field."

12 Does reviewing this document refresh
13 your recollection as to where the United aircraft
14 was powered -- which gate the United aircraft was
15 powered into?

16 A Into their gate 10.

17 Q Correct.

18 A Yes.

19 Q So now is that -- does that refresh
20 your recollection as you sit here today as to which
21 gate they were pulling into?

22 A Well, if that's what it states there,
23 yes.

24 Q You provided all of the information in
25 the description of the event. Correct?

Page 104

1 A Yes, I provided that information.

2 Q And this was provided shortly after the
3 accident occurred. Correct?

4 A I believe so, yes.

5 Q You indicated halfway down,
6 approximately halfway down, "I held out my arms to
7 protect myself from being pinned against the belt
8 loader and the GSE from coming into contact with
9 the aircraft and the baggage cart and stairs pushed
10 me back."

11 You indicated earlier that the baggage
12 cart didn't come in contact with you. Does this
13 refresh your recollection as to whether or not the
14 baggage cart did or did not push you back?

15 A No, it was the stairs that pushed me
16 back.

17 Q Okay.

18 A I put out my arms and they came in
19 contact with the stairs. It was in motion.

20 Q Right. It says here, "the baggage cart
21 and stairs pushed me back" so I'm asking did the
22 baggage cart push you back as indicated in
23 defendant's exhibit E?

24 A If it's stating that both pieces of
25 equipment pushed me back, what I can recall from

Page 105

1 and what I seen and what was actually hit my body
2 was the stairs.

3 Q Okay.

4 You also indicated, "I was able to stop
5 both pieces of equipment."

6 How did you stop the baggage cart?

7 A Alls I remember is the stairs hitting
8 me, me putting out my arms and I was thrown back a
9 couple of feet. I would assume it was a couple
10 feet. It was a couple steps. And everything just
11 came to a halt.

12 I seen the stairs in front of me. Then
13 there was a white baggage cart behind it, a white
14 Jet Blue baggage cart behind it.

15 Q When the fueller stairs first hit the
16 baggage cart, did the baggage cart move at that
17 time or was the baggage cart in motion already?

18 A When we were jet-blasted, they were in
19 motion. It was in motion. The stairs hit the
20 baggage cart, spun around and they came and hit me.

21 Q You indicated earlier that the baggage
22 cart was further away from you -- I'm sorry, was
23 closer to you than the stairs. Right?

24 A Right.

25 Q Before the jet blast.

Page 106

1 A Right.
 2 Q So then the stairs hits the baggage
 3 cart.
 4 A Um-hum.
 5 Q And then it spins around?
 6 A Yeah, it spun around. I don't recall
 7 how it was actually facing 'cause there's a back
 8 part and then there's a stairs. It's like a
 9 triangle. And I remember it spinning around but,
 10 like I said, I don't remember how it was staged
 11 prior to that, like which direction the stairs were
 12 actually put. I just remember it spinning around
 13 and it came right at me.
 14 Q Now, the last portion of your statement
 15 says, "The Allied stairs were not in the locked
 16 position at the time of the event."
 17 Is that the information that you
 18 received from Mr. Thomas, the last sentence?
 19 A Yes.
 20 They wouldn't move if they were were in
 21 the locked position. But I'm just assuming.
 22 MR. GORMLEY: I'm going to mark this as
 23 defendant's exhibit F.
 24 (Crewmember Incident Statement is
 25 marked DF for Identification.)

Page 107

1 Q Actually, before we go to this, the
 2 Ramp Irregularity Report, after Author, four lines
 3 down there's an Aircraft N Number, the letter N
 4 capitalized.
 5 A Yes.
 6 Q And then next to that it says N267JB.
 7 Correct?
 8 A That's correct.
 9 Q Is that the aircraft number for the Jet
 10 Blue aircraft that you were catering?
 11 A Yes.
 12 Q I'm sorry, not catering. Uploading,
 13 rather.
 14 A Yes.
 15 Q And Flight Number 25, that's the flight
 16 number for the aircraft that you were uploading, as
 17 well. Correct?
 18 A That's correct.
 19 Q So those numbers don't have anything to
 20 do with the United aircraft. Correct?
 21 A Those do not.
 22 Q Okay.
 23 I'm going to show you what's been
 24 marked as defendant's exhibit F for
 25 Identification. Take a look at that and let me

Page 108

1 know when you're done.
 2 (The witness refers to DF for
 3 Identification.)
 4 A Okay.
 5 Q All right.
 6 Defendant's exhibit F, have you seen
 7 that document before?
 8 A Yes.
 9 Q And what is that document?
 10 A This is a Crewmember Incident
 11 Statement.
 12 Q Okay.
 13 And was this statement -- whose name
 14 appears next to the word Name?
 15 A Benjamin G. Thomas.
 16 Q And to your knowledge, is this a
 17 Crewmember Incident Report prepared by Mr. Thomas?
 18 A Yes.
 19 Q And was this prepared on the date of
 20 the accident?
 21 A Yes.
 22 Q And was this the incident statement
 23 that you referred to earlier when you were typing
 24 in the information into your Ramp Irregularity
 25 Report?

Page 109

1 You indicated that Mr. Thomas was
 2 preparing a statement. Is this the document that
 3 he was preparing?
 4 A This is what Benjamin prepared.
 5 Q Okay.
 6 I'm going to read the statement. I'm
 7 not going to have you read it because it's not
 8 yours. I don't want you to read something that's
 9 not yours but I'll read it and ask you if I read it
 10 incorrectly.
 11 It reads as follows. There's a section
 12 that says, "Describe in your own words and in as
 13 much detail as possible what you know about the
 14 incident. Include names of others present. Use
 15 reverse side to draw diagram of the mishap scene
 16 including all equipment, aircraft, et cetera, if
 17 applicable."
 18 And underneath that there's some
 19 handwriting. Is that correct?
 20 A That's correct.
 21 Q Okay.
 22 And do you know if the handwriting is
 23 Mr. Thomas's handwriting himself?
 24 A Yes.
 25 Q And it reads as follows, and after I'll

Page 110

1 ask you to tell me if I read it correctly or not.
 2 "On this day supervisor Frank Gatto
 3 was assisting me upload flight 25 (FLL) on gate 4.
 4 During the upload the wind (blowing steadily) blew
 5 baggage cart number 1056 into the fueler stairs,
 6 then both pieces of equipment began moving toward
 7 Mr. Gatto at a rapid pace. Mr. Gatto's attention
 8 was drawn to the noise and movement and was able to
 9 stop the equipment from smashing into himself,
 10 myself or the plane. Upon" -- which looks like I
 11 believe it's the word upon -- "further examination
 12 by myself I was able to physically push cart by
 13 hand, while brake was set with minimum effort. GSE
 14 was notified."

15 Underneath that it has Print Name and
 16 then the words Benjamin G. Thomas and then a
 17 signature line and what at least appears to, and
 18 I'm not going to ask you to confirm one way or
 19 another whether that is Mr. Thomas's signature.
 20 But actually do you know if that is Mr. Thomas's
 21 signature?

22 A This is the report that he handed in.

23 Q Okay. Do you know if that's his
 24 signature? I mean, if you know. If you don't know
 25 --

Page 111

1 A If I was to see it today and had to
 2 compare signatures, I couldn't tell you.

3 Q That's exactly what I wanted to know.

4 Approximately five lines down he
 5 indicates in his statement that the wind blew the
 6 baggage cart into the fueler stairs. But you
 7 indicated that the fueler stairs hit the baggage
 8 cart.

9 Does that refresh your recollection as
 10 to how the accident occurred?

11 A Yes.

12 Q Okay.

13 So it was the baggage cart that hit the
 14 fueler stairs?

15 A No, I didn't say that.

16 Q I'm asking you he says that in his
 17 statement.

18 A Well, he was in the middle of the
 19 baggage cart with his back turned toward it.

20 Q Okay.

21 So where did he get the information
 22 that the baggage cart number 1056 was blown into
 23 the fueler stairs?

24 A I don't know.

25 Q Okay. Is he incorrect in that

Page 112

1 statement?

2 A I don't know.

3 Q Well, based on what you observed that
 4 day, is that statement incorrect, that the baggage
 5 cart came into the fueler stairs as opposed to the
 6 fueler stairs coming into contact with the baggage
 7 cart?

8 A No, the fueler stairs came into the
 9 baggage cart.

10 Q Okay.

11 So when Mr. Thomas says that the
 12 baggage cart was blown into the fueler stairs in
 13 his statement, is he incorrect?

14 A I guess he would be.

15 Q Okay.

16 Anywhere in this statement does
 17 Mr. Thomas make any reference to the brakes on the
 18 fueler stairs?

19 A I'm sorry, say that again.

20 Q Anywhere in this statement did
 21 Mr. Thomas make any reference to the brakes on the
 22 fueler stairs?

23 A I don't see anything on this that says
 24 anything about the fueler stairs.

25 Q And anywhere in this statement did

Page 113

1 Mr. Thomas make any reference to jet blast?

2 A That's not the wording he used, no.

3 Q Okay.

4 What word did he use?

5 A It looks like "blowing steadily."

6 Q And what two words are before that? —

7 A "The wind."

8 Q Anywhere in this statement did

9 Mr. Thomas make any reference to a United aircraft?

10 A No.

11 Q From the time of the accident up to the
 12 present time have you had any conversations with
 13 anyone from Allied Aviation in connection with this
 14 accident?

15 A No.

16 Q Do you know if anyone else on your
 17 behalf, whether it be a co-employee or somebody
 18 else, spoke with Allied with respect to this
 19 accident?

20 A Anyone else?

21 Q Yes, that you know of. You know,
 22 whether it be someone you worked with, a friend,
 23 spoke with Allied Aviation regarding this accident?

24 A Would that include my lawyer?

25 Q That would include your lawyer.

Page 114

1 A I'm not aware if he spoke with Allied
2 yet.
3 Q Are you aware of any photographs that
4 have been ever taken of the fueler stairs that were
5 involved in your accident?
6 A No, I'm not.
7 Q Are you aware of any photographs that
8 were taken of the baggage cart that was in or about
9 the area of your accident?
10 A No.
11 Q Are you aware of any photographs
12 depicting the layout of where your accident
13 occurred?
14 A No, I'm not.
15 Q I don't mean anything I showed you
16 today. I just meant that you yourself were in
17 possession of.
18 A Okay. I understand.
19 MR. GORMLEY: Do you want to question
20 on liability?
21 MR. MORYAN: Yes.
22 MR. GORMLEY: Okay.
23
24 CROSS-EXAMINATION BY MR. MORYAN:
25 Q Mr. Gatto, my name is Jeff Moryan from

Page 115

1 Connell Foley. I represent United Airlines. I
2 have some questions.
3 I apologize in advance for two things:
4 one, if I go over anything that's already been
5 asked. I don't mean to unduly keep you here or be
6 repetitive. It's just that I'm a little unclear of
7 your testimony.
8 And I apologize in advance if I ask you
9 a question which either you don't understand or
10 doesn't sound right because sometimes lawyers talk
11 like nobody else in the world and we do a lot of
12 double and triple negatives, so if you at any point
13 in time do not understand one of my questions,
14 please do not answer. Tell me you don't understand
15 and I'll try to rephrase it in such a way that you
16 do understand it. Okay?
17 A Okay.
18 Q I'm going to try to go back in reverse
19 chronological order because it might make some
20 sense but you indicated that you or somebody on
21 your behalf had a telephone call with a Rob in
22 Operations and why was that phone call made?
23 A To report the United powering into the
24 gate. They're not supposed to power into the
25 gate. And it was also to report what happened.

Page 116

1 Q Okay.
2 And what position did Rob -- I know you
3 don't know his last name but what position did Rob
4 hold?
5 A He was our Operations supervisor, I
6 believe.
7 Q Operations supervisor?
8 A Yes.
9 Q Do you know -- and did Rob ask you to
10 fill out any forms?
11 A No, Rob did not.
12 Q And do you know is that an official
13 title, Operations supervisor?
14 A Yes.
15 Q Okay.
16 Who, if you know, reported to Rob
17 directly?
18 A I believe it was me or Benjamin.
19 Q Okay. About this particular incident.
20 Right?
21 A Yes.
22 Q Now, do you know if Rob or someone on
23 his behalf contacted United Airlines?
24 A He stated he was going to call United
25 and notify them.

Page 117

1 Q Do you know if he did that?
2 A No.
3 Q At any time -- I believe you testified
4 earlier that you last worked for Jet Blue in or
5 about July 13, 2008?
6 A Yes.
7 Q Okay.
8 So from January 28, 2008 till July 13,
9 2008 did you ever go to Operations or Operations
10 supervisor Rob and ask him if he made the phone
11 call to United Airlines?
12 A Yes, I believe I spoke to him. I don't
13 recall the date that it was. It could have been
14 anywheres from one day to a couple of days later.
15 I asked him if he called. He says, "Yes, I called"
16 but it was pretty much left at that. He said he
17 spoke to somebody but I didn't take down no
18 additional names or nothing. He said he did notify
19 them, though.
20 Q What documentation or paperwork was
21 generated as a result of Rob's phone call?
22 A Nothing was generated. That was all
23 verbal from Rob and myself and I'm assuming
24 Benjamin, as well.
25 Q Now, you just indicated that the -- let

Page 118

1 me step back a second.

2 Do you know the tail number of the
3 United airlines plane that was involved?

4 A No, I didn't know. I don't think I
5 wrote it down in here or if they wrote it down in
6 here or not.

7 Q Okay.

8 Do you know whether or not anybody --
9 any -- whether it was Mr. Thomas or any other Jet
10 Blue ground crew that was on the tarmac on that day
11 went over to any United ground crew and made any
12 statements to them as a result of your incident?

13 A No.

14 Q Do you know if anybody went to the
15 flight crew and made any comments to the flight
16 crew about your incident?

17 A You're asking if anybody physically
18 went over there?

19 Q Correct.

20 A No.

21 Q Now, earlier you testified that there
22 was about forty or fifty Jet Blue ground people out
23 in this area because you said do you want the names
24 of the forty or fifty people on the tarmac when
25 counsel was asking questions.

Page 119

1 Who else was on the tarmac besides you
2 and Ben Thomas that morning?

3 A Well, it would be the entire crew that
4 was scheduled to work that day. I'd say about a
5 good fifty percent of them, maybe more, sixty
6 percent were probably out on the field at that
7 time.

8 Q Okay.

9 And who was in the general area of zone
10 1 other than you and Mr. Thomas?

11 A The other names I couldn't recall off
12 the top of my head.

13 Q Who were the two gentleman that were in
14 the aircraft taking the baggage from you and
15 Mr. Thomas?

16 A That I don't recall that either.

17 Q Do you remember -- now, you were at
18 least a supervisor of some of these people. They
19 reported to you. Correct?

20 A That's correct.

21 Q All right.

22 Can you just generally speaking give me
23 the names of the people that were reporting to you
24 in January 2008?

25 A Not right now I could not do that.

Page 120

1 Q Other than Ben Thomas do you know the
2 names of anybody that was reporting to you?

3 A In general?

4 Q In January 2008.

5 A It changed. Like if we employed a
6 thousand crew members or five hundred crew members,
7 they would rotate shifts and change shifts, so I
8 could have anybody, anyone of that whole manifest
9 of people that we employed. It could be anybody.
10 Sometimes you don't work with the same people every
11 day.

12 Q Okay.

13 What record would there be, what would
14 it be called, that would identify who was working
15 in zone 1 on January 28, 2008?

16 A It would be a crew roster is what they
17 would call it.

18 Q And do you know -- who keeps control of
19 the crew rosters once they're written up and
20 recorded for the day?

21 A That would be the MPC office which is
22 manpower coordinator.

23 Q And is that out of J.F.K.?

24 A Yes.

25 Q Okay. And do you know who the

Page 121

1 recordkeeper of the MPC office was, the
2 recordkeeper?

3 A It could have been a gentleman named --
4 man. I can give you a couple of names. I don't
5 know which one was the manpower coordinator for
6 that day, though.

7 Q Okay.

8 A I could give you a couple names.

9 Q Sure.

10 A Jamel Addison. It could have been
11 Trevor Diederville. There's another one, female,
12 Tesha Perkins. There was about four or five other
13 people --

14 Q Okay.

15 A -- that worked there. They were
16 different shifts and, again, they rotated and you
17 would only touch base with them rarely.

18 Q Now, you indicated earlier that the --
19 and I apologize for jumping around -- but you
20 indicated earlier that the baggage cart weighed
21 about 1700 or 1800 pounds. Correct?

22 A That's an approximate, yes.

23 Q Was that with or without baggage?

24 A Without.

25 Q Okay.

Page 122

1 And the baggage cart that was involved
 2 in this incident was empty?
 3 A Yes.
 4 Q Do you know how heavy fueler stairs
 5 are? Do you know how much weight, how much they
 6 weigh?
 7 A Well, judging by the -- that we have
 8 moved them before --
 9 Q Yes.
 10 A I'd say a few hundred pounds.
 11 Q Okay.
 12 A It could even be -- it could be
 13 actually even more than that.
 14 Q Okay.
 15 And if I understand your testimony --
 16 well, strike that.
 17 At the time of this incident you were
 18 in the Ground Operations department?
 19 A That's correct.
 20 Q Okay.
 21 And did the Ground Operations
 22 department have a manual?
 23 A Yes.
 24 Q And did it cover all ground operations
 25 including the uploading of aircraft?

Page 123

1 A Yes.
 2 Q Did it also include safety precautions
 3 to be taken for uploading of aircraft?
 4 A Yes.
 5 Q Did it include -- did it have a section
 6 on what steps ground crew were to take prior to
 7 uploading an aircraft to assure itself that all
 8 equipment nearby was secured, locked and brakes
 9 were operating?
 10 A I tell you the truth, I don't
 11 remember. It's been long since I -- we only used
 12 to refresh every so often.
 13 Q The area where you were at, that's
 14 called a ramp?
 15 A Yes.
 16 Q And you had worked in different
 17 capacities on the ramp for approximately six to
 18 seven years before this accident occurred?
 19 A (No response.)
 20 Q 2001 to 2008 roughly?
 21 A Well, I was shifted around.
 22 Q But you were on ramps.
 23 A Right.
 24 Q You were on ground duty. You were on
 25 ground operations.

Page 124

1 A Correct.
 2 Q And I take it that you had worked out
 3 on the ramp loading -- uploading and unloading
 4 baggage in different weather conditions over the
 5 years.
 6 A That's correct.
 7 Q Rain?
 8 A Yes.
 9 Q Cold?
 10 A Yes.
 11 Q Hot heat?
 12 A Yes.
 13 Q Windy, not windy?
 14 A Yes.
 15 Q Okay. In your personal opinion how
 16 windy would it have to be to be called blowing
 17 steadily?
 18 A I don't -- have no idea.
 19 Q Well, have you -- okay.
 20 Well, you said earlier that your memory
 21 was that it was not windy on the morning that you
 22 were injured. How high would the winds have to be
 23 for you to say they were windy?
 24 A That could be anything. I mean, it
 25 could be from a small gust of wind up until, I

Page 125

1 would assume like a tornado.
 2 Windy is -- I don't know. That's not
 3 my wording so I don't know what windy for him would
 4 be like that.
 5 Q What would windy for you be, five miles
 6 an hour?
 7 A I guess breezy. That would be breezy
 8 to me.
 9 Q Okay. What would ten miles an hour be
 10 to you?
 11 A I don't know. I don't know what ten-
 12 miles-an-hour winds feel like.
 13 Q Do you know what fifteen-miles-an-hour
 14 winds feel like?
 15 A No.
 16 Q How about wind gusts of twenty miles an
 17 hour, do you know what that feels like?
 18 A No.
 19 Q You also indicated in earlier
 20 questioning that you said it was not cold by any
 21 means. What temperature would it have to be
 22 Fahrenheit for you to say that it was cold out out
 23 on the ramp?
 24 A Well, it was in January. I mean, it
 25 was cold but not like freezing cold, like --

Page 126

1 MR. MASCOLO: Today?
 2 A Yeah, like today at all, by any means.
 3 It wasn't cold like that. I mean, I'm a warm-
 4 blooded person. I didn't feel that it was cold
 5 like that out.
 6 Q Okay.
 7 So 32 freezing, would that be cold for
 8 you as a ground operations person?
 9 A 32?
 10 Q Yes. Freezing.
 11 A It's cold but.
 12 Q Okay.
 13 How about ten degrees below that, 22,
 14 would that be cold?
 15 A Yeah, that's cold.
 16 Q How about in the teens?
 17 A Teens is cold, also.
 18 Q Okay.
 19 Do you know who Michael Costelano is?
 20 A Michael Costelano?
 21 Q Correct.
 22 A No.
 23 Q You do not. All right.
 24 Do you know if you talked to a Michael
 25 Costelano on the day in question to report this

Page 127

1 incident?
 2 A I don't recall a Michael Costelano.
 3 MR. MORYAN: Okay. Unfortunately, I
 4 don't have multiple copies of this and I have
 5 highlighting, but that's okay.
 6 Would you mark that as the next
 7 exhibit, please?
 8 (State of New York, Workers'
 9 Compensation Board, Employee's Claim For
 10 Compensation is marked DG for Identification.)
 11 Q Mr. Gatto, I'm going to show you what's
 12 been marked as DG for Identification. It's a
 13 Workers' Compensation Board Employee's Claim For
 14 Compensation. I want you to take a look at that
 15 and let me know when you're done, please.
 16 (The witness refers to DG for
 17 Identification.)
 18 A Okay.
 19 Q I hope you don't mind, I'm going to
 20 stand behind you since it's my only copy.
 21 Is that your signature at the bottom
 22 next to the X?
 23 A Yes.
 24 Q Okay.
 25 And is it your handwriting?

Page 128

1 A No.
 2 Q Okay.
 3 Do you know who filled this form out
 4 for you?
 5 A No, I don't know.
 6 MR. MORYAN: Okay. Now, it's actually,
 7 counsel, it's C-3 on the bottom.
 8 MR. GORMLEY: Okay.
 9 Q Do you -- you retained a law firm to
 10 handle the workers' comp. claim for you. Correct?
 11 A Right.
 12 Q And it's a different law firm than the
 13 law firm that has this lawsuit. Correct?
 14 A Yes.
 15 Q Do you recall being in the office of
 16 your workers' compensation claim law firm and
 17 having this form filled out at which time you
 18 signed it?
 19 A Yeah, I probably was, yes.
 20 Q Okay.
 21 And do you know -- and under H. Notice
 22 there is a -- there's two questions. "1. Have you
 23 given your employer notice of this -- of injury?"
 24 And you have it marked off, checked Yes. Correct?
 25 A Right.

Page 129

1 Q And then it says, "If yes, notice was
 2 given orally." Correct? It's checked off orally?
 3 Right here.
 4 A Yes.
 5 Q "On 1/21/08 to Michael Costelano."
 6 C, it looks like o-s-t-e-l-a-n-o.
 7 A Yeah. I don't know that name.
 8 Q You do not know that name.
 9 A No. The one I reported to was
 10 Esposito.
 11 Q Okay. Now, under category D. The
 12 Injury, question 2 said, "Did anyone witness the
 13 injury?" And there are two blocks, Yes and No.
 14 "If yes, give the names." Neither Yes nor No are
 15 checked, nor are there any names.
 16 Can you tell me why you did not give
 17 notice to the Workers' Compensation Board as the --
 18 and your employer that there were witnesses to the
 19 accident on this form?
 20 A They have -- I gave -- all these papers
 21 that you provided me with, the crewmember's
 22 statement, the Ramp Irregularity Report, they have
 23 all that information.
 24 Q Okay.
 25 Do you know why, though, you didn't put

Page 130

1 down the witness's name on this form?

2 A No, I don't recall why.

3 Q Okay. Now, in -- okay.

4 Now, earlier, Mr. Gatto, you said that
5 the United Airlines plane was not supposed to power
6 into its gate. How do you know that?

7 A 'Cause planes -- United planes are
8 usually towed into that particular gate to avoid
9 jet-blasting any crew members that are on the
10 opposite side directly across from the gate.

11 Q Now, how do you know that? And are you
12 aware if there is a regulation in place at J.F.K.
13 Airport that precludes --

14 A I never physically seen anything in
15 writing.

16 Q Okay.

17 Do you know whether -- and that would
18 be from any source? You never saw anything from
19 Port Authority of New York and New Jersey. Right?

20 A I never seen anything in writing.

21 Q Okay.

22 Did you ever see anything in writing
23 from Jet Blue that stated that United Airlines was
24 prohibited from powering into any of its gates?

25 A No.

Page 131

1 Q And I take it you never saw any United
2 Airline document that prohibited powering into any
3 of its gates.

4 A I'm not privy to any United Airline
5 documents.

6 Q Okay. So tell me, then, what forms the
7 basis for your statement that they are not --
8 strike that.

9 Tell me, then, what forms the basis for
10 your statement today that United Airlines was not
11 supposed to power into a gate?

12 A Verbal conversations amongst Operations
13 and crew members. There was prior incidents there
14 of crew members complaining of jet-blasting, so
15 supposedly our Operations met with United at some
16 point in time and let them know the safety concerns
17 and Corporate Safety also I believe was notified
18 and they were supposed to be towed into the gates.

19 Q When did your Corporate Safety or your
20 Operations people meet with the United Operations
21 people?

22 A I couldn't give you a date. I wasn't
23 involved in that whole conversation. It was just
24 people talking in a conversation.

25 Q Okay. I understand that. I'm going to

Page 132

1 get to that in a little bit.

2 But in terms of, let's try to put it --
3 date it in relation to your hire. Was it before or
4 after 2001?

5 A It was after 2001.

6 Q And how many years following 2001,
7 approximately, did this conversation take place?

8 A I don't know. Anywheres from 2006 to
9 2008.

10 Q Okay.

11 So it was -- so would I be correct to
12 say that the conversation between Jet Blue
13 Operations people and United Operations people
14 about the effects of jet blasts of aircrafts
15 powering into gates occurred closer to your
16 accident than to your initial hire?

17 A I'm sorry, say that again.

18 Q Yes. It was bad and long.

19 The conversation that you heard took
20 place between Jet Blue and United occurred within a
21 year or two before your accident, would you say?

22 A Approximately a year. I would say
23 about a year.

24 Q About a year?

25 Okay. So that would put it sometime in

Page 133

1 200 -- late '6 --

2 A '7.

3 Q 2007?

4 A Yeah.

5 Q And do you know was it ever identified
6 to you as to who at Jet Blue talked to United?

7 A No.

8 Q But your understanding it was somebody
9 from Operations?

10 A From our Operations, when they used to
11 have I believe it was like a monthly meeting or
12 something with the managers or supervisors. They
13 used to have meetings with other terminal airlines
14 and stuff, so they used to -- they met and
15 supposedly that was an issue that came up.

16 Q Okay. So certainly by the time --
17 strike that.

18 And as -- and who gave you the
19 information, if you can recall, that during these
20 monthly meetings the possible effects of jet wash
21 from powering into a gate was brought up and
22 discussed and some agreement had been arrived?

23 A You're asking the time or who?

24 Q I'm asking you who told you that those
25 conversations actually took place?

Page 134

1 A It was just hearsay, so I don't --
 2 nothing was official that I was aware of.
 3 Q Got it.
 4 Who, if you recall, did you have
 5 conversations with that gave you the unofficial
 6 hearsay that these conversations took place?
 7 A I believe it was fellow supervisors and
 8 possibly a couple crew members that might have
 9 known some of the other management.
 10 Q Okay.
 11 And the fellow supervisors would have
 12 been whom by name?
 13 A Off the top of my head I don't recall.
 14 Q Okay.
 15 How about the fellow supervisors that
 16 you identified earlier, would any of them have had
 17 a conversation with you about it?
 18 A Which supervisors did I mention?
 19 Q Now you're going to make me go all the
 20 way through these things.
 21 MR. GORMLEY: Mike Esposito and there
 22 was two others.
 23 A That's the manager, Mike Esposito. He
 24 could have been involved in that conversation.
 25 It's a possibility.

Page 135

1 Q I'll try to find it when I pass you
 2 back to counsel.
 3 So if these -- if any conversations did
 4 take place in 2007, then the concern had been
 5 existing for as far as you would know for at least
 6 seven years or so, six or seven years from the date
 7 you were hired.
 8 A I'm sorry, it's been a concern for how
 9 long?
 10 Q Since the day you were hired.
 11 A Not that I'm aware of. I didn't say it
 12 was since 2001.
 13 Q Okay.
 14 How long -- when did Jet Blue first
 15 start handling aircraft in the zone and gate that
 16 you were in on the day of the accident?
 17 A I don't recall.
 18 Q Was it after you were first hired?
 19 A Was it after I was hired?
 20 Q Yes.
 21 A Yes.
 22 Q Okay.
 23 And so for how many years?
 24 A I don't recall.
 25 Q You don't recall?

Page 136

1 A (The witness shakes his head.)
 2 Q Would you say from the time you came
 3 back and took the supervisor's job when your mom
 4 was sick were you in that location?
 5 A In what location? In the zone area?
 6 Q Yes.
 7 A No, I wasn't there.
 8 Q Was Jet Blue operating there?
 9 A In that particular gate I don't know
 10 'cause there was a lot of renovations going on. I
 11 can't give you times and dates and specifics of
 12 what gates were being renovated. I don't recall.
 13 I'd be lying if I tell you something that I don't.
 14 Q All right.
 15 So for how many years were you in
 16 Ground Operations in the terminal that you guys
 17 were in on the day of the accident?
 18 A How many years was I?
 19 Q How many years were you in Ground
 20 Operations at that terminal?
 21 A Six years.
 22 Q And was the Jet Blue location in a
 23 different part of the terminal than it was on
 24 January 28, 2008?
 25 A What do you mean by that?

Page 137

1 Q Were the planes coming into a different
 2 area of the terminal?
 3 A In what time frame? When?
 4 Q In the entire six years.
 5 A Yeah. They were coming in, I told you
 6 they got the T-way, the TWA terminal. Planes were
 7 coming in from over there and then we also had our
 8 old terminal which is Terminal 6 and they, like I
 9 said, they were renovating gates. They were moving
 10 gates around and renaming stuff. They were
 11 expanding.
 12 Q Okay.
 13 But you were -- on the day of the
 14 accident you were at Terminal 6.
 15 A Yes.
 16 Q Zone 1 of Terminal 6.
 17 A Yes.
 18 Q Now, I understand that the term zone 1
 19 may have been changed and been renamed and
 20 everything but the actual gate that you were at,
 21 for how long had Jet Blue had airplanes come in and
 22 out of that gate during the six years you were
 23 there?
 24 A Probably the whole time.
 25 Q Okay.

Page 138

1 And for how long had you heard that Jet
2 Blue was concerned about the effects of jet blasts
3 from United airplanes across the way?

4 A Approximately about a year from when my
5 incident happened.

6 Q That was the first time you heard about
7 it?

8 A Approximately.

9 Q Okay.

10 And do you know on how many occasions
11 there had been some jet blasts before Jet Blue
12 employees talked to United employees about it?

13 A I'm not sure.

14 Q More than once?

15 A I'm not sure.

16 Q Was there anything in the Jet Blue
17 manual, the Ground Operations manual, that gave you
18 as a Jet Blue Ground Ops employee any guidance on
19 how to protect yourself against the effects of jet
20 blasts from an airplane that came into a gate?

21 A Not nothing like that, no. There was
22 mention of jet blasts.

23 Q And what was in the manual about jet
24 blasts?

25 A I couldn't recall word for word what it

Page 139

1 would say about jet blasts.

2 Q Do you have a general memory of what it
3 said?

4 A It gave approximations of where you
5 should be standing in the rear of the aircraft,
6 maybe not to be directly behind the engines when
7 engines start. Basics like that. I don't recall
8 anything else as far as specifics. I'm sure there
9 is in the manual but I don't recall it.

10 Q Do you recall what the Ground
11 Operations manual instructed about how to secure
12 your ground-handling equipment in the event of a
13 potential jet blast?

14 A It just mentioned to always, you know,
15 make sure equipment is secured and in the upright
16 and locked positions. Pretty much that was it.

17 Q Okay.

18 What did it tell you to do with respect
19 to insuring that nearby equipment of other vendors
20 was secure?

21 A It didn't say anything about other
22 vendors. Other vendors, they have to be liable for
23 their own equipment if they're gonna leave it in
24 our area. We're not trained on other people's
25 equipment 'cause we're not allowed to touch it.

Page 140

1 Q So if you saw on the day in question
2 that the fueler stairs were not in a properly-
3 stowed position, you would not be allowed to touch
4 it? That's what you're telling me?

5 A Well, there's nothing that's actually
6 written to saying that you can't touch equipment if
7 it needs to be moved, but if you had to move it,
8 you would move it, but me personally I couldn't
9 move it. I don't touch other people's equipment
10 'cause I don't know how to operate. I wasn't
11 trained on that. You would have to -- I'm sorry.

12 Q Go ahead.

13 A You would just have to call whoever
14 owned it and place the call to pretty much
15 Operations. Operations had all the numbers. They
16 dispatch it out and whoever owned that piece of
17 equipment would have to move it from your area.

18 Q Would I be correct in, based on what
19 you've testified here today and your statement --
20 well, strike that.

21 Based on what you've testified here
22 today, would I be correct that as of January 28th,
23 2008 United powering in -- not being towed into its
24 gate was an unusual occurrence?

25 A Well, the majority of the planes

Page 141

1 powered in. It's just how much power they use.
2 Like I forget exactly what -- how much 'cause I'm
3 not a pilot, so I don't know, but you would know
4 when a plane, even one of our planes, if they were
5 using excessive throttle, it would start kicking up
6 dirt and debris or FOD if there was any on the
7 ramp.

8 Q Okay. So let me just see if I
9 understand this.

10 It was not unusual as of January 28th,
11 2008 to see a plane, whether it be a Jet Blue plane
12 or United plane, power into a gate in this area.
13 Correct?

14 A All planes power into the gate, the
15 majority of them, unless they're an excessively
16 large plane and they can't power into the gate
17 because their engines are too large and there's too
18 many aircrafts or Ground Operations people in the
19 department 'cause we share the tarmac with them.

20 Q Okay. Understood.

21 So in your -- is that why in your Ramp
22 Irregularity Report you wrote that the "United A/C
23 powered in to their gate across the field and I and
24 Benjamin continued to load our aircraft"?

25 I assume you continued to load your

Page 142

1 aircraft because the mere fact that a plane was
2 coming in under its own power was not an unusual
3 event.

4 A Right.

5 Q That's why you took your attention away
6 from the aircraft and you went back to uploading
7 the -- your aircraft. Correct?

8 A That's correct.

9 Q Do you know, by the way, where did you
10 get the N number for your Ramp Irregularity Report?

11 A Where did I get it?

12 Q Yes.

13 A I believe it was looked up after the
14 incident occurred what aircraft number that was.
15 'Cause you knew every aircraft number that came
16 into the gate. It was on a gate sheet and you
17 would know every number that came in. You would
18 know the numbers of the aircraft that were assigned
19 to that gate that would supposedly be pulling into
20 the gates.

21 Q Okay.

22 So would you have looked it up on a
23 sheet to put it down here on your Ramp Irregularity
24 Report?

25 A I don't recall if I looked it up or if

Page 144

1 they would just write a report.

2 Like if somebody fell off a belt
3 loader, they'd have to write at some point or
4 another, even if they broke their arm, we'll have
5 somebody write it for them and with a supervisor
6 being a witness or a statement. You'd need some
7 type of statement submitted to Safety and the
8 management so they'd be aware of what happened.

9 Q Now, did -- were any other crew members
10 requested to fill out a Crewmember Incident
11 Statement?

12 A Of this incident?

13 Q Correct.

14 A No.

15 Q Were the two gentlemen -- well, I
16 shouldn't say gentlemen. Were the two employees
17 who were in the aircraft that you were handing the
18 uploaded baggage to asked to do a Crewmember
19 Incident Statement?

20 A No.

21 Q Did you fill out a Crewmember Incident
22 Statement?

23 A No, I think we just did the Ramp
24 Irregularity Report.

25 Q Okay.

Page 143

1 I got it from maybe the gate sheet that Benjamin
2 had and, you know, you see what gate number or what
3 aircraft number is it. I mean, it's not hard
4 information to find out or to put into the system.

5 Q And the sheet that we marked for
6 identification, there's one next to your counsel
7 there, it's N as in Nancy 267 J as in John B as in
8 boy?

9 A Yes.

10 Q All right.

11 And to your knowledge and the best
12 information you have that was the N number of the
13 plane you were uploading.

14 A Yes.

15 Q Now, what -- tell me the reason why you
16 filled out a Ramp Irregularity Report and
17 Mr. Thomas filled out a Crewmember Incident
18 Statement.

19 A 'Cause whoever the incident -- well, I
20 was a supervisor so a Ramp Irregularity Report was
21 procedure. I used to fill them out for other crew
22 members, as well. So a Ramp Irregularity Report
23 was -- it's part of the procedure and then you
24 would get crew member witness or statements if
25 there was anybody around in the area. If not, then

Page 145

1 Do you know which was filled out first,
2 the Crewmember Incident Statement of Mr. Thomas or
3 your Ramp Irregularity Report?

4 A I don't know the time. I don't know
5 the time that Benjamin filled it out, if that's
6 what you're asking.

7 Q So you don't know whose came first.

8 A No.

9 Q Okay. And what action, if any, was
10 taken by Jet Blue with respect to the reporting in
11 either the Ramp Irregularity Report or the
12 Crewmember Incident Report? Incident Statement,
13 sorry.

14 A I don't know. I couldn't answer that.

15 Q What action, if any, was taken by your
16 GSE department regarding the faulty brakes of the
17 baggage cart 1056?

18 A I don't know. I didn't follow up with
19 them either.

20 Q What was the reason for that?

21 A That's not my job to follow up on the
22 safety report. I wasn't Safety. I was just a
23 Ground Ops supervisor at the time.

24 Q Well, do you know whether or not
25 baggage cart 1056 was taken out of service after

Page 146

1 January 21, 2008 for any period of time?
 2 A I'm not aware of that.
 3 Q How long were you out of work because
 4 of this incident?
 5 A Well, from -- when I went to J.F.K.
 6 medical, I believe I was only out for a few days.
 7 Q Yes.
 8 A But I went back to work but not to full
 9 duty. I was like light duty. The managers were
 10 kind enough to let me maybe do some work behind the
 11 desk, some filing. You know, I was able to walk
 12 around outside for a little while.
 13 Q Right.
 14 A But they were still working on me,
 15 going for therapy and waiting on approval for
 16 X rays and MRIs.
 17 Q Right.
 18 A So that's what I was waiting for.
 19 Q So when you came back and you were
 20 doing your light duty, I'm assuming at some point
 21 you came back to full duty. Correct?
 22 A Yes.
 23 Q Okay.
 24 And we'll get into that in a little bit
 25 but when you came back initially after a few days

Page 147

1 and you were on light duty, what did you do to see
 2 whether or not baggage cart 1056 had been examined
 3 and/or repaired by the GSE department?
 4 A Nothing. That wasn't my follow-up.
 5 Q Whose follow-up would that have been?
 6 A That would be somebody from Safety.
 7 Q And did you have any discussions with
 8 anybody at Safety about baggage cart 1056?
 9 A No, I did not.
 10 Q Did you have any -- whose follow-up
 11 would it have been at Jet Blue to interact with
 12 anyone at Allied to discuss whether the fueling
 13 stairs had malfunctioned?
 14 MR. GORMLEY: Just note my objection to
 15 the form.
 16 You can answer.
 17 A Who -- you're asking who from Jet Blue
 18 would speak to somebody from Allied?
 19 Q Yes.
 20 A It would most likely be a manager or
 21 general manager.
 22 Q Do you know if that occurred?
 23 A No, I don't.
 24 Q As a result of the examination either
 25 by you or Mr. Thomas or both, was there not a

Page 148

1 conclusion drawn -- strike that.
 2 As a result of an examination of the
 3 fueler stairs by either you or Mr. Thomas or both,
 4 was there a conclusion drawn as to whether or not
 5 the stairs had been properly stowed and/or locked?
 6 A They wouldn't have moved if they were
 7 locked. They wouldn't just glide and hit another
 8 piece of equipment like that. They had wheels on
 9 it.
 10 Q Okay. So -- and what about the baggage
 11 cart 1056? If the brakes had not been faulty on
 12 that baggage cart, if the brakes had operated
 13 correctly, I take it that baggage cart would not
 14 have moved?
 15 MR. MASCOLO: Objection to form.
 16 You can answer if you know.
 17 A You said if the brakes worked on the
 18 baggage cart would it have moved?
 19 Q Correct.
 20 A Anything could move even if it has
 21 brakes on it.
 22 Q Okay.
 23 But didn't -- as a result of either the
 24 examination by you, Mr. Thomas or both, the
 25 conclusion was that the baggage cart had moved

Page 149

1 because the brakes were faulty. Right?
 2 A That's what Benjamin stated.
 3 Q Okay.
 4 So my question is, it is certainly
 5 possible, is it not, that had the baggage cart
 6 brakes not been faulty, it would not have moved on
 7 that morning. Correct?
 8 A I couldn't tell you that 'cause I've
 9 seen baggage carts move even with the brakes.
 10 Q So what's the purpose of the brakes,
 11 then?
 12 A It's to hold the cart into place or to
 13 just gently press on the wheels to not make it --
 14 if it's like on a slope or something like that, you
 15 would normally just push up the tong and it would
 16 put down these two pieces of metal that would just
 17 hold it there.
 18 Q Okay.
 19 A It wasn't used for like a brake when
 20 you stop a car. It was not like that, if that's
 21 what you're thinking.
 22 Q But these things were rolling, were
 23 they not, on their wheels, both pieces of
 24 equipment?
 25 A Yes.

Page 150

1 Q Before your incident?
 2 A Um-hum.
 3 Q Did you ever tell anybody that the jet
 4 blast was so violent that it actually broke the
 5 fueler stairs or the baggage cart into pieces and
 6 you were hit by pieces of metal?
 7 A No, I never said that.
 8 Q Okay.
 9 So if that's in a document or a report
 10 somewhere as being stated by you, that would be
 11 incorrect.
 12 A If I stated that --
 13 Q No, no, no, if somebody wrote down that
 14 you said that to them, that would be an incorrect
 15 statement.
 16 A That the jet blast was so fierce that
 17 it --
 18 Q That it broke one or more of these
 19 pieces of equipment into pieces and you were hit by
 20 pieces of metal.
 21 A Yeah, that would be. It's incorrect.
 22 Q Okay.
 23 And you actually were able after taking
 24 a couple steps back to stop both of these pieces of
 25 equipment, right, from keep moving?

Page 151

1 A Yes. When they hit me, I put up my
 2 arms and they collided into me. I went back a few
 3 feet and then --
 4 Q The movement stopped.
 5 A Right.
 6 Q Okay.
 7 Were there any other documents or any
 8 other reporting for an incident like this that Jet
 9 Blue had that were not filled out? Were there any
 10 safety reports that could have been filled out?
 11 A Just -- no. It's the Ramp
 12 Irregularity, a Crewmember Statement.
 13 Q What about did GSE have a form that
 14 could be filled out for a piece of equipment that
 15 malfunctioned?
 16 A Yeah, sure, they got forms. If -- it's
 17 like a slip, I believe. I don't know if they
 18 changed the procedure now.
 19 Q Back then.
 20 A It was like a slip of paper that would
 21 be submitted if there was a damaged piece of
 22 equipment somewhere.
 23 Q And did you fill that out?
 24 A No.
 25 Q Okay.

Page 152

1 You said that in a way that's not part
 2 of what you would do?
 3 A Anybody could fill that. You could tag
 4 out any item. Anybody could do that. You don't
 5 have to be trained or anything like that. If a
 6 piece of equipment doesn't work, you tag it out.
 7 That's normal.
 8 Q Did you tag out baggage cart 1056?
 9 A I wasn't aware that there was anything
 10 wrong with it.
 11 Q Did you tag it out after the incident?
 12 A No, I did not.
 13 Q Did Mr. Thomas tag it out?
 14 A I don't know.
 15 Q Okay.
 16 Did anybody else that was on the tarmac
 17 that morning tag it out?
 18 A Not that I'm aware of.
 19 Q Do you know whether or not there were
 20 any GSE personnel on the tarmac that morning?
 21 A There's always GSE personnel on the
 22 tarmac.
 23 Q Do you know who was there on January
 24 28th, 2008?
 25 A No, I don't.

Page 153

1 Q Would there be a crew roster, a GSE
 2 crew roster, for January 28th, 2008 that we would
 3 know about?
 4 A To be honest with you, I don't know how
 5 they run their department.
 6 Q Okay.
 7 Now, earlier you used the term or you
 8 answered a question that included the term wing
 9 man. What's a wing man?
 10 A Wing man is somebody who guides in or
 11 backs out an aircraft. They're usually the crew
 12 member that stands there with the wands and it's
 13 for either pilot or co-pilot to see, make sure he
 14 doesn't clip any wings on another aircraft or hit a
 15 piece of equipment.
 16 Q Okay.
 17 And to your knowledge do wing men also
 18 give some information to the crew as to how fast to
 19 move the aircraft on ground?
 20 A How fast to move it?
 21 Q Yes.
 22 A No.
 23 Q Okay.
 24 They just are directional?
 25 A Yes.

Page 154

1 Q Did you see any wing men for this
 2 United flight or this United aircraft that came in?
 3 A When it came in, no.
 4 Q Do you know whether or not this was
 5 actually an aircraft that had landed from a flight
 6 for United?
 7 A I'm not aware of their schedules, their
 8 flight schedules.
 9 Q Okay.
 10 So you don't know where it was coming
 11 from, whether it was another part of the airport, a
 12 hangar, or it had just landed.
 13 A No idea.
 14 Q Have you had any conversations,
 15 Mr. Gatto, with anyone who identified him or
 16 herself as an expert on your behalf in this case?
 17 A Yes.
 18 Q And what's that person's name?
 19 A I don't recall the name.
 20 Q And was this an in-person conversation
 21 or a telephone conversation?
 22 A I had a telephone conversation.
 23 Q And how long ago?
 24 A I'm not sure. I don't even know a time
 25 frame.

Page 155

1 Q Well, today is --
 2 A Maybe a couple of months. That's --
 3 Q Before Christmas?
 4 A Yes.
 5 Q Okay. Before Thanksgiving?
 6 A I don't remember.
 7 Q All right.
 8 And how long was the conversation?
 9 A I tell you the truth, I don't know. It
 10 was a long conversation, though.
 11 Q And you don't remember the person's
 12 name.
 13 A Not off the top of my head I don't.
 14 Q Do you remember the name of the outfit
 15 or organization that he or she worked for?
 16 A No, I don't.
 17 Q Was it a male or female?
 18 A It was a male.
 19 Q And what did you talk about?
 20 A They asked me, you know, exactly what
 21 happened, pretty much where I was standing. A lot
 22 of questions that you guys asked, as well.
 23 Q In the same amount of detail?
 24 A Not that much detail.
 25 Q Have you ever met with that person or

Page 156

1 another expert in person?
 2 A No, I don't recall meeting with them.
 3 Q Did you go out to the airport with this
 4 person?
 5 A No, I did not.
 6 Q Did you look at any maps or photographs
 7 of the airport with this person?
 8 A No.
 9 Q Other than generally asking you what
 10 happened, what else did -- what else were you
 11 asked?
 12 A Well, they were asking me my location.
 13 I had to pretty much paint them a visual picture of
 14 it, where I was standing at the time of the
 15 incident, how the incident occurred, who was there,
 16 reports that were filed, the extent of my
 17 injuries.
 18 What else do you want to know?
 19 Q Everything they asked you.
 20 A I don't remember everything. Just if I
 21 had surgery due to the injury.
 22 Q Okay.
 23 A I guess they asked a few of my doctors'
 24 names.
 25 Q Okay.

Page 157

1 A I don't recall.
 2 Q And who did you tell them was there?
 3 You said one of the things they said, who was
 4 there?
 5 A Yes, I told him Benjamin Thomas.
 6 Q Just Mr. Thomas?
 7 A Yes.
 8 Q And other than -- were there any other
 9 reports or documents that you identified for them
 10 in addition to the Ramp Irregularity Report and
 11 Crewmember Incident Report? Incident Statement,
 12 I'm sorry.
 13 A Were there additional documents?
 14 Q Yes, that you identified for them.
 15 A For who?
 16 Q For the gentleman on the phone.
 17 A I don't recall.
 18 Q Getting back very briefly to the Ground
 19 Operations manual that we talked about a little
 20 earlier, what procedures and protocols were in that
 21 manual for windy uploading conditions?
 22 A I don't recall at this point.
 23 Q Do you recall if there were any?
 24 A I'm sure there was.
 25 Q Okay.

Page 158

1 Were you also given a safety manual at
2 all, a separate document called a safety manual?

3 A No, I don't recall.

4 Q And as a supervisor did you have a
5 different manual than just the Ground Operations
6 department manual that was given, I'm assuming, to
7 all Ground Operations employees?

8 A Well, all the procedure manuals are the
9 same. They're given to everybody. Procedure
10 manuals, everybody has procedures in the airline.
11 Some airlines are different.

12 As far as a supervisor manual, it's
13 different. It doesn't go with their safety
14 procedures. It's just training you on it's called
15 like caring for the crew members and stuff like
16 that. Like, you know, listening to what crew
17 members had to say, if they had issues and stuff
18 like that. It was just managerial.

19 Q I'm just looking at some notes. Excuse
20 me for a minute.

21 Do you have any idea how much power the
22 United crew applied to this plane?

23 A No, I don't.

24 Q Was there any FOD whipped up in the
25 area as a result of the crew powering up?

Page 159

1 A No.

2 Q Okay.

3 Did you see any other pieces of
4 equipment besides the two that were involved in
5 your incident that were blown around?

6 A Not that I recall.

7 Q Did anybody tell you that they had seen
8 any others?

9 A No.

10 Q Okay.

11 Do you know whether or not the United
12 aircraft proceeded down the yellow line about which
13 you talked about earlier as to where they're
14 supposed to, you know, the directional line that
15 they're supposed to follow?

16 A I wasn't watching where their nosegear
17 was.

18 Q Okay.

19 In fact, you just noticed them out of
20 the corner of your eye, saw it pause and then you
21 went back to doing your baggage handling.

22 A I could see it all happening as I'm
23 loading bags.

24 Q Out of the corner of your eye.

25 A Um-hum.

Page 160

1 Q But you continued to do your
2 uploading.

3 A Correct.

4 MR. MORYAN: Okay. All right.

5 Why don't you -- I'm going to pass you
6 back. We're going to ask you some questions
7 about your damages.

8 I think I'm done. I just want to -- I
9 want to reserve but I don't want to hold you
10 here while I'm looking through my notes.

11 MR. GORMLEY: You want to just take
12 five minutes?

13 MR. MORYAN: It's okay with me.

14 (There is a discussion off the record.)

15 (There is a recess.)

16 BY MR. MORYAN:

17 Q Mr. Gatto, let me just ask you a couple
18 of quick cleanup questions and then I'll be done
19 for you, at least temporarily.

20 Do you know whether or not Jet Blue had
21 any restrictions on its aircraft powering into the
22 gate 6? I'm sorry, the Terminal 6 area.

23 A No, I don't.

24 Q I'm sorry?

25 A No, I don't.

Page 161

1 Q Okay.

2 And did you or Mr. Thomas do -- strike
3 that.

4 What were the requirements based on Jet
5 Blue procedure on either you or Mr. Thomas on
6 determining whether baggage cart 1056 was properly
7 braked and stowed before you started your work?

8 A Say that again.

9 Q What were the requirements under Jet
10 Blue procedures on either you or Mr. Thomas to
11 insure that the baggage cart 1056 was properly
12 braked and stowed before you began your work at
13 gate 2?

14 A As long as the safety tongs are up,
15 brakes, you don't have to inspect them.

16 Q Okay.

17 And did you and/or Mr. Thomas
18 physically -- make a point to physically observe
19 the tong being up before you began your work?

20 A It was visually saw, yes.

21 Q And that was required of you under Jet
22 Blue procedure to insure that the tong was up?

23 A I don't recall.

24 Q What would be the purpose of looking to
25 see if the tong was up?

Page 162

1 A I did that for myself. I know it's
2 locked.
3 Q Because you wanted to make sure it was
4 locked because it was going to be near you.
5 Right? And you didn't want --
6 A For whatever reason. I just make sure
7 equipment's locked.
8 Q Okay.
9 And was there a procedure and a
10 requirement under Jet Blue procedure that you and/
11 or Mr. Thomas insure that the Allied equipment was
12 properly braked and stowed?
13 A I don't recall.
14 Q But you didn't do it because you don't
15 touch other people's equipment on the day in
16 question. Correct?
17 A Yeah, I don't know how to operate it.
18 Q And please don't read anything into the
19 question but you didn't do it because since you
20 don't know how to operate it, you wouldn't have
21 touched the equipment anyway.
22 A No.
23 Q No meaning correct?
24 A No, I wouldn't have touched it.
25 MR. MORYAN: Okay. All right.

Page 163

1 Okay. Please.
2 MR. GORMLEY: Sure.
3
4 REDIRECT EXAMINATION BY MR. GORMLEY:
5
6 Q When you sat here earlier you told us
7 as to how you do lock the Allied wheels. Correct?
8 A Yes.
9 Q So as you sit here today you know how
10 to lock those wheels.
11 Did you know back in January of 2008
12 whether or not -- I'm sorry, the manner in which to
13 lock those wheels?
14 A I stated on how they lock. I didn't
15 say I knew how to lock them.
16 Q Okay.
17 Did you perform any inspection
18 whatsoever with respect to whether or not those
19 wheels were locked prior to uploading that aircraft
20 on that day?
21 A No, I did not.
22 Q Okay.
23 MR. MORYAN: While he's doing that I
24 have a couple more before we move on to
25 damages. I apologize.

Page 164

1 RE-CROSS-EXAMINATION BY MR. MORYAN:
2 Q Do you know who placed baggage cart
3 1056 in the position it was placed in?
4 A No, I do not.
5 Q And you said it was ten feet away from
6 you?
7 A I said approximately.
8 Q Was it uncommon for an empty baggage
9 cart to be placed up against the terminal wall that
10 close to where you were working?
11 A No, it was not.
12 Q Okay.
13 So that would be commonplace, then, for
14 it to be that close to you.
15 A It's a ramp. Baggage carts are
16 everywhere.
17 Q How many baggage carts were there out
18 on the ramp that morning?
19 A I can't tell you. I don't know.
20 MR. MORYAN: Okay. All right.
21 MR. GORMLEY: Is that it?
22 MR. MORYAN: Yes.
23 MR. GORMLEY: Okay.

1 REDIRECT EXAMINATION BY MR. GORMLEY:
2
3 Q Now we're going to, at least I'm going
4 to turn to damages and ask you about the treatment
5 you got and things like that.
6 You indicated that shortly after the
7 accident you went to Medport. What doctor did you
8 see at Medport, if any?
9 A I don't recall the names of those
10 doctors.
11 Q How did you get to Medport?
12 A I was driven.
13 Q By whom?
14 A Mike Esposito.
15 Q Did Mr. Esposito stay with you when you
16 were at Medport?
17 A I don't recall.
18 Q How long were you at Medport for that
19 day?
20 A Not long. I don't recall. It was
21 maybe about an hour, approximately.
22 Q And what complaints, if any, did you
23 make to the doctor or doctors at Medport?
24 A I explained to them what happened, how
25 I braced myself, and then they asked me what was

Page 166

1 hurting. I told them my neck and my back were
2 hurting a little bit. I said my knee was hurting
3 and I told them that my shoulder was hurting.

4 They did some X rays but I don't recall
5 a hundred percent of what they did immediately at
6 Medport.

7 Q What part of your back was hurting?

8 A It was from the neck down to the
9 tailbone, the bottom of the spine.

10 Q So pretty much from top to bottom?

11 A Yes.

12 Q What about your knee, left or right or
13 both?

14 A It was the right knee.

15 Q And what about your shoulder, left or
16 right or both?

17 A Well, I braced myself and it was both
18 shoulders that were hurting but it was mainly the
19 left.

20 Q Did any portion of the fueler stairs or
21 baggage cart come in contact with your left
22 shoulder?

23 A The stairs.

24 Q They actually struck your shoulder.

25 A Struck my hands.

Page 167

1 Q Okay. That's what I'm asking about.
2 Forget about your hands for a second. Your
3 shoulder.

4 A No.

5 Q Did the doctors at Medport tell you the
6 results of the X rays?

7 A All they told me was, "You have no
8 broken bones."

9 Q Did they provide you with any treatment
10 of any kind?

11 A They wanted me to come for therapy,
12 which I did a few times, and I believe they gave me
13 some type of prescription. I don't recall what
14 they gave me at the time, the name of the
15 prescription.

16 Q Was it a painkiller?

17 A No, it wasn't. It was similar -- I
18 told them I don't take drugs so I didn't want
19 anything like a narcotic or anything like that. I
20 told them if they have something to.

21 They said, "You're gonna be throbbing
22 tonight from the impact and everything, it's gonna
23 hit you later on," so they gave me something I
24 guess to reduce any type of swelling and I guess it
25 was a partial of painkiller.

Page 168

1 Q Okay. And did you take that
2 medication?

3 A I believe I did.

4 Q Okay.

5 And other than prescribing you
6 medication and examining you, did they do anything
7 else for you on the day of the accident?

8 A I believe they took X rays.

9 Q I apologize. I meant inclusive of the
10 X rays in part of examining you. Did they do
11 anything else for you?

12 A No.

13 Q When for the next time after that did
14 you first see a doctor in connection with the
15 injuries you sustained in this accident?

16 A I was going back there a couple of
17 times for checkups and for some therapy and they
18 were giving me back therapy and some heat and I
19 think they gave me some stim at one point. Then
20 that was it from there.

21 Q Initially after the accident did you
22 primarily treat at Medport?

23 A No.

24 Q Did you go to another doctor shortly
25 after your accident other than the doctors at

Page 169

1 Medport?

2 A I'm not sure of the time frame but
3 being that their therapy wasn't working and I
4 wasn't satisfied with it 'cause I couldn't do what
5 I was used to doing, I sought my own doctors.

6 Q Okay.

7 How long after the accident did you do
8 that?

9 A I stated I didn't know. I'm not a
10 hundred percent sure.

11 Q Well, was it a month, a week, a --

12 A I couldn't tell you time frame.

13 Q Approximately how many times did you go
14 for physical -- was that physical therapy you
15 mentioned earlier?

16 A At Medport?

17 Q At Medport, yes.

18 A I believe I was going two, three times
19 a week.

20 Q And for what period of time?

21 A It had to be for well over a month.

22 Q How long were you out of work after the
23 accident?

24 A I was only out for maybe a few days to
25 a week.

Page 170

1 Q I think you indicated earlier that you
2 returned to work initially on light duty. Correct?

3 A Yes.

4 Q And for what period of time did you
5 work on light duty?

6 A I was pretty much the supervisor so I
7 stood on light duty. I just reported to my manager
8 and he asked me, "Are you able to lift bags and
9 stuff yet?"

10 I said, "No, not yet."

11 So it was quite some time. It was
12 pretty much as I seen fit and as the doctors told
13 me as I went along. Once I started getting
14 stronger in physical therapy, then I would try
15 things at the job.

16 Q Okay.

17 At any time between the time of your
18 accident and to the time you left Jet Blue in or
19 about July of 2008 were you able to return to full-
20 duty status? In other words, do the same jobs that
21 you did before.

22 A It's stated in the records, I think
23 they returned me to full duty at some point. I
24 don't recall when, though.

25 Q Okay.

Page 171

1 And full duty meant things such as
2 handling bags.

3 A Lifting, bending, stretching. But they
4 gave me limitations, as well, how many hours I
5 could do that for and it wasn't like a rush thing,
6 like putting me back to full duty. It was full
7 duty with limitations.

8 Q Right.

9 I guess the question I have is this:
10 Is there any time you returned to full duty no
11 limitations while still employed by Jet Blue?

12 A Yes, I think so.

13 Q Okay.

14 And is there any way you could
15 approximate when that occurred?

16 Your accident's in January and you
17 leave the job in July, so within that time frame
18 would you be able to tell us when you returned full
19 duty no limits?

20 A Probably in February, end of February.

21 Q Now, you indicated that at some point
22 in time you no longer treated at J.F.K.'s Medport
23 and that you went to your own doctors. Who was the
24 first doctor you saw other than Medport in
25 connection, obviously, with the injuries?

Page 172

1 Just so you know I don't have to say it
2 all the time, obviously, we're going to deal with
3 the injuries we're talking about in the lawsuit.
4 I'm not looking for other doctors or specialists
5 other than what's related to this accident and this
6 injury.

7 A I tell you the truth, I don't know what
8 order I went to them in but I could just give you
9 the names. I don't know in what order.

10 Q Okay. Go ahead.

11 A I had the chiropractor, Dennis Hupka.

12 Q Do you know how to spell his last name?

13 A H-u-p-k-a, I think.

14 Q Do you know if he's affiliated with any
15 facility, hospital or otherwise?

16 A No, it's just a family care
17 chiropractic place.

18 Q Is that Colonia Family Wellness?

19 A Yes, that's it.

20 Q Okay.

21 Who else did you see?

22 A I had an orthopedist. His name was
23 Dr. Wilen.

24 Q Is he connected with any facility or is
25 it his own private office?

Page 173

1 A It's his private office.

2 Q Anyone else?

3 A Dr. Naik is for pain management.

4 Q Do you know how to spell Naik?

5 A N-a-i-k.

6 Q Anyone else that you recall?

7 A I did go back to another chiropractor
8 named Steve Keenan at one point and I also went to
9 another place called One On One Physical Therapy.

10 Those are pretty much all the places
11 I've gone to, I think.

12 Q Do you recall treating with a
13 Dr. Andrew Davy, D-a-v-y?

14 A I think it was only a couple visits.
15 It wasn't -- I didn't officially -- he wasn't my
16 official doctor.

17 Q Was he a second opinion or something
18 else?

19 A He was also a pain management doctor.

20 Q Was Dr. Keenan affiliated with any
21 facility, hospital or otherwise?

22 A No, he's private, as well.

23 Q Where was he located?

24 A Fort Hamilton. 86th Street and like
25 14th Avenue.

Page 174

1 Q Did you treat with a Dr. Lopez
2 Del Castillo?
3 A Dr. Lopez.
4 Q A.N. Lopez Del Castillo.
5 A I might have at one point. There was
6 quite a few doctors I went to that.
7 Q Okay.
8 Do you remember when you first saw
9 Dr. Wilen?
10 A I think it was not too long after --
11 no, I don't, actually. I don't remember the date
12 that I saw him.
13 Q Okay.
14 A He's been my doctor for -- since this
15 happened almost, basically.
16 Q Do you currently still see Dr. Wilen?
17 A Dr. Wilen?
18 Q Yes, Dr. Wilen.
19 A Yes.
20 Q When was the last time you saw him?
21 A Last month.
22 Q What did he do for you last month?
23 A I think I got a cortisone shot in my
24 shoulder.
25 Q Do you want to take a break?

Page 175

1 A No, I can't sit for a long time,
2 anyway. I have to keep moving.
3 Q That's what I'm saying. You want to
4 get up and walk around for five minutes?
5 A No, I just want to finish. I just want
6 to finish.
7 Q Okay.
8 At some point in time did you have
9 shoulder surgery?
10 A Yes, I did.
11 Q What surgery did you undergo?
12 A Sorry?
13 Q Well, what surgery did you undergo?
14 What were you told you were undergoing surgery for?
15 A When the MRIs came back, I had right
16 knee surgery. Then I had left shoulder surgery.
17 Q Who advised you you required left --
18 I'm sorry, right knee surgery?
19 A Who told me I needed it?
20 Q Yes.
21 A It was Dr. Wilen.
22 Q Who performed it?
23 A Dr. Wilen.
24 Q Where did he perform it?
25 A I don't recall the hospital I went to.

Page 176

1 Q Was it New York Community Hospital?
2 A That could have been it.
3 Q When did you undergo right knee
4 surgery?
5 A I don't recall the date.
6 Q Was it in or about July of 2009?
7 A It could be approximately right.
8 Q That's more to give you a time frame.
9 A I'm just trying to remember 'cause it
10 took over a year to fight for the MRIs to see what
11 was wrong with me why I was in pain. Then they
12 came back and I found out why. So, yeah, the
13 surgeries came not too far after the MRIs came
14 back.
15 Q And what were you told as to why you
16 needed right knee surgery?
17 A It was a torn meniscus in the knee.
18 Q When you were injured in the accident
19 did you twist your knee at all?
20 A Not that I can recall.
21 Q But I think you said that the fueler
22 stairs made contact with your knee. Is that
23 correct?
24 A That's what I said.
25 Q Okay. Just making sure.

Page 177

1 When did you undergo left shoulder
2 surgery?
3 A It was after the knee surgery. It was
4 a couple months after that, not even.
5 Q Was it about a year ago, January of
6 2010? Does that sound right?
7 A Tell you the truth, I don't know.
8 Q Up until the time that you had right
9 knee surgery what treatment were you receiving for
10 your knee, if any?
11 A Physical therapy.
12 Q What did that physical therapy consist
13 of?
14 A Bending the knee, heat, electrotherapy,
15 stim.
16 Q When you say stim, you mean electrical
17 stimulation?
18 A Yes.
19 That's pretty much what I can recall.
20 Q And did you receive physical therapy at
21 all the physical therapy places you went to for
22 your knee as opposed to a different part of your
23 body?
24 A What do you mean?
25 Q Okay.

Page 178

1 You went to physical therapy at various
2 places. Correct?
3 A Well, at J.F.K. Medport and One On One.
4 Q And One On One.
5 Did you do physical therapy anywhere
6 else?
7 A That I can recall, no.
8 Q Okay.
9 When you were doing physical therapy at
10 J.F.K. Medport did they treat your knee?
11 A I believe they did.
12 Q And when you went to One On One
13 Physical Therapy, did you receive treatment for
14 your knee?
15 A Yes.
16 Q How often would you go to One On One
17 Physical Therapy?
18 A I was going three times a week.
19 Q And for what period of time did you go
20 three times a week?
21 A It had to be for over a year.
22 Q And after that, you -- and that's all
23 before your surgery. Correct?
24 A This is before, during and after.
25 Q Okay.

Page 179

1 At any period of time did you go less
2 than three times a week to One On One Physical
3 Therapy?
4 A There was sometimes where I did go less
5 than three times a week due to treatments being
6 nonverified through insurance companies.
7 Q In other words, the workmen's
8 compensation carrier didn't provide authorization
9 for certain treatment at certain times. Is that
10 correct?
11 A That's correct.
12 Q When you went for physical therapy,
13 would you receive physical therapy for certain
14 parts of your body at certain times or did you
15 receive physical therapy for all the parts at the
16 same time?
17 A I wasn't allowed to do that. It was
18 only -- they can only treat you certain -- you
19 can't do -- if your neck and your back hurt, you
20 can't do your neck and your back and your knee and
21 your shoulder. You can't. It has to be one
22 thing. That's how they have to do it. That's how
23 the insurance carrier wants it.
24 If you're gonna go in there one day and
25 you say, "What hurts today?"

Page 180

1 "My knee is killing me."
2 "Okay, let's treat the knee today."
3 Q Okay, just so I'm clear. I think I got
4 that.
5 On any given day that you'd go to
6 physical therapy they'd only focus on one body part
7 but you could go two days later and they'd focus on
8 a different body part. Is that correct?
9 A Basing on a scale of 1 to 10 which
10 hurts the most, that's how you would do it.
11 Q Okay.
12 But what I'm basically saying is you
13 can receive different treatment for different body
14 parts on different days. Is that fair?
15 A That's correct.
16 Q Okay.
17 In other words, it wasn't -- you didn't
18 have to just do your neck for six months and then
19 your knee for six months and then your shoulder for
20 six months.
21 A Well, after the surgery you had to do.
22 It was just before the surgery and then after the
23 surgery.
24 Q Okay.
25 A That's how they would do it, 'cause you

Page 181

1 had to get physical therapy done before and then a
2 couple weeks after when you go back in for your
3 first session after the surgery.
4 Q So before you had knee surgery was the
5 physical therapy focused on your knee?
6 A No, I would alternate body parts.
7 Q Okay. But I'm saying just prior to
8 your -- let me rephrase that.
9 Just prior to the time that you're
10 going to go in for knee surgery, for your
11 arthroscopic surgery on your knee, at that time did
12 they just focus on your knee at physical therapy,
13 just prior?
14 A Yeah, it was a couple sessions before I
15 went in.
16 Q And then after your surgery was
17 performed on your knee, did they focus primarily on
18 your knee at physical therapy?
19 A Right. That's correct.
20 Q And the same occurred with your
21 shoulder. Is that correct?
22 A That's correct.
23 Q How often would you see Dr. Hupka?
24 A I was going to him three times a week,
25 as well.

Page 182

1 Q Was this at the same time you were
2 going to physical therapy?
3 A No.
4 Q Okay.
5 Did you ever go to Dr. Hupka and
6 physical therapy during the same time period or
7 were they separate time periods?
8 A They were separate time periods.
9 Q Okay. Who did you go to first,
10 Dr. Hupka or did you go to One On One Physical
11 Therapy?
12 A I believe it was Hupka.
13 Q And what would Hupka do for you,
14 Dr. Hupka?
15 A He would -- I would have back -- spinal
16 adjustments and then also stretches as far as with
17 the knee, the neck. Just like basic stretch
18 exercises to, you know, loosen up the muscles and
19 any tendons that needed to be stretched out.
20 Q Do you know from when to when you were
21 seeing Dr. Hupka, approximately?
22 A I couldn't tell you.
23 Q And after Dr. Hupka, is that when you
24 went to One On One?
25 A I believe so.

Page 183

1 Q And then after One On One did you go
2 see Dr. Naik?
3 A Dr. Naik was after I seen Wilen. He
4 came in later.
5 Q Okay.
6 When you saw Dr. Wilen, how often would
7 you see Dr. Wilen back in 2008, 2009?
8 A I think I was going once every two to
9 three weeks.
10 Q And what would Dr. Wilen do for you?
11 A Well, they would move my body parts,
12 ask me how I'm feeling, you know, what hurts, does
13 it still hurt in the same area, what hurts? Like
14 basics.
15 Q Would it be fair to say that they
16 examined you rather than gave you physical therapy?
17 A Dr. Wilen doesn't give physical
18 therapy.
19 Q That's what I mean. These are all
20 examinations.
21 A Yeah, it's an examination and
22 occasionally I would get the cortisone shots.
23 Q Did you ever have a steroid injection,
24 epidural injections, steroid injections?
25 A No.

Page 184

1 Q Other than than cortisone shots did you
2 ever have any other types of shots?
3 A No.
4 Q Where were those cortisone shots
5 administered?
6 A I had them in the knee, the shoulder.
7 The right knee, left shoulder and I've also had
8 them in the back.
9 Q Okay.
10 When you would go to Dr. Hupka for pain
11 management, did he treat your back, as well?
12 A Yes.
13 Q Which part of your back?
14 A He did adjustments on the back.
15 Q Okay. That's right. I apologize.
16 What parts of your back would he do the
17 adjustments for?
18 A It would be my entire back.
19 Q You mentioned Dr. Keenan. What type of
20 doctor is Dr. Keenan?
21 A He's also a chiropractor.
22 Q When did you see Dr. Keenan?
23 A I don't recall.
24 Q And where does he fit in with the other
25 doctors?

Page 185

1 A Well, I stopped going to Dennis Hupka
2 and then I went to One On One and after One On One
3 I wasn't -- they only approved so many visits and
4 then we went back to court and I had to get more
5 visits, so I couldn't go to both.
6 I wanted to go to both, chiro and
7 physical therapy. They told me no. So I chose --
8 I found Dr. Keenan and that's when I started going
9 back to chiro because my back was still hurting.
10 Q And how often did you see Dr. Keenan?
11 A I was seeing him three times a week.
12 Q And when you were treating with
13 Dr. Hupka did your condition, symptoms, problems
14 that you were having, did they improve, get better,
15 get worse, remain the same, something else?
16 A I'd have on-and-off days from when my
17 back. Some days I wasn't even able to get out of
18 bed and other days I could walk around, I felt
19 good.
20 Q Okay.
21 And what about when you were seeing Dr.
22 -- actually, what about when you were going to One
23 On One therapy?
24 A The same thing.
25 Q Over the course of all of this

Page 186

1 treatment have you found any improvement overall?
 2 A No.
 3 Q Have you found that your problems have
 4 gotten worse over time?
 5 A I feel worse.
 6 Q What feels worse?
 7 A I'm very uncomfortable all the time.
 8 My back always bothers me. My knee and my shoulder
 9 still hurt.
 10 Q What part of your back bothers you at
 11 the present time?
 12 A It's from the neck and the shoulders
 13 and then in the center. It's the center of the
 14 back that hurts the most. And I get pains
 15 occasionally at the bottom of the back that radiate
 16 down to past my -- to my legs.
 17 Q At the present time are there any days
 18 in which your back does not bother you?
 19 A No.
 20 Q At the present time do you have -- do
 21 you continue to have pain in your shoulders and
 22 your knees?
 23 A Yes.
 24 Q Is that pain brought on by certain
 25 activities or does it happen when you're just

Page 187

1 sitting here or something else?
 2 A I can be just from sitting a long
 3 period of time, standing a long period of time. If
 4 I lay in bed my arms get numb. I have to keep
 5 moving all night. I can't lift anything like I
 6 used to.
 7 Q How often do you have that pain in your
 8 lower back that radiates to your legs?
 9 A I get that occasionally.
 10 Q When you say occasionally, can you be
 11 more specific?
 12 A Maybe once a month.
 13 Q At some point in time you underwent, I
 14 think you said, left shoulder surgery?
 15 A Yes.
 16 Q What did that surgery consist of?
 17 A It was my rotary cuff. Torn rotator
 18 cuff is what they called it.
 19 Q And since your surgery has your --
 20 shortly after your surgery did your shoulder
 21 improve in any way?
 22 A No.
 23 Q What about after your knee surgery, did
 24 your knee improve at any time?
 25 A No.

Page 188

1 Q Do you recall when you were seeing
 2 Dr. Davy?
 3 A Yes, I recall.
 4 Q When was that?
 5 A I don't recall the date. I recall
 6 seeing him.
 7 Q You recall seeing him. Can you tell me
 8 when approximately you saw him, month, year,
 9 season?
 10 A Maybe '09, '10. '09 it had to have
 11 been.
 12 Q And what did he do for you?
 13 A He was pain management. He tried to
 14 give me prescriptions and I don't take that. I
 15 don't do that.
 16 Q Who referred you to Dr. Davy?
 17 A Nobody.
 18 Q Did Dr. Wilen refer you to any doctors?
 19 A No.
 20 One On One Physical Therapy. I don't
 21 know if you consider that. That's not a doctor.
 22 That's physical therapy.
 23 Q Okay.
 24 Other than referring you to One On One
 25 Physical Therapy, did Dr. Wilen refer you to anyone

Page 189

1 else?
 2 A I started going to Dr. Naik who's
 3 affiliated with him. But as far as a written
 4 referral, I don't recall any.
 5 Q Where is Dr. Hupka's offices?
 6 A Colonia Road in New Jersey. I'm not
 7 sure of the exact address.
 8 Q And the town is good enough. Is it
 9 Colonia?
 10 A Colonia.
 11 Q What about Dr. Wilen, where was his
 12 office located?
 13 A I was going to the Staten Island office
 14 on Third Street and Highland Boulevard, I believe
 15 it was. And then I started going to the Brooklyn
 16 location on 99th and Fort Hamilton Parkway.
 17 Q Was there any reason you switched from
 18 the Staten Island location to the Brooklyn
 19 location?
 20 A Change of address.
 21 Q His change of address.
 22 A My change of address.
 23 Q Oh, fair enough.
 24 And what about Dr. Naik, where did you
 25 treat with Dr. Naik?

Page 190

1 A The same thing as Wilen. He was in
 2 Staten Island for a period of time and then when I
 3 moved they were in Bay Ridge, Brooklyn.
 4 Q Okay.
 5 You indicated that Dr. Keenan, he was
 6 in Brooklyn, as well?
 7 A That's correct.
 8 Q Did you start treating with Dr. Keenan
 9 when you moved to Brooklyn or were you treating
 10 with him while you lived in New Jersey?
 11 A I don't recall if I was in the process
 12 of doing all that.
 13 Q What about One On One Physical Therapy,
 14 where are they located?
 15 A They're on -- they're also on Third
 16 Street and Highland Boulevard.
 17 Q Staten Island?
 18 A Yes.
 19 Q And Dr. Davy?
 20 A I don't remember his address. It's
 21 been a while since I've been there.
 22 Q Do you have any idea where he was?
 23 A No, I don't.
 24 Q New York, New Jersey?
 25 A Oh, he's in New York.

Page 191

1 Q Brooklyn?
 2 A I think he had an address somewhere in
 3 Flatbush, Flatbush Avenue, I think. I'm not a
 4 hundred percent sure.
 5 Q Flatbush Avenue in Brooklyn.
 6 A Yeah.
 7 Q Okay.
 8 And you don't remember treating with a
 9 Dr. Lopez Del Castillo on Wieland Boulevard in
 10 Staten Island?
 11 A I went one time, I think, to that guy.
 12 Q That's fine.
 13 A He's the one that wanted to give me
 14 epidural and I told him no. I didn't want to do
 15 that.
 16 Q Why did you not want to get epidurals?
 17 A I don't like needles in my spine. I
 18 didn't want that. If that's the same guy. I think
 19 that's him. The address sounds familiar.
 20 Q All right.
 21 Let's go to the present time. Who do
 22 you currently have doctors' appointments with
 23 scheduled as you sit here today?
 24 A Dr. Wilen and Dr. Naik.
 25 Q Anyone else?

Page 192

1 A Besides IME doctors?
 2 Q Yes, I'm not worried about IME
 3 doctors.
 4 A Okay. Then that's it.
 5 Q Okay.
 6 How often do you see Dr. Wilen at the
 7 present time?
 8 A Once a month.
 9 Q And how many times do you -- how often
 10 do you see Dr. Naik?
 11 A Once a month.
 12 Q Do you see them at the same visit, so
 13 to speak, one after the other, or do you go
 14 different times?
 15 A No, never. Different times.
 16 Q When you last saw Dr. Wilen did you
 17 discuss your problems with him, future?
 18 A My future?
 19 Q Yes, future medical care, future
 20 prognosis for getting better.
 21 A No. We have discussions on how am I
 22 feeling, you know, what still hurts. You know, he
 23 asks what does hurt, if anything does hurt, where
 24 am I feeling the pain. Then he gives me advice on
 25 what to try to do.

Page 193

1 Q Well, when you saw him for the last
 2 time what advice did he give you?
 3 A Well, the last time I saw him I got the
 4 shot in the shoulder 'cause I was in a lot of
 5 pain. So, you know, he asked me, "Do you want the
 6 cortisone shot?"
 7 I said, "Yeah, I think I'll do it"
 8 'cause he knows I don't like needles but I did it
 9 anyway and it hasn't helped me, so I haven't seen
 10 him since that last visit, so I'm waiting to see
 11 him now and I'll follow up.
 12 Q Have you ever discussed any other forms
 13 of treatment with Dr. Wilen other than cortisone
 14 shots and, obviously, the surgery you've had?
 15 A No.
 16 Q Okay. I apologize.
 17 A Physical therapy, like.
 18 Q I apologize. The cortisone shot was
 19 for your shoulder or your knee?
 20 A Well, I've gotten them all.
 21 Q The last one.
 22 A The last one I got was in the left
 23 shoulder.
 24 Q Did that provide any relief at all?
 25 A For about two days.

Page 194

1 Q Can you describe the pain that you
2 experience or the discomfort you experience in your
3 left shoulder?

4 A It's a stabbing, numbing pain,
5 consistent. It does not go away. It radiates from
6 the shoulder to the neck, from the shoulder down.

7 Q Down to where?

8 A Down the shoulder.

9 Q Oh, down the shoulder.

10 A Yeah. I'm sorry.

11 Q That's okay.

12 All right. Do you have that pain
13 consistently each day?

14 A Yes.

15 Q Do you ever take any prescription
16 medication?

17 A Yes.

18 Q Okay.

19 Do you take any -- in the last twelve
20 months have you taken prescription pain medication
21 for the pain in your shoulder, knee, back or neck?

22 A Not prescription, no. I haven't -- I
23 don't recall filling any prescriptions, no.

24 Q Okay.

25 Do you take any other type of

Page 196

1 that he was gonna do, what he was gonna do, how
2 long that it would take, and then the recovery
3 time, approximate recovery time.

4 Q And what did he tell you for the
5 approximate recovery time?

6 A I tell you the truth, I don't recall,
7 because he didn't give me -- that's why I said
8 approximate because everybody heals different, from
9 what he said. He goes, "You can be up and running
10 in a couple of months or you could be a couple
11 years. It depends on how the surgery goes."

12 Q As you sit here today could you tell me
13 about the pain you have in your right knee?

14 A In the right knee it's constant pain in
15 the front of the knee and on the top right of the
16 knee above it, like right above the knee, and it
17 shoots up and down the leg, and constant clicking,
18 cracking, and occasional buckle and fold.

19 Q I don't want to put words in your
20 mouth. Did you say occasional buckle and fold?

21 A Yeah, my knee will buckle.

22 Q Okay.

23 How often does your knee buckle?

24 A Occasionally would be, I don't know,
25 I'd say like once a month, sometimes once every

Page 195

1 medication?

2 A Aspirins.

3 Q Okay.

4 How often do you take aspirin?

5 A It depends on the day. I try to do
6 without 'cause I don't like pills. So sometimes
7 I'll take Aleves or Advils on bad days so I can get
8 moving.

9 Q Has Dr. Wilen provided you with -- I
10 don't know if I got an answer to this before -- a
11 prognosis as to what the future holds for your left
12 shoulder? Will it get better? Should you do more
13 physical therapy?

14 A He hasn't told me anything yet. He's
15 -- he hasn't said anything about, like, final
16 diagnosis, if that's what you're asking.

17 Q Yes, that's what I'm asking.

18 A No, he hasn't said anything yet.

19 Q When Dr. Wilen performed your shoulder
20 surgery, when he did that did he speak to you about
21 what the prognosis was at that time, before you
22 underwent the surgery?

23 A Before I went underneath the surgery?

24 Q Yes.

25 A No, he just told me about the repairs

Page 197

1 three weeks, depending on, I guess, the activity
2 from walking or the weather.

3 Q The pain that you described, does that
4 ever improve with physical therapy, get worse with
5 physical therapy, something else?

6 A Does it improve?

7 Q Yes.

8 A No, it hasn't.

9 Q But does it improve while you're
10 undergoing physical therapy?

11 A While I'm actually doing physical
12 therapy?

13 Q Yes.

14 A No.

15 Q Has Dr. Wilen or any other doctor
16 provided you with a prognosis for the condition of
17 your knee?

18 A No.

19 Q Has any doctor told you that you're
20 going to require any future surgery?

21 A Nobody's mentioned that.

22 Q Are you receiving any treatment at the
23 current time with respect to your back?

24 A I'm still seeing Dr. Keenan, Steve
25 Keenan. I haven't gone lately, though. He has

Page 198

1 called me but I haven't gone.

2 Q Why haven't you gone?

3 A I had a death in the family.

4 Q My condolences.

5 A Thank you.

6 Q Are you planning on making an
7 appointment in the future?

8 A Yes.

9 Q How's your back been in the last six
10 months?

11 A A lot of throbbing. Constant I have to
12 stretch every morning lightly because I don't want
13 to go too far but I do light stretches in the
14 morning everytime when I get out of bed. It just
15 gets very stiff like all day.

16 Q Other than your neck, your back, your
17 right knee and your left shoulder, did you injure
18 any other part of your body in connection with this
19 accident?

20 A I believe it was my right wrist but
21 there was no -- I never really treated it.

22 Q Do you have any current problems with
23 your right wrist?

24 A No. It just clicks.

25 Q Did it click before the accident?

Page 199

1 A No.

2 Q Is your range of motion, that is, your
3 ability to move it around, is that compromised in
4 any way since the accident?

5 A Well, I haven't gone back to work,
6 really, like to do --

7 Q I'm just talking about your wrist.

8 A Just to move it?

9 Q Yes.

10 A I don't think it has, no.

11 Q Any other part of your body that you
12 injured in connection with this accident that we
13 haven't spoken about, your neck, back, knee,
14 shoulder and right wrist?

15 A It was both shoulders, I believe.

16 Q Both shoulders.

17 A Um-hum.

18 Q Okay.

19 A No, that was it.

20 Q That was it.

21 Are you right-handed or left-handed?

22 A As far as doing what? 'Cause I kind of
23 like I use both depending on what it is. I write
24 with my right hand. I throw with my left. I catch
25 with my right. I bat lefty. You know what I

Page 200

1 mean?

2 I mean, that's why I'm saying. Some
3 people say ambidextrous but I can't write with both
4 hands so I don't consider myself. You know what I
5 mean? I use both.

6 Q What would you say is your dominant
7 hand for doing things like manual labor? You're
8 loading baggages on a flight, are you using your
9 right hand or your left hand?

10 A I probably use my left with my reach.
11 I would reach and like that, throw.

12 Q Okay.

13 You indicated you're not presently
14 employed. Is that correct?

15 A That's correct.

16 Q And the last time you worked was when?

17 A Was July. It was on July 14 of '08.

18 Q And who were you employed with at that
19 time?

20 A Jet Blue.

21 Q Did you ever work for UPS?

22 A For, like, two days.

23 Q Okay.

24 And that was after Jet Blue.

25 A Yes.

Page 201

1 Q Okay.

2 Let's start with Jet Blue. What was
3 the reason you left the employ of Jet Blue?

4 A I left there due to personal reasons.

5 Q Are these personal reasons personal
6 reasons that have nothing to do with the job or is
7 it personal reasons that have something to do with
8 the job?

9 A Personal reasons that have things to do
10 with the job.

11 Q Okay. Could you tell me what those
12 are?

13 A No. They're personal.

14 Q Well, you're asserting a loss of
15 earnings claim so we're entitled to ask you
16 questions as to why you left the employ of Jet
17 Blue.

18 A Why did I leave Jet Blue?

19 Q Yes. Assuming you left, of course, and
20 I'm not implying otherwise, but assuming you left
21 on your own free will as opposed to being
22 terminated or fired.

23 A Right.

24 Q You're asserting a loss of earnings
25 claim and you left one job to go to another so

Page 202

1 we're entitled to inquire.

2 A No, I didn't leave to go there. I
3 loved that company. I worked there almost eight
4 years.

5 Q Let me put it this way: You left one
6 job and started another. Maybe you didn't leave
7 one to start the other. We're entitled to. Unless
8 your counsel has some -- if you want to talk about
9 it off the record.

10 MR. MASCOLO: What period of time are
11 we talking about here?

12 MR. GORMLEY: We're talking about when
13 he left Jet Blue.

14 MR. MASCOLO: You can answer.

15 MR. GORMLEY: He's going to tell us why
16 he left Jet Blue or why he no longer works for
17 Jet Blue.

18 A I left Jet Blue because I had a
19 discrimination with another manager there. He
20 stated something about my race.

21 Q I'm not going to get into this whole
22 thing because I agree that is personal. I just
23 wanted to make sure I understand.

24 A I understand.

25 Q He didn't accuse you. You're saying

Page 204

1 that you would be unable to complete your job
2 functions?

3 A Well, they knew of my -- the extent of
4 my injuries. They know I wasn't capable of
5 handling an additional work load, like more than
6 what I was required to do.

7 Q Did you file any discrimination suit
8 charges against Jet Blue?

9 A Yes, I did.

10 Q Have those been resolved or are they
11 still pending?

12 A Some of them are still pending from the
13 last I heard of them. It's been a while, though.

14 Q Who was the manager?

15 A For what?

16 Q The manager with whom you've had this
17 dispute.

18 A The dispute was Rob Howe. Robert
19 Howe.

20 Q When you left Jet Blue did you go work
21 for somebody else, even for a short period of
22 time? Did you go work for UPS?

23 A Yes.

24 Q And what were the circumstances --
25 actually, withdrawn.

Page 203

1 that he was discriminating against you as opposed
2 to you being the one that was doing the
3 discriminating. Is that correct?

4 A That's correct. He discriminated
5 against me.

6 Q Okay.

7 Did he discriminate against you in any
8 way with respect to any disability that you may
9 have had or not had?

10 A No, it wasn't to do with my disability.

11 Q Okay.

12 Did it have anything to do with your
13 injuries or your accident?

14 A No.

15 Q Did you leave the company or were you
16 asked to leave the company?

17 A That all depends on how you want to
18 look at it. I was pretty much forced. I had no
19 choice because they were giving me five gates, six
20 gates to run and three crews to run it and the
21 flights all had to go out on time. So for my own
22 health and before I would pretty much have a heart
23 attack, yeah, I would want to leave.

24 Q Is it fair to say that certain people
25 within the company increased your work load such

Page 205

1 What job were you hired to work at UPS?

2 A I was hired as an off -- like a package
3 handler.

4 Q And what were your duties and
5 responsibilities? I know you were only there for a
6 short period of time but what did that job entail?

7 A It was a part-time position and it was
8 for a -- to off-load and throw boxes on belts and
9 that was it.

10 Q And what were the circumstances under
11 which you left the employ of UPS?

12 A I injured my back.

13 Q What were you doing at the time that
14 you injured your back?

15 A Lifting boxes.

16 Q What part of your back did you injure?

17 A It's the same spot that I claim when I
18 got hurt at Jet Blue. It was the center of the
19 back.

20 Q At the time that you injured your back
21 at UPS, had your back been bothering you before
22 that?

23 A No, I felt okay enough to try to work.
24 It wasn't a hundred percent.

25 Q Other than the center of your back did

Page 206

1 you injure any other part of your back while
2 working for UPS?

3 A No.

4 Q Did you have pain in any other
5 different part of your back that you didn't injure
6 while you were at UPS while you were working at
7 UPS?

8 A No.

9 Q Since working at UPS -- actually,
10 withdrawn.

11 How long did you work at UPS?

12 A I stated, a day or two.

13 Q Okay.

14 So it's fair to say you quit that job
15 or ended working there because you were injured?

16 A Because I -- did I quit -- because,
17 yes, I got hurt. I couldn't handle that position.

18 Q Did you file a workers' compensation
19 claim in connection with that accident?

20 A No.

21 Q Since working for UPS for one to two
22 days have you worked anywhere else?

23 A No.

24 Q Have you sought out or looked for
25 employment in any other capacity?

Page 207

1 A Sought out?

2 Q Sought out other employment since
3 working for UPS?

4 A No.

5 Q Has any doctor told you that you should
6 not return to work since you injured yourself at
7 UPS and, obviously, your accident at Jet Blue?

8 A Well, right now I'm disabled.
9 Dr. Wilen is -- I'm disabled 'cause I can't go back
10 to a hundred percent doing what I was doing.

11 Q Okay.

12 Has Dr. Wilen told you that you
13 couldn't work in any capacity in any job?

14 A Pretty much right now, yes, totally
15 disabled.

16 Q When you left Jet Blue how much were
17 you earning?

18 A Approximately 60,000 a year.

19 Q Did that consist of just straight time,
20 overtime, something else?

21 A Straight salary.

22 Q Did you work any overtime?

23 A I worked it but I wasn't paid for it.

24 Q That's what I meant. Were you
25 compensated if you worked overtime?

Page 208

1 A No.

2 Q And for what period of time were you
3 earning 60,000 per year?

4 A Since -- for approximately more than
5 two years.

6 Q So approximately give or take two years
7 before the accident you were earning \$60,000.

8 A Yeah, about that.

9 Q What benefits did you have working for
10 Jet Blue?

11 A As far as?

12 Q Medical, dental, flight benefits,
13 anything you're claiming in this lawsuit.

14 A Well, I had flight benefits. I have --
15 I had medical. I had a 401(k). I had stock
16 options. I had death and dismemberment. If I was
17 to die or lose a limb, my child would or me would
18 get some type of check depending on what limb you
19 lose.

20 Pretty much that's it.

21 Q And when you were employed by UPS, how
22 much were you earning there? I know it was only
23 for a couple days.

24 A I know. I think it was like eight
25 dollars an hour.

Page 209

1 Q Did you have any fringe benefits?

2 A Nothing.

3 Q Had you not had that, as you've
4 described it, personal issue at Jet Blue, was it
5 your plan to stay in the employ of Jet Blue?

6 A Sure.

7 Q And at the time just before you left
8 Jet Blue were you able to perform the duties and
9 responsibilities of the jobs that you had been able
10 to perform before?

11 I understand they increased your work
12 load. I'm not talking about that, with respect to
13 those personal issues that you had, but were you
14 able to fulfill the regular duties and
15 responsibilities that you had of the jobs that you
16 held at the time of the accident at the time that
17 you left?

18 A Was I able to do what I used to do is
19 what you're asking me?

20 Q Yes.

21 A After the accident?

22 Q At the time that you left were you able
23 to fulfill your duties and responsibilities as a
24 Ground Operations supervisor?

25 A I don't understand how you're wording

Page 210

Page 212

1 it. You got to say it differently.

2 Q No problem. I certainly don't want to
3 confuse you.

4 When you left your job in July of 2008
5 from Jet Blue, at that time were you able to do the
6 job functions required of you at Jet Blue?

7 A Not to my full capacity since I was
8 injured, no.

9 Q Okay.

10 Did anyone threaten to fire you, lay
11 you off or anything else at Jet Blue as a result of
12 the injuries that you had had?

13 A No. I was a supervisor. I pretty much
14 could kind of work around. You know, if I couldn't
15 get in the plane to load the plane because my knee
16 was hurting or my back was hurting that day, I
17 would try to get another crew member to assist the
18 crew.

19 Q That's sort of what I meant.

20 A Right.

21 Q You might not have been physically able
22 to do the job functions yourself but as a
23 supervisor you could get somebody else to do it.
24 Is that fair?

25 A Yes. Part of that was directing crew

1 every two weeks.

2 A Right.

3 Q Give or take. Okay.

4 I'm sorry, you said it was a thousand a
5 week.

6 A It's 2,000 a month.

7 Q And now it's 1,600 a month.

8 A A month.

9 Q Have you had any out-of-pocket expenses
10 that have not been reimbursed in connection with
11 any medical treatment that you've received as a
12 result of the accident?

13 A Probably just -- probably a couple
14 months of gas and tolls and stuff like that,
15 mileage for the people driving me back and forth to
16 the doctor. But other than that, no.

17 Q Have you submitted certain expenses to
18 workers' comp. for gas, tolls, bridges, mileage?

19 A Yes.

20 Q Okay.

21 And there's a couple of months you
22 indicated you didn't. Correct?

23 A A couple of months that I haven't been
24 reimbursed for.

25 Q Okay.

Page 211

Page 213

1 members on what to do. So, you know, ones that you
2 seen sitting down doing nothing, you take them up
3 and bring them to a flight to work.

4 Q Is it fair to say the only reason you
5 left Jet Blue is because of this discrimination
6 issue that you had, personal issue you had?

7 A Yes, it was the discrimination.

8 Q Since your accident have you received
9 workers' compensation benefits?

10 A Yes.

11 Q Have you received at least a partial
12 reimbursement of your salary of money that you were
13 earning at the time of the accident from workers'
14 comp.?

15 A Well, I get workers' comp. checks. I
16 don't know if you're talking about like a lump sum
17 or something.

18 Q I'm not talking about a lump sum. I'm
19 talking about weekly or biweekly.

20 A Yes, I get a check every two weeks.

21 Q And how much is that check every two
22 weeks?

23 A It was a thousand dollars every two
24 weeks and now it's 1,600 a month.

25 Q So it's about 1,800. I'm sorry, 800

1 And do you know how much money that is
2 that you haven't been reimbursed?

3 A Not off the top of my head. It's been
4 quite some time.

5 Q Could you provide an estimate? Is it a
6 hundred dollars, a thousand dollars, \$10,000?

7 A No, approximately two, \$300.

8 Q Other than that amount have you -- are
9 there any other out-of-pocket expenses that you've
10 incurred as a result of this accident that haven't
11 been reimbursed?

12 A No.

13 Q Other than receiving workers'
14 compensation have you received any disability
15 payments from anyone else?

16 A No.

17 Q Have you filed for Social Security
18 disability?

19 A Yes.

20 Q Have you been approved for Social
21 Security disability?

22 A No.

23 Q Have you been -- that was a bad
24 question.

25 Have you been -- has a decision been

Page 214

1 rendered with respect to your application for
 2 Social Security disability benefits?
 3 A Neither.
 4 Q In other words, did they reject you or
 5 you just haven't heard yet?
 6 A From what I understand, I was
 7 approved. Then I was denied when it went to the
 8 final and then now it's pending.
 9 Q When you say it's now pending, is that
 10 sort of an appeal or an appellate?
 11 A My attorneys are handling that.
 12 Q Okay.
 13 Is that your attorneys here or your
 14 attorneys for the work -- that handle your workers'
 15 compensation claim?
 16 A Neither.
 17 Q That's a third attorney.
 18 A Yes.
 19 Q Who's that?
 20 A Klee & Wolf.
 21 Q I'm sorry, C?
 22 A K. K-l-e-e and Wolf, W-o-l-f.
 23 Q Okay. Where are they located?
 24 A Massapequa.
 25 Q Long Island.

Page 215

1 A Yes.
 2 MR. GORMLEY: We'll follow up in
 3 writing but we'll be requesting authorization
 4 for any and all Social Security disability
 5 records, applications, hearings or anything of
 6 that nature but we'll follow up in writing.
 7 If you can do an index.
 8 Also, any authorization for Dr. Steven
 9 Keenan. I don't believe we were previously
 10 afforded an authorization for Dr. Steven
 11 Keenan. Again, we'll follow up in writing.
 12 Q Other than Social Security disability
 13 and workers' compensation have you filed for any
 14 other disability, whether it be private disability
 15 payments, private insurers, anything of that
 16 nature?
 17 A No.
 18 Q Prior to this accident of January 21,
 19 2008 have you ever injured your knee?
 20 A No.
 21 Q Ever injured your back?
 22 A No.
 23 Q Ever injured your shoulder, either one?
 24 A No.
 25 Q Ever injured your wrist?

Page 216

1 A No.
 2 Q Since your accident -- actually,
 3 withdrawn.
 4 When you worked at UPS and you injured
 5 your back as you testified to previously, did you
 6 injure any other part of your body?
 7 A No.
 8 Q Since your accident have you reinjured
 9 your shoulder?
 10 A No.
 11 Q Have you reinjured your knee?
 12 A No.
 13 Q Have you reinjured your back other than
 14 when you injured it at UPS?
 15 A Have I reinjured it?
 16 Q Reinjured it.
 17 A No.
 18 Q Have you been involved in any accidents
 19 since your accident of January 21, 2008 and your
 20 subsequent injury at UPS?
 21 A No.
 22 Q What activities are you currently
 23 unable to do now that you were able to do on a
 24 regular basis prior to your accident? What I mean
 25 by that, I'll break it down.

Page 217

1 First let's talk about recreational
 2 activities. Is there any recreational activities
 3 you did before the accident on a regular basis?
 4 A Played ball, Frisbee, football.
 5 Basically playing with my son.
 6 Q When you said played ball, did you mean
 7 played basketball, baseball, football or are you
 8 limiting it?
 9 A No, just played ball. You know,
 10 everything, just throwing around a football
 11 outside, you know, playing regular softball.
 12 Q Did you belong to any leagues or teams
 13 that you would regularly play with on a regular
 14 basis back in -- before the accident?
 15 A No.
 16 Q How old is your son?
 17 A He's five.
 18 Q Any other recreational activities that
 19 you used to perform on a regular basis prior to
 20 your accident?
 21 A No.
 22 Q What about household activities? Were
 23 there any household activities you would perform on
 24 a regular basis prior to your accident?
 25 A Laundry, cooking, cleaning.

Page 218

1 Q And since your accident have you been
2 able to perform any of those activities?

3 A No.

4 Q Who performs them at the present time
5 for you?

6 A I have an aunt that helps me out. I
7 have friends that come over and help me out.

8 Q Have you had to pay anyone out-of-
9 pocket expenses to perform any household chores for
10 you?

11 A No.

12 Q Any other household activities that you
13 can't do?

14 A Cooking, cleaning.

15 No, none other.

16 Q Okay.

17 Are there any social activities that
18 you're unable to do now that you would do prior to
19 the accident?

20 A Kind of like going to games without
21 being uncomfortable, you know, like a baseball game
22 or something, movie theaters. I have to keep
23 moving around a lot, fidgeting. As far as social
24 goes. Long car rides, if I was gonna go somewhere,
25 I can't do that really.

Page 219

1 Q So if I understood you correctly, those
2 social activities that you just described, it's not
3 that you can't do them, it's that you're
4 uncomfortable doing them at the present time. Is
5 that correct?

6 A I would say I can't do them.

7 Q Have you been to any baseball games,
8 football games in the past two seasons?

9 A No.

10 Q Have you been to see any movies?

11 A No.

12 Q Have you been on vacation since your
13 accident?

14 A No.

15 Q Have you traveled out of the State of
16 New York and/or New Jersey since your accident?

17 A No.

18 MR. GORMLEY: I'm going to look at my
19 notes but rather than hold everybody up I'm
20 going to let you.

21 RE-CROSS-EXAMINATION BY MR. MORYAN:

22 Q As with before I'm going to hit and
23 miss certain topics. I'm not going to go into as
24
25

Page 220

1 much detail as was just asked, Mr. Gatto. I do
2 have some follow-up with respect to some of your
3 testimony.

4 What was -- going back to your salary
5 of \$60,000 a year at the time you left Jet Blue,
6 what was your take-home, your net pay?

7 A I don't know off the top of my head.

8 Q Well, what was -- well, were you paid.
9 -- how were you paid?

10 A It was approximately about 1,200 every
11 two weeks.

12 Q Net or gross?

13 A Take-home.

14 Q Okay.

15 A And it was after 401(k) and whatever
16 else I was putting my plans into, my money into.

17 Q Okay.

18 And at the time you lived in a condo.

19 Correct?

20 A That's correct.

21 Q And what was your carrying charges on
22 your condo?

23 A It was twenty-something hundred. I
24 don't recall off the top of my head.

25 Q Twenty-something hundred a month?

Page 221

1 A Yeah.

2 Q And I forget, the mother of your son,
3 was she living with you at the time?

4 A Yes.

5 Q Were you married?

6 A Yes.

7 Q Okay. She does not go by Gatto.

8 Correct?

9 A Yes, she does.

10 Q Oh, she did.

11 A Um-hum.

12 Q Oh, okay.

13 Was she working?

14 A Yes.

15 Q And did she contribute to the payment
16 of the mortgage?

17 A Yes.

18 Q And how much did she make per year?

19 A I believe she was about forty-five,
20 fifty.

21 Q Forty-five, fifty?

22 A Forty-five to 50,000.

23 Q Oh, okay. Doing what?

24 A She's a broker dealer for transition
25 services at MetLife.

Page 222

1 Q And do you recall what your utility
2 charges were at the condo on a monthly basis
3 roughly?
4 A Gas and electric, probably like, maybe
5 like 150 to 200.
6 Q Did you have condo dues?
7 A Yes. They were 250 or 175 a month I
8 think it was. I don't remember. I can't remember.
9 Q Did you have maintenance fee on top of
10 that?
11 A That was included.
12 Q Okay.
13 And in terms of you personally, what
14 did you spend your money on, if anything?
15 A I didn't. Stuff for the house and all
16 for my son.
17 Q Okay.
18 And when did you move in with your dad?
19 A Approximately seven months ago.
20 Q And do you live in the same home with
21 your father and your stepmother?
22 A It's a private home and I have an
23 apartment there.
24 Q You have a separate entrance?
25 A Yes.

Page 223

1 Q Okay.
2 And is there a reason why your aunt and
3 friends come in to help you out as opposed to your
4 dad and his wife?
5 A He helps, too.
6 Q He helps?
7 A He helps, yeah.
8 Q Your dad's name is?
9 A Anthony.
10 Q Anthony Gatto?
11 A Yes.
12 Q And what's your stepmother's name?
13 A I say he's my dad. He's my uncle but
14 he raised me. I consider him my father. I'm sorry
15 for that.
16 Q Okay. And that's Anthony.
17 A Yes.
18 Q And so his wife is the aunt you were
19 talking about?
20 A Is my aunt. That's correct. Sorry
21 about that.
22 Q What's her name?
23 A Her name is Marian.
24 Q And who are the friends that come in to
25 help you out?

Page 224

1 A Friends that I've had since high
2 school.
3 Q Names, please.
4 A Anthony Hanley.
5 Q Anthony Handley?
6 A Hanley, H-a-n-l-e-y.
7 Q Hanley. Okay.
8 A His wife comes on occasion with him.
9 Q All right.
10 A Pretty much that's it.
11 Q Okay. And where does Anthony Hanley
12 live?
13 A He lives in Sunset Park, Brooklyn.
14 Q And why did you move in with your dad
15 approximately seven months ago?
16 A Separated from my wife.
17 Q And was any part of the reason for your
18 separation -- I don't mean to pry but I will ask
19 this -- related to the pain and/or injuries that
20 you've sustained allegedly in this accident?
21 A I think that was partially the problem.
22 Q Okay.
23 Was there any other problems?
24 A That was partially the problem.
25 Q And I take it from your earlier

Page 225

1 testimony that neither you nor your wife lived or
2 lives in the apartment or the condo that we just
3 talked about?
4 A That's correct.
5 Q Has that been sold?
6 A Not yet.
7 Q Okay. Are you in the process of
8 divorcing?
9 A Yes.
10 Q And has a complaint been filed, a
11 divorce complaint?
12 A Yes.
13 Q What county?
14 A In this county, Middlesex.
15 Q Middlesex County?
16 And did you file or was it a joint
17 filing or did your wife file?
18 A I filed.
19 Q For grounds?
20 A No. Well, she wanted the divorce but
21 never went and filed the papers but she decided she
22 didn't want to be with me, so I had to get a lawyer
23 and I had to file.
24 Q Okay.
25 A That's how it went.

Page 226

1 Q And who's your lawyer, your divorce
2 lawyer?
3 A Lynn Miller.
4 Q And where is she located?
5 A Right here in this office. In this
6 firm, I should say.
7 Q Is that your next meeting?
8 A Yeah. Well, then I have another
9 meeting. I have to meet the ex-wife to give her a
10 check, also, so.
11 Q Now, do you have visitation rights
12 currently?
13 A Yes, I do.
14 Q And how often?
15 A Every other weekend, shared holidays,
16 shared birthdays.
17 Q Shared meaning you alternate?
18 A Right, alternating.
19 Q And do you come out to New Jersey or
20 does your son come over to Brooklyn to see you?
21 A She comes in once a month to pick him
22 up, that's it. I have to be taken out here to come
23 see my son, to pick him up.
24 Q So somebody drives you?
25 A Yes, I'll be driven.

Page 227

1 Q And that's because you can't physically
2 drive?
3 A I could but not for long periods of
4 time. Depending on the weather or how I feel that
5 day.
6 I'm not saying I don't drive. I do
7 drive. But certain days I have to have somebody
8 take me.
9 Q Okay.
10 A So at least I could see him.
11 Q And when you come out do you spend the
12 time out here or do you take him back to Brooklyn?
13 A I take him back to Brooklyn.
14 Q Okay.
15 Now, Robert Howe, is he African-
16 American?
17 A Yes, he is.
18 Q And, again, I'm not going to get into a
19 ton of detail about this but is part of your
20 complaint about Mr. Howe's conduct that he treated
21 African-American supervisors differently than he
22 treated you?
23 A That was part of the complaint.
24 Q Okay.
25 And was the complaint filed in court or

Page 228

1 with the EEOC or some other entity?
2 A It was the EEOC.
3 Q And who is your discrimination lawyer?
4 A I had from EEOC -- oh, man, it's been a
5 long time. I don't have that information right
6 now.
7 Q Okay.
8 Did you go to a department or an office
9 of the EEOC and lodge a complaint?
10 A Yes. I just don't recall the
11 gentleman's name that assisted me with that.
12 Q Okay. Where was that office that you
13 went to?
14 A It was in New York.
15 Q New York City?
16 A Yeah.
17 Q And do you remember what street that
18 office was on?
19 A No, I don't.
20 Q Did somebody send you there? Did
21 somebody recommend that you go there?
22 A Another person from the job stated I
23 should go there to file the complaint because the
24 actual Human Resources department who I filed with
25 at the company wasn't assisting in any which way or

Page 229

1 form.
2 Q So you actually filed a formal
3 complaint with the H.R. department?
4 A Yes, I did.
5 Q And was that in writing?
6 A I believe I shot out some e-mails to my
7 general manager and he ignored it for a period of
8 time. I then brought it over to Human Resource
9 department, informed them, and they ignored it. So
10 my last attempt to resolve the situation and not
11 leave the company was with the EEOC.
12 Q Okay.
13 So you actually went to the EEOC before
14 July 2008.
15 A Yes.
16 Q Who was your general manager that you
17 sent your e-mails to?
18 A His name was -- oh, man.
19 Off the top of my head I don't. I
20 don't know. I could get you the name. I don't
21 remember off the top of my head.
22 Q Okay. Is this a general manager at
23 J.F.K.?
24 A He's from Ground Operations.
25 Q Ground Operations general manager at

Page 230

1 J.F.K.
 2 A Right.
 3 Q And do you remember with whom at H.R.
 4 you filed your complaints?
 5 A His last name was Colette.
 6 Q One L or two?
 7 A I think it was one.
 8 Q That's my daughter's first name. That
 9 will not be hard to remember.
 10 Okay. Have you ever suggested to Dr.
 11 -- is it Wilen?
 12 A My orthopedist?
 13 Q Yes.
 14 A Yes.
 15 Q Dr. Wilen or Dr. Naik that maybe they
 16 did something wrong in the manner in which they've
 17 treated you?
 18 A I never suggested that.
 19 Q Have you seen any doctors, any
 20 orthopedists, for a second opinion as to whether or
 21 not you received proper care?
 22 A No.
 23 Q Have you contacted a medical
 24 malpractice lawyer to see whether or not you
 25 received proper care?

Page 231

1 A No.
 2 Q Has Dr. Wilen or Dr. Naik ever told --
 3 have they ever told you why they think you're not
 4 getting better?
 5 A No, they said to just continue going to
 6 therapy and you possibly never may be the same.
 7 You possibly never may be the same but continue
 8 going to therapy and, you know, just keep working
 9 at it.
 10 Q Okay.
 11 When did you first fill out an
 12 application for a UPS job?
 13 A I don't recall the date.
 14 Q Okay.
 15 Was it -- you went over there in July
 16 of 2008. Do you recall how many months prior to
 17 July you filled out an application for the first
 18 time?
 19 A No, I don't.
 20 Q Okay.
 21 Did you tell -- did they ask you or did
 22 you tell them that you had been injured on the job
 23 at Jet Blue?
 24 A No.
 25 Q I'm sorry, that was a compound

Page 232

1 question. That was a bad lawyer question. I
 2 apologize.
 3 Did they ask you if you had been
 4 injured on a previous job?
 5 A No.
 6 Q Did you volunteer to them that you had
 7 been injured?
 8 A No.
 9 Q Okay.
 10 Did they ask you whether or not you had
 11 any claim against Jet Blue for discrimination?
 12 A No.
 13 Q Did you tell them?
 14 A No.
 15 Q Had you applied anywhere other than UPS
 16 in 2008 for a job?
 17 A I don't recall.
 18 Q How did you pick -- and I take it that
 19 your job application with UPS was done on-line?
 20 A I don't recall.
 21 Q How did you pick UPS?
 22 A I thought it would be a good company to
 23 work for.
 24 Q Why is that?
 25 A Big company. Trucks all around the

Page 233

1 world. Who wouldn't want to work there?
 2 Q Did you try to apply with FedEx or any
 3 other ground company?
 4 A I don't recall.
 5 Q I apologize if this has been asked but
 6 what is the status of your workers' comp. claim?
 7 A As far as what?
 8 Q Has it been finally decided?
 9 A No, it hasn't.
 10 Q So it's pending.
 11 A I would say that, yeah.
 12 Q And the benefits you're receiving are
 13 temporary benefits?
 14 A That's correct.
 15 Q Do you recall when you first made your
 16 claim of discrimination?
 17 A No, I don't.
 18 Q You do not.
 19 Was it before or after the January 28,
 20 2008 incident?
 21 A I don't recall.
 22 MR. MORYAN: Would you mark that the
 23 next exhibit number, please?
 24 (UPS personnel file is marked DH for
 25 Identification.)

Page 234

1 Q Mr. Gatto, I'm going to show you what's
2 been supplied to my office from counsel for UPS as
3 their personnel file on you and I'm not going to go
4 page by page on that but I want you to take a look
5 at that page and I want to draw your attention to
6 the top of the page which reads Job Application and
7 about halfway down under General Information it
8 states, "Have you ever completed an application for
9 employment at UPS or any UPS subsidiary?"

10 And it says -- it writes or reads,
11 "Yes."

12 "When completed?"
13 "2/10/08."

14 Can you tell me why you applied or
15 completed a job application in February '08 for a
16 UPS job?

17 A No I couldn't.

18 Q And does that in any way refresh your
19 recollection as to when your first complaints of
20 job discrimination occurred at Jet Blue?

21 A I don't understand.

22 Q Does the fact that you filled out a job
23 application in February 2008 for UPS in any way
24 refresh your recollection when you first complained
25 at Jet Blue of job discrimination?

Page 235

1 A I don't recall if it was the same time
2 frame but it had to be somewhere in that ballpark
3 because I left not too many months after that.

4 Q Okay.

5 Let me ask -- well, do you recall
6 whether you first filled out an application for UPS
7 or any other job before or after you first felt
8 that you were being discriminated against at Jet
9 Blue?

10 A I don't recall.

11 Q If you go to the second page of the
12 packet which is the first page under the Wargo &
13 French cover sheet --

14 A Which page is it?

15 MR. GORMLEY: The second. 1 of 2.

16 Q The second page. It says 1 of 2.

17 A Yes.

18 Q It indicates under the line that goes
19 across, "Last Start Date: 7/28/2008."

20 Is that what you recall as when you
21 started at UPS?

22 A I don't recall. I don't remember when
23 I worked there. I told you that already.

24 Q Well, does that refresh your
25 recollection?

Page 236

1 A No, it does not.

2 Q And do you see next to Termination Date
3 8/17/2008? Does that refresh your recollection as
4 to when you left UPS?

5 A What? What does it say, my start date
6 and what is it, termination date?

7 Q 8/17/2008.

8 A I wasn't there that many days.

9 Q So this is inaccurate?

10 A I only worked there a couple days.

11 Q Okay.

12 So are you telling me is that this
13 document is inaccurate?

14 A I'm trying to remember if they had us
15 in a class before we actually worked.

16 I think we had a class before we
17 actually worked. It was like a small course or
18 something like that. It wasn't actually working.

19 Technically they consider it working
20 'cause you're hired but you got to take a course
21 or something like that.

22 Q Okay.

23 A From what I can remember.

24 Q Okay.

25 A And then you go out and they just put

Page 237

1 you out there to work. So like two days after
2 that. So it could be right.

3 Q Okay.

4 And when you left did you tell them you
5 left because you hurt your back or did you tell
6 them you left --

7 A Absolutely.

8 Q You did.

9 Do you know why for reason for
10 termination it reads, "Dissatisfied with type of
11 work"?

12 A Who was dissatisfied, me or them?

13 Q You.

14 A I was dissatisfied with the work?

15 Well, I left there in tears so I don't
16 know how they would do that, how they would come up
17 with that.

18 I reported it to a guy named Mike. I
19 don't remember his last name. But he was my
20 immediate manager and when I couldn't straighten up
21 and he seen tears from my eyes, he goes, "Go
22 home" so I went home.

23 Q Did they fire you or did you quit?

24 A No, I quit. I had to. I couldn't

25 walk.

Page 238

1 MR. MORYAN: Okay. That's all I have.

2
3 REDIRECT EXAMINATION BY MR. GORMLEY:

4
5 Q Mr. Gatto, did you review anything in
6 preparation for your deposition here today?

7 A Did I review anything?

8 Q Yes. Documents, medical records.

9 A Before?

10 Q Before you came here today. Not
11 anything we showed you. Anything you may have
12 reviewed.

13 A Yeah, I read over some of my documents.

14 Q Okay.

15 What documents did you review?

16 A What did I look over? My reports that
17 I wrote.

18 Q Is that the Ramp Irregularity Report
19 that I showed you earlier today that's been marked
20 as defendant's exhibit E?

21 A Yes, I read that.

22 Q Okay.

23 Did you review anything else?

24 A No.

25 Q Did you review Mr. Thomas's statement

Page 240

1 right over it.

2 Q You indicated earlier that Rob in your
3 Ops department was going to speak with United about
4 their aircraft powering in. Do you remember that
5 testimony?

6 A Yes.

7 Q Was that Rob Howe?

8 A No.

9 MR. GORMLEY: That's all I have.

10
11 RECROSS-EXAMINATION BY MR. MORYAN:

12
13 Q I have one last.

14 I am correct that your wife does not
15 have a claim in this case. Correct?

16 A No, she doesn't.

17 MR. MORYAN: Okay. That's all I have.

18 MR. MASCOLO: No questions.

1 which has been marked as defendant's exhibit F?

2 A No.

3 Q Okay.

4 And other than this one-page document
5 did you review anything else?

6 A No, I don't recall reading anything
7 else.

8 Q Did you bring any records with you to
9 your deposition here today?

10 A No, not for this.

11 Q Okay.

12 The packet that you have with you, that
13 has nothing to do with this lawsuit?

14 A Absolutely nothing.

15 Q Thank you.

16 Did you ever go look to see if you
17 could get a job with any other airlines?

18 A No, I never searched.

19 Q Did you take any medication today that
20 would in any way inhibit your ability to testify?

21 A No.

22 MR. MORYAN: If he had said yes, we
23 just spent eight hours doing nothing.

24 MR. GORMLEY: In fairness, I usually
25 ask that in the beginning and I just skipped

4 I, ANGELA SPERDUTO, a Certified Court Reporter
5 and Notary Public of the State of New Jersey, do
6 hereby certify that the foregoing deposition of
7 FRANK GATTO was taken before me on January 24, 2011
8 and was recorded stenographically by me and the
9 foregoing is a true and accurate transcription of

CIVIL ACTION NO. 10-1090 (PGS)(ES)

**UNITED AIRLINES, INC.'S THIRD
REQUEST FOR PRODUCTION OF
DOCUMENTS TO PLAINTIFF**

TO: J. Silvio Mascolo, Esq.
Rebenack, Aronow & Mascolo
111 Livingston Avenue
New Brunswick, New Jersey 08901

Pursuant to Rule 34 of the Federal Rules of Civil Procedure, defendant, United Air Lines, Inc., demands the production of the following documents within thirty (30) days of the date hereof. These requests are continuing and the responses thereto must be supplemented to the extent required by Fed. R. Civ. P. 26(e).

DEFINITIONS

1. The term "you" and "your" refers to the party upon whom this request is being served and any employees, agents, attorneys, experts, investigators, assignees and/or successors.

2. "Document" shall mean and include all documents and things as contemplated by the Federal Rules of Civil Procedure, including but not limited to all written, typed, printed, recorded or graphic statements, communications or other matter, however produced or reproduced, regardless of origin or location, in the possession, custody, or control of you or your agents or

representatives, including, without limitation, all writings; studies; analyses; tabulations; evaluations; reports; reviews; agreements; draft agreements; contracts; communications; letters or other correspondence; messages; telegrams; telexes; telecopies; telefacsimiles; cables; memoranda; records; notes; reports; summaries; diaries; plans; specifications; meeting minutes; sound recordings or transcripts of personal or telephone conversations; records of meeting; records of conferences or interviews; telephone toll records; desk, calendars; appointment books; forecasts; accountants' work papers; drawings; graphs; charts; maps; diagrams; sketches; blueprints; estimates; bid preparation materials; tables; indexes; photographs; films; phonograph records; tapes; microfilm; microfiche; charges; ledgers; accounts; cost sheets; financial statements or reports; statistical or analytical records; minutes or records of boards of directors committee or other meetings or conferences; reports or summaries of investigation of claims or disputes; opinions or reports of consultants or experts; appraisals; reports or summaries of negotiation; books; schedules; brochures; pamphlets; circulars; stenographic, handwritten or any other notes; notebooks; projections; court or arbitration papers or pleadings; briefs; interrogatories; requests for admissions; affidavits; certifications; working papers; checks (front and back); check stubs or receipts; invoice vouchers; tape data sheets or data processing cards or discs or any other written, recorded, transcribed, punched, taped, filed or graphic matter, however produced or reproduced; and any other document, writing, or other data, compilation of whatever description, including but not limited to any information contained in any computer, although not yet printed out or in the memory units containing such data from which information can be obtained or translated into reasonable usable form, and all drafts. "Documents" refers to the original or identical copy, when the original is unavailable, and any non-identical copies (where it differs from the original in any respect because of alterations, notes, comments, attachments or otherwise) in your possession, custody, care or control. "Documents" refers to the

original or identical copy, when the original is unavailable, and any non-identical copies (where it differs from the original in any respect because of alterations, notes, comments, attachments or otherwise) in your possession, custody, care or control.

3. "Persons" means the plural as well as the singular and includes any natural person or any firm, corporation, association, joint venture, partnership or other entity.

4. "Identify" means

(a) referring to a natural person or persons, state the full name, age, address or the last-known residence and principal place of business of each such person, and a description of their business affiliation and position during the period to which the document request refers.

(b) when used in reference to a business organization or entity, state the full name of such organization or entity, the address of the principal place of business and a description of the nature of its business during the period to which the document request refers.

(c) with reference to a document, state:

(i) the type of document, the date and general subject matter;

(ii) the name, address and position of the person in charge of preparing each such document and the person who signed each such document;

(iii) the date or dates of preparation thereof;

(iv) the full name and position of each person to whom such item of written matter was distributed; and

(v) the full name and last known address of each person who presently has custody, control or possession thereof.

(d) When used with reference to an oral communication, state the date upon which and the place where such oral communication occurred, identify each person who

participated therein or was present when it was made, the stated substance and the identity of each document which in all or in part refers or relates to said oral communication.

(e) When used with reference to an act or action, state the date upon which the act took place, the names and addresses of the person or persons who performed the act and the names and addresses of any witnesses and the reasons for which the act was done.

5. "And" as well as "or" shall be construed either disjunctively or conjunctively as necessary to bring within the scope of the document request all responses that might otherwise be construed to be outside the scope.

6. "Each" shall be construed to include the word "every" and "every" shall be construed to include the word "each". "Any" shall be construed to include the word "all" and "all" shall be construed to include the word "any".

7. The use of a verb in any tense shall be construed as the use of the verb in all other tenses, wherever necessary to bring within the scope of the document request all responses that might otherwise be construed to be outside its scope.

8. A plural noun shall be construed as a singular noun and a singular noun shall be construed as a plural noun, whenever necessary to bring within the scope of the document request all responses that might otherwise be construed to be outside its scope.

9. The term "you" or "your" as used herein shall refer to plaintiff, Frank Gatto, and his representatives and former representatives.

10. The term "Allied Aviation" as used herein shall mean Allied Aviation Services, Inc. and its employees, former employees, agents, former agents, partners, former partners, shareholders, former shareholders, assignees, owners, successors of the owner, officers, former officers, directors, former directors, representatives and former representatives.

11. The term "Complaint" as used herein shall refer to the complaint captioned Frank Gatto v. Allied Aviation Services, Inc., et al., Civil Action No. 10-1090, District Court for the District of New Jersey.

INSTRUCTIONS

1. You are requested to answer each Document Request propounded herein with an indication of the particular paragraph(s) hereof to which the answer is responsive.

2. Annex to your answers hereto copies of all documents to be identified by these Document Requests referred to or relied upon in your answers.

3. When a Document Request asks for the identity of any document, you may, in lieu of identifying the document, produce the document for inspection and copying with an identification of the Document Request to which it responds.

4. With respect to any responsive document that was formerly in your possession, custody or control, and has been lost or destroyed, state:

- (a) the type of document;
- (b) the subject matter and contents of the document;
- (c) the author of the document;
- (d) each person to whom the original or a copy of the document was sent;
- (e) the date on which the document was prepared or transmitted;
- (f) the date on which the document was lost or destroyed, and, if destroyed, the condition of and reasons for such destruction and the persons requesting and performing the destruction.

5. This request shall be deemed continuing so as to require prompt, further and supplemental production (without further request by the propounder of these document requests) if

you locate or obtain possession, custody or control of additional responsive documents at any time prior to trial herein.

6. If any Document Request is deemed to call for the production of privileged or attorney work product materials and such privilege or attorney work product is asserted, identify in writing each document so withheld and provide the following information:

- (a) The reason for withholding the document;
- (b) A statement of the basis for the claim of privilege, work product or other ground of non-disclosure;
- (c) A brief description of the document, including,
 - (i) the date of the document;
 - (ii) the number of pages, attachments and appendices;
 - (iii) the names of its author(s), or preparer(s) and an identification by employment and title of each such person;
 - (iv) the name of each person who was sent, shown or received blind or carbon copies of the document, or has had access to or custody of the document, together with an identification of each such person; and
 - (v) the present custodian.

7. The person answering these Document Requests shall designate which information is not within his or her personal knowledge and, as to that information, shall state the name and address of every person from whom it was received or, if the source of information is documentary, shall state a full description of each document, including the location thereof, and annex copies thereto and, with regard to each and every document attached hereto, shall state which Document Request it is being attached in response to.

8. If a privilege not to answer is claimed by you, identify each matter to which the privilege is claimed and the nature of the privilege and the legal and factual basis for each such claim. If objection is raised in any Document Request contained herein, identify in exact detail the nature of the objection and the legal and/or factual basis for each such objection.

9. This request shall be deemed continuing so as to require, prompt, further and supplemental production (without further request by the propounder of this document request) if you locate or obtain possession, custody, or control of additional responsive documents at any time prior to trial herein.

DOCUMENTS AND THINGS REQUESTED

1. Any and all documents including, but not limited to, all records of sales, from 2008 through the present related to any e-bay business operated by plaintiff, including, but not limited to any business known as Jerseys Best Bargains, and/or any online business operated by plaintiff.

2. Any and all documents or records of wall posts, comments, status updates, or personal information posted or made by plaintiff on Facebook and/or any social media website regarding the January 21, 2008 accident that is the subject of the instant action.

3. Any and all documents or records of wall posts, comments, status updates, or personal information posted or made by plaintiff on Facebook and/or any social media website regarding any e-bay business operated by plaintiff from 2008 through the present.

4. Any and all documents or records of wall posts, comments, status updates, or personal information posted or made by plaintiff on Facebook and/or any social media website from 2008 through the present.

This demand shall be considered continuing in force and effect pursuant to the Federal Rules of Civil Procedure.

Re: Gatto v. United Air Lines, Inc., et als.
Civil Action No. 10-1090(PGS)(ES)

Dear Mr. Mascolo:

As you are aware, United served a Second Request for Production of Documents upon plaintiff on May 10, 2011. By letter dated July 18, 2011, you were advised that plaintiff's responses to same were overdue. Additionally, United served a Third Request for Production of Documents upon plaintiff on July 21, 2011. By email dated July 26, 2011, we advised that both sets of document requests were outstanding. To date, we have not received your client's responses to these requests. Please consider this our good faith attempt to resolve this matter. Should you fail to provide responses to the referenced document requests within ten (10) days, we will be forced to seek court intervention.

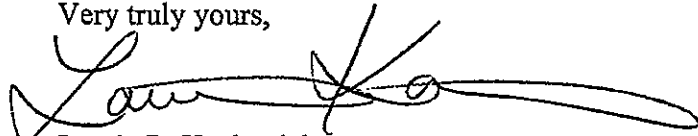

Enclosed are authorizations for the release of documents and information from Facebook, MySpace, and eBay and PayPal. Kindly have plaintiff complete and execute the enclosed authorizations and return same to our office as soon as possible.

I understand that Connell Foley LLP is counsel for United Air Lines, Inc. in the above captioned litigation and that Connell Foley LLP is requesting that I grant my consent to authorize Connell Foley LLP to access, request, receive, review, examine, inspect, photograph and copy the following information from the above identified eBay and/or PayPal account:

All profile information and content, transaction history, account listings, bid history, member information, and all other communications or electronically stored information, including deleted files, temporary files, system history files, cached files, metadata or any Internet or web browser-generated information stored in textual, graphical or audio format or stored via cloud which pertain or constitute part of the above referenced eBay and/or PayPal account.

I represent that I am the originator or an addressee or intended recipient of the communications referenced herein, or the subscriber in the case of remote computing service, and I am providing this consent and authorization pursuant to the Stored Communications Act, 18 U.S.C. § 2702(b)(3). This consent and authorization does not authorize any representative, employee, or agent of eBay and/or PayPal to communicate orally or in writing with any person about the content of my eBay and/or PayPal account. This litigation does not prohibit administrative

communications for the purposes of copying or mailing records covered by this consent and authorization.

The following information should be used to verify my identity:

Account holder/User's Full Name: _____

Address: _____

Phone Number: _____

Email address for account: _____

Password for account: _____

Date of Birth for account: _____

I have not been promised anything in exchange for providing this consent and authorization. These records are to be furnished to the undersigned account holder or to the attorney I have designated below for the limited purpose of discovery in the above-captioned litigation, and for no other purpose.

Please send all records to:

Our File No.: 08-0324 JSM
Docket No.: 10-01090 (PGS)(ES)
Date of Loss: 01/20/2008

Dear Counsel:

Enclosed please find the Plaintiff's Response to the Second and Third Notice to Produce propounded by Defendant, United Air Lines, Inc.

Also enclosed are authorizations pertaining to E.Bay, PayPal and My Space. The Plaintiff opposes providing an authorization to Facebook. This discovery request is irrelevant and not reasonably calculated to lead to the discovery of any admissible evidence.

A review of my file indicates that the Plaintiff has now provided responses to all discovery requests and authorizations for the release of records, with the exception of a completed CMS form which I expect to have shortly. Please advise if there are any outstanding discovery requests.

Should you have any questions, please do not hesitate to contact my office.

Re: Gatto v. United Air Lines, Inc., et als.
 Civil Action No. 10-1090(PGS)(ES)

Dear Mr. Mascolo:

As you are aware, United provided authorizations to plaintiff for the release of documents and information from Facebook, MySpace, and eBay and PayPal by letter dated October 13, 2011. We are in receipt of your letter dated November 17, 2011, enclosing executed authorizations for the release of information from MySpace, and eBay and PayPal. The authorizations are incomplete and do not provide certain necessary information regarding plaintiff and his accounts.

With respect to the authorization directed to MySpace, we request plaintiff provide the password for the account, date of birth for the account, and zip code for the account. Additionally, for the eBay and PayPal authorizations, we request plaintiff provide the address, phone number, email address for the account, password for the account, and date of birth for the account.

The eBay and PayPal authorization completed by plaintiff provides that the User ID for the accounts are "Frankg06." Plaintiff's responses to United's Third Notice to Produce indicates plaintiff operated an e-bay business known as Jersey Best Bargains. Please advise if the User ID Frankg06 identified on the authorization is the same for the Jersey Best Bargains business operated by plaintiff or if that is an additional account held by plaintiff.

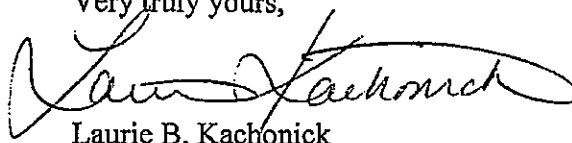

November 28, 2011

Page 2

Furthermore, plaintiff has failed to provide an authorization for the release of documents and information from Facebook. However, plaintiff has not given any reason for doing so. We request plaintiff provide the requested authorization in advance of the December 1, 2011 settlement conference with the Court. It is unlikely this case will settle without the requested authorizations. This information is highly relevant to this matter and should plaintiff continue to refuse to provide an executed authorization, we shall be forced to address this issue with the Court at the upcoming conference.

Thank you for your courtesies in this regard.

Very truly yours,

Laurie,

My client informed me that he will be obtaining the information either today or this weekend. He does not have access to a secure computer.

Secondly, the authorizations provided were for Defense counsel to obtain records directly from Facebook and EBay/PayPal in California. I am informed that his Facebook account was logged onto from an IP address from New Jersey, that is not, his two days ago. The records are being requested directly from California correct?

Attached is the authorization form plaintiff executed for release of information from MySpace. Plaintiff failed to include the URL for his profile and the password for his account.

Myspace requires the exact Friend ID number or URL that corresponds to the profile for which information is being sought to be included. To locate the Friend ID number or the URL for a particular profile using a URL, plaintiff can go to his account on Myspace. The URL containing the Friend ID will be found in the web address bar at the top of the screen. For example, in the URL <http://profile.myspace.com/index.cfm?fuseaction=user.viewprofile&friendid=6221>, the Friend ID is 6221.

Additionally, the password for the account must be provided. If plaintiff objects to providing his current password, please have him change it to "alliedunited" as was done with his Facebook account. Please provide the requested information by the end of this week. Thank you.

Re: Your subpoena to Facebook, Inc. our ref. RT 53879

Attorney Laurie B. Kachonick,

We are responding to the subpoena you directed to Facebook, Inc. issued on behalf of a private, non-governmental party.

First, Facebook is unable to provide the contents of a Facebook user's account in response to subpoenas issued on behalf of private individuals. Federal law specifically prohibits service providers such as Facebook from disclosing the contents of a user's account (for example, messages, Wall posts, photos, etc.) in response to legal process issued on behalf of private parties. You may, however, seek the content directly from the user, who owns and has custody and control of the content in his or her account and to whom the federal law prohibition does not apply. Active Facebook users can log in to their accounts at any time and preserve, collect, produce and authenticate the contents of their accounts. Facebook also provides to all users a "Download Your Information" tool accessible through the "Account Settings" drop down menu. This tool allows users to download the contents of their accounts.

Second, the most Facebook can provide in response to subpoenas issued on behalf of private parties is non-content information. To compel Facebook to provide this information, however, you must first properly identify the account at issue by providing the email address, Facebook user identification number or vanity URL associated with the account and ensure that your subpoena or other legal process is not objectionable for any other reason.

Third, please consider this letter Facebook's formal objection to your subpoena and include a copy with any pleadings you may file or any meet and confer correspondence you may send.

I. Federal Law Prohibits Facebook From Disclosing the Content of a User's Account Pursuant to a Civil or Non-governmental Subpoena.

The federal Stored Communications Act ("SCA") prohibits service providers from disclosing the contents of electronic communications held in electronic storage or carried or maintained on a remote computing service to any person. See 18 U.S.C. § 2702(a)(1), (2). There are eight limited exceptions to this prohibition; none of which enable subpoenas issued on behalf of

private parties to override the statute's flat prohibition. *See* 18 U.S.C. § 2702(b)(1)-(8). Courts have uniformly held that the SCA prohibits service providers from disclosing user content pursuant to subpoenas issued on behalf of private parties.¹

As noted above, any and all production demands for content should be directed to the applicable Facebook user.² The SCA's prohibition on the disclosure of content extends only to service providers, not to users. Facebook is a stranger to your dispute and takes no position on whether content is ultimately discoverable or admissible in your case. The SCA, however, makes clear that user content may not be obtained from Facebook.

II. Subpoenas Reaching Outside the Issuing Court's Subpoena Power

Facebook and the custodians who have control over Facebook's data are located in Palo Alto, California, which is also where Facebook resides. Therefore, federal civil subpoenas must issue from the Northern District of California and state court subpoenas must issue from a California state court or be properly domesticated under California law. Subpoenas issued on behalf of private parties and seeking user content are invalid no matter the jurisdiction.

III. Improperly Served Process

Facebook requires personal service of subpoenas issued on behalf of private parties.

IV. Overly Broad, Unduly Burdensome and Vague Requests

Facebook objects to requests for non-content that are overly broad, unduly burdensome and/or vague due to volume, lack of specificity, or for other reasons.

¹ *See Theofel v. Alwyn Farey-Jones*, 359 F.3d 1066, 1073 (9th Cir. 2004) (a subpoena seeking email cannot compel production of electronic communications under the SCA); *Chasten v. Franklin*, No. C10-8025, 2010 U.S. Dist. Lexis 113284, at *5 (N.D. Cal. Oct. 14, 2010) (holding that a service provider's "compliance with the [civil] subpoena would be an invasion . . . of the specific interests that the [SCA] seeks to protect") (citation omitted); *Crispin v. Christian Audigier, Inc.*, 717 F. Supp. 2d 965, 974-75 (C.D. Cal. 2010) (under 18 U.S.C. § 2703(b) only governmental entities can compel production of the content of electronic communications from service providers); *In re Subpoena Duces Tecum to AOL, LLC*, 550 F. Supp. 2d 606, 611 (E.D. Va. 2008) ("the [SCA] does not include an exception for the disclosure of electronic communications pursuant to civil discovery subpoenas."); *Flagg v. City of Detroit*, 252 F.R.D. 346, 366 (E.D. Mich. 2008) (declining to address whether a third-party service provider must respond to a civil subpoena for content but noting that "it seems apparent" that it would be unlawful for the service provider to do so); *Viacom Int'l Inc. v. YouTube Inc.*, 253 F.R.D. 256 (S.D.N.Y. 2008) (SCA "contains no exception for disclosure of [the content of] communications pursuant to civil discovery requests"); *F.T.C. v. Netscape Comm. Corp.*, 196 F.R.D. 559 (N.D. Cal. 2000) (SCA prohibits the disclosure of stored electronic communications in response to a subpoena); *O'Grady v. Superior Court*, 139 Cal. App. 4th 1423 (Cal. App. 2006) (a service provider's compliance with a court order to produce electronic communications would be an "unlawful act"); *see also United State v. Warshak, et al.*, Nos. 08-3997/4085/4087/4212/4429; 09-3176 at 23 (6th Cir. Dec. 14, 2010) (governmental entities can compel the production of the content of electronic communications from an electronic communications service provider using only a search warrant supported by a finding of probable cause).

² *Flagg*, 252 F.R.D. at 348, 366-367; *O'Grady* 139 Cal. App. 4, at 1446.

V. Requests Seeking Privileged Communications or Other Protected Information

Facebook objects to your subpoena to the extent it seeks protected or privileged information, including information protected by the attorney-client privilege or Facebook's confidential, proprietary, or trade secret information.

VI. Improper Requests for Testimony and/or Declarations

Facebook is unable to provide custodian or expert witnesses for trial or deposition and an appearance is unnecessary. Pursuant to the California Rules of Evidence and the Federal Rules of Evidence, any business records produced are self-authenticating³ and/or the user who created and maintained the content is the proper person to authenticate that information.

VII. Tender of Fees and Processing Time for Non-Content

If you continue to seek non-content information, Facebook requests payment of \$500.00 per UID to help offset the costs incurred by Facebook in processing and responding to a subpoena issued by a private party. Facebook requires a minimum of 30 days to process non-content subpoenas. Delivery of any non-content documents may be delayed beyond 30 days without payment in full. Please remit payment by check payable to Facebook, Inc. to the attention of Facebook Security at 1601 S. California Avenue, Palo Alto, California, 9304. Please note the case name and the Facebook RT# above on your check.

If Facebook provides any materials in response to this subpoena, it does so without waiving any of its available objections or positions on the validity of your process, whether noted above or not. Also, neither this response nor any production constitutes consent by Facebook to the jurisdiction in any court or to the production of any additional materials or information. Facebook reserves its rights to seek its fees and costs associated with resisting your subpoena.

We trust this letter resolves your concerns. If not, please respond to it and include the "RT" number on your correspondence. If after fulfilling your meet and confer obligations, you seek the aid of a court in enforcing your subpoena over these objections, please include a copy of this letter or with any pleadings you may file. In addition, please include a copy of this letter with any correspondence you may have with the account holder whose content you are seeking.

Sincerely,

/S/ Parvez Jamshed
Facebook, Inc.

Parvez Jamshed

Dear Attorney Laurie B. Kachonick,

Federal law prohibits service providers such as Facebook from disclosing the contents of communications (e.g. messages, Wall posts, photos, etc.) in response to requests from and/or process issued on behalf of private parties. This includes defendants in criminal cases and parties to civil litigation. Specifically, the Stored Communications Act, 18 U.S.C. §§ 2701 et seq., prohibits Facebook from disclosing the contents of an account to any non-governmental entity.

Requests for contents should be sent directly to the Facebook user at issue who may satisfy any discovery obligations relating to their Facebook account by preserving, producing and authenticating that data. The user may log into their account and collect the contents thereof. Facebook also provides a "Download Your Information" tool, which is accessible to the user through the "Account Settings" drop down menu.

If a user cannot access content because he or she disabled or deleted his or her account, Facebook will, to the extent possible, provide reasonably available data to the user.

For additional information please see <http://www.facebook.com/help/?page=1057> and <http://www.facebook.com/help/?page=849>

Thanks, Parvez Jamshed

An interesting issue has been brought to my attention by my client when I attempted to access his Facebook account last week.

As you know, Mr. Gatto provided both his username and password and authorization to access his Facebook account at the Settlement Conference on December 1, 2011. All Counsel represented that there would be no access to this account and this information was to be used solely for the authorization for records sent to the Facebook corporate office.

On December 6, 2011 at 8:45 a.m. Mr. Gatto learned that his Facebook account had been accessed by a specific IP address in NJ. On December 7, 2011 at 11:59 a.m., Mr. Gatto was again informed that the Facebook account had been accessed by the same IP address.

Having supplied the requested information for this lawsuit and concerned of the unauthorized accesses to his account, Mr. Gatto deactivated the Facebook account on December 16, 2011.

I learned of this last week when I attempted to obtain the information we spoke about with Judge Waldor on January 6, 2011.

Mr. Gatto has all of the documentation regarding the 12/6/11 and 12/7/11 accesses to his account.

I have instructed Mr. Gatto to contact Facebook and reactivate the account, and he is awaiting a response. However, I am told that once an account is deleted/deactivated, it can not be reactivated.

If it cannot be reactivated and you still seek this information, we should bring the entire issue before Judge Waldor.

I think you are correct as to the conversations that were had at the end of the conference. However, the subsequent December 1, 2011 Letter Order indicates that the plaintiff was to initiate the call. See attached.

Needless to state, I do not have a preference as to who initiates. I just need the call in information. Kindly advise.

Jay,

As indicated in my email to you on December 15, Mr. Gatto's Facebook account was accessed to confirm the password was changed as he agreed to do at the December 1, 2011 Court Conference. Certainly, Mr. Gatto was aware that the parties were requesting information from Facebook in discovery. Thus, he should not have deactivated his account or altered or deleted it in anyway. Please provide any documentation Mr. Gatto has regarding the deactivation of his account.

As indicated on the Facebook website, if a Facebook account is deactivated, Facebook saves all information in the event the user wants to reactivate an account at some point in the future. If a user reactivates an account, everything will look the same as it did before the account was deactivated. If a user deactivates an account, it can be reactivated at any time simply by logging in with the user's login email address and password. Thus, plaintiff should be able to simply login with his email address and password that he recently provided to the parties.

We expect that plaintiff will reactivate his account immediately and that the documents and information we requested during our January 6, 2012 conference with Judge Waldor will be produced as soon as possible. Additionally, it was also agreed that plaintiff would provide a certification indicating that his Facebook profile and/or any content or information on his Facebook page or account was not deleted, modified, or altered in anyway since the December 1 Court Conference. Please also provide same as soon as possible.

Unless this issue is resolved immediately, we will be forced to bring this to the Court's attention. We view any deletion or destruction of any contents of plaintiff's Facebook page or account to constitute spoliation of evidence and will seek all appropriate relief from the Court.

Regards,
 Laurie

What is the status of this issue? According to the Facebook website, an account can be reactivated at any time. Please advise before the end of this week as to the status of your efforts to have the account reactivated. If it cannot be done, we will have to bring this issue to the Court's attention as soon as possible.

Laurie,
 I am personally working to reinstate the account, however, it is not as easy as you suggest because the time period to do this has expired. I will let you know about the progress, as I have a message directly to Facebook. With respect to bringing this to the Courts attention and a claim for spoliation, I would be happy to do that. Frankly I was hoping to avoid it, so as to not bring to the Courts attention that Counsel accessed my clients account. There were representations made to us at the conference in the presence of the judge, that no one would access this besides facebook. And it occurred on two occasions. My client was under no order to preserve the account. The deactivation occurred before our telephone conference. Hopefully, I can reinstate this thing, but if not, I do suggest we contact the court.

Laurie,

Based on my information that is not accurate. The account cannot be reactivated once it is deleted.

As I explained, after the authorization was supplied by my client in Court and after the 2 subsequent breaches into his account, he deactivated the account. Apparently, you only have 14 days to reactivate it. This all occurred before our telephone conference with the Court on 1/6/12.

Since then, pursuant to my instructions, Mr. Gatto has attempted on several occasions to reactivate his account- via emails to Facebook and phone messages. This will all be documented in an Affidavit. He continues in these attempts presently but has not received any response from Facebook on the issue. We do not oppose a reinstatement of the account, however, we are unable to do it.

I have no problem bringing this to the Court's attention ASAP. I am on vacation next Monday through Wednesday.

Please advise.
